Lyon's Periodical Drops! The Great Female Remedy for Irregularities. These drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Ointments. Being liquid, their action is direct and specific, rendering them a reliable, speedy and certain remedy for the cure of all obstructions and suppressions of nature. They have been indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, and every one of whom speaks in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are so selected by all who know anything of them, as the safest, most infallible preparation for the relief of the female of every age, and for the removal of all obstructions of nature, and the promotion of health, regularity and strength. They are also the best remedy which may be used, and explaining when and why they should not, nor could not be used without producing effects contrary to nature's elements. Write for a full and carefully folded circular, with a written signature of JOHN L. LYON, without which none are genuine. JOHN L. LYON, 195 Chapel Street, New Haven, Conn., who can be consulted either personally or by mail, enclosing stamps, concerning all private diseases and family matters. Sold by Druggists everywhere. Price \$1.50 per Bot. C. G. CLARK & CO., General Agents for United States and Canada.

RALLY THE SYSTEM! After a disease has been conquered, there is still the weakness that it leaves behind it to be removed. Convalescence is a tedious affair. If the enfeebled and flaccid muscles, the shattered nerves, the thin and watery blood could speak, they would cry for help. In too many cases such help is given them in the form of stimulants. The fiercest stimulants of commerce are kava, the fiery stimulants of the East, which is a mockery. They excite a temporary flush, which is a mockery. They excite a temporary flush, which is a mockery. They excite a temporary flush, which is a mockery.

THE DECISIVE BATTLE HAS BEEN FOUGHT AND WON in every State, and City, and Town in the Union, by CRISTADORO'S HAIR DYE over all would-be-imitators, and the palm of victory is awarded to it for depth and richness of tint, durability, rapidity of action, softening and lubricating properties, and entire freedom from every deleterious or irritating ingredient. BRANDRETH'S PILLS. COSTIVENESS, DIARRHEA.—They are taken up by the absorbents, and carried into the circulation, through which medium they are conveyed to every part of the body. If the pain affects the joints, a single dose produces remarkable relief. And the same rule applies to colic, headache, and the same remedy, though with the last named they may be required night and morning for some days before decided relief is obtained. In affections of the lungs, throat, head and pleurisy, the relief is certain; the excretory organs throw off with ease the phlegm, and the breathing becomes freer. Spasmodic asthma is often cured by a single dose.

THE POTTER COUNTY JOURNAL

Condensport, Tuesday Evening, Mar. 13, 1866. Local and General.

The First Shot Since the Veto! Gov. Smith is re-elected in New Hampshire by about 5000 majority!

"C. L. H." will appear in a few weeks. Capt. Jones has monopolized the Arithmetical part of our establishment.

"Somebody" will find an interesting story headed "Treasurer's Sales," and somebody will "see the point" of the joke about June next.

The first part of last week it rained—the last part it snowed. The first part was warm—the last part cold. "From grave to gay, from lively to severe."

Those who desire a nice, smooth, clean shave; hair cut in the latest or any other style; or any of the "trimmings," which make up the "dear man," can be accommodated by calling on "Joseph" in the basement of the Condensport Hotel.

See important changes in the Time-Table of the Philadelphia & Erie Railroad. The President yesterday gave authority to a citizen of New Orleans, in Washington, to telegraph home that orders had gone to Gov. Wells of Louisiana, not to permit the newly elected Mayor and ex-Rebel Monroe to be installed into office. Good.—March 16.

It is a fact little known to a general readers that mental occupation is a preventive of insanity. From the report of the Physicians of the State Lunatic Asylum of Pennsylvania for the year 1865, the occupations of the unfortunate are classified as follows:—Farmers, 373; laborers, 316; innkeepers, 316; blacksmiths, 18; miners, 21; shoemakers, 23; carpenters, 28; merchants, 33; clerks, 33; lawyers, 13; clergymen, 6; students, 11; authors, 1; Printers, none.

"No Maecy."—The New York Weekly Magazine has just commenced a new novelette with the above title. It is from the pen of the author of the "Sword and Gown." This Magazine is issued weekly for ten cents, and contains as much reading in each number, as many of the Monthlies. Can be had at the Post office Bookstore, every week.

KENTUCKY. The "Democrats" of Kentucky have called a State Convention to reorganize their party, to meet at Louisville, May 1st. The Louisville Journal objects that those who call it are ex-Rebels. But The Journal co-operated with that breed in supporting McClellan and Pendleton in '64 and in successful opposition to "the Radicals" in '65. The Journal's "Conservative" party has enfranchised the Rebels, and they are destined to rule the State—till they drive her over to the "Radicals." The Journal and its clique of half-and-half are now stigmatized by the Democrats as "fossil remains of extinct parties that have heretofore opposed the Democracy." Hit 'em again.—Tribune.

At the late town elections in Allegheny county, New York, the Republicans elected 25 Supervisors, and the Democrats 4 Supervisors—a Republican gain of ten.

Governor Curtin has vetoed the Bill giving the Philadelphia and Erie Railroad exclusive control of the northern part of our State, and the bill is now likely to pass with the objectionable features stricken out.

The Biographical notice of the Union candidate for Governor is from the Pittsburg Gazette, one of the best conducted papers in the State.

On Tuesday, March 13, the United States Senate confirmed the nomination of John E. Hartranft, Pennsylvania's present Auditor General, to be Major General by Brevet.

Be Careful. Do not expose yourselves to the chilly March winds and the shaking weather which always heralds their approach. Keep your children warmly clad and close from exposure. NEW SKIRT FOR 1866. The Great Invention of the Age in HOOP-SKIRTS!! W. BRADLEY'S New Patent DUPLEX J. ELLIPTIC (or double) SPRING SKIRT. THIS Invention consists of Duplex (or two) Elliptic Pure Elastic Steel Springs, which are curved, slightly and firmly together, edge to edge, making the rooster, most flexible, elastic and durable spring ever used. They seldom break or stretch, and consequently preserve their perfect and beautiful shape more than twice as long as any single Spring Skirt that ever has or can be made.

THE wonderful flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded assemblies, Oceans, Carriages, Railroad Cars, Church pews, Arm Chair, for Promenade and House Dress, as the Skirt can be folded, when it is desired to occupy small space as easily and conveniently as a Silk or Muslin Dress. A lady having enjoyed the pleasure and comfort of wearing the Duplex Elliptic Spring Skirt for a single day will never afterwards willingly dispense with their use. For Children, Misses and young ladies they are superior to all others.

THE HOOPS are covered with 2 1/2 double twist elastic thread and all the openings are covered with a fine covering which is used on all Single Hoop Skirts. The three bottom rods on every Skirt are also Double Steel, and twice or double covered to prevent the coming from wearing off the rods which are provided down stairs, along steps, etc., which they are constantly subjected to when in use.

All are made of the new and elegant Corded Tapes and are the best quality of every part, giving to the wearer the most graceful and perfect Shape possible, and are unquestionably the highest, most desirable, comfortable and economical Skirt ever made.

CAUTION FROM THE AMERICAN WATCH COMPANY. It having come to our knowledge that imitations of the American Watch have been put upon the market in great number, calculated by their utter want of skill to injure the reputation of our genuine products, to protect our own interests and the public from imposition, we again publish the trade marks by which our Watches may invariably be known.

We manufacture four styles of Watches. The First has the name "AMERICAN WATCH CO., Waltham, Mass.," engraved on the inside plate. The Second has the name "APPLETON, TRACY & CO., Waltham, Mass.," engraved on the inside plate. The Third has the name "P. S. BARTLETT, Waltham, Mass.," engraved on the inside plate.

All the above styles have the name American Watch Co. painted on the dial, and are warranted in every respect. The Fourth has the name "WM. ELLERY, Boston, Mass.," engraved on the inside plate, and is not named on the dial.

All the above described watches are made of various sizes, and are sold in gold or silver cases, as may be required. It is hardly possible for us to accurately describe the numerous imitations to which we have alluded. They are usually inscribed with names so nearly approaching our own as to escape the observation of the unaccustomed buyer. Some are represented as made by the "Union Watch Co., of Boston, Mass.,"—no such company existing. Some are named the "Soldier's Watch," to be sold as our Fourth or Wm. Ellery style, usually known as the "Appleton Watch Co.," others as the "P. S. Bartlett," instead of our "P. S. Bartlett," besides many varieties named in such a manner as to convey the idea that they are the veritable productions of the American Watch Company.

We also caution the public, and particularly soldiers, against buying certain articles called watches, so freely advertised in illustrated papers as "Army Watches," "Officer's Watches," "Magic Time Observers," "Arcana Watches," &c., the prices of which are stated to be from seven to sixteen dollars. A good watch, in these times, cannot be afforded for any such money.

A little attention on the part of buyers will protect them from gross imposition. ROBBINS & APPLETON Agents for the American Watch Co., 182 Broadway, New York. Latas from Sherman! ROSIN & TAB, from North Carolina, for sale by STEBBINS.
