BITTER WINE OF IRON. An exquisite impregnation of dry Spanish Wine with the activity of the Calisaya Bark, and the most energetic of all the ferruginous salts, Citrate of Magnetic Oxide of Iron. It has a vinous flavor, very grateful to the palate, is without chaly beate taste and will not discollor the teeth.

It excites languid appetite, gives zest to food, improves digestion, increases the strength, steadies the circulation, takes off muscular flabbiness, removes the pallor of debility, gives firmness and precision to the actions of the nervous system, with power to endure fatigue and resist disease.

Magnetic Citrate of Iron is new and peculiar, dif-

dure fatigue and resist disease.

Magnetic Citrate of Iron is now and peculiar, differing from the ordinary Soluble Citrate, in containing an equivalent of Protoxide of Iron, in place of the Ammonia. It is neutral, tasteless, without astringency, as prompt and energetic as the Chloride, and annike that, induces no local inflammatory action or breaders.

Calisya Bark is pre-eminent among vegetable tonics, has no equal as a strengthener or restorative, nor
rival as an anti-periodic,
