selves, and unsurpassed by anything made in GRAIN TOOLS AT THE the world. For this purpose we have the amplest facilities. We have erected an addition to our main buildings expressly for this branch of our business, and have filled it with the

best workmen in onr service. 'New machines and appliances have been constructed, which perform their work with consumate delicacy and exactness. The choicest and most ap-proved materials only are used and we challenge comparison between this grade of our work and the fines: imported chronometers.

We do not pretend to sell our watches for less money than foreign watches, but we do assert without fear of contradiction that for

the same money our product is incomparably superior. All our watches, of whatever grade are fully warranted and his warrantee is good at all times against us or our agents in all
