

# THE QUAKER CITY BUSINESS COLLEGE

North-east Corner Tenth and Chestnut Streets, PHILADELPHIA.

The most complete and thoroughly appointed Business or Commercial College in the country. The only one in the city possessing a Legislative Charter, and the only one in the United States authorized to confer Degrees of merit. Diplomas awarded to graduates in the course under its corporate seal by authority of law.

Conducted by gentlemen of liberal education and extensive experience in business, and affording equal advantages for thorough theoretical and practical education of young men for the various duties and employments of business life.

**THEORY AND PRACTICE COMBINED**  
by a system of

**ACTUAL BUSINESS TRAINING**  
original and pre-eminently practical, giving the student in the shortest time a complete insight into the routine, details, customs and forms of business in general, as conducted in the best-regulated commercial and financial establishments.

**THEORETICAL BOOK-KEEPING**  
Upon a new plan, with an original explanation of the science of accountancy, arranged and published by the proprietor of this Institution exclusively for his own use, as being one-half the ordinary labor of the student, and giving him complete knowledge of the practice of the best accountants.

**THE COMMERCIAL COURSE**  
Book-keeping, Commercial Arithmetic, Penmanship, Business Correspondence, Commercial Law, Lectures on Business Affairs, Commercial Customs, Forms, and Actual Business Practice.

**SPECIAL BRANCHES.**  
Algebra and the Higher Mathematics, Phonography, Ornamental Penmanship, the Art of Teaching, Contract Money, Engineering, Surveying, Navigation and Telegraphing.

**TELEGRAPHING.**  
The arrangements for Telegraphing are far in advance of anything of the kind ever offered to the public. A regular Telegraph Line is connected with the Institution with twenty branch offices in various parts of the city, where public business is transacted, and in which students of this Institution are permitted to practice. No regular office practice can be had in any other school of instruction in the country, without which no one can obtain a position as a practical operator. Young men are cautioned against the deceptive representations of those who, without any such facilities, pretend to teach Telegraphing.

**PATRONAGE.**  
This Institution is now enjoying the largest patronage ever bestowed upon any commercial school in the State. Over five hundred students were in attendance the first year, and over seven hundred during the past year. The best class of students may invariably be found here, and all its associations are first class.

**LOCATION AND ACCOMMODATIONS.**  
The Institution is located in the most central part of the city, and its accommodations for extent, elegance and convenience are unsurpassed. All the rooms have been fitted up in the very best style with Business Offices or Counting Houses, Telegraph Offices, Stationery Store, and a regular

**BANK OF DEPOSIT AND ISSUE**  
supplied with finely-engraved lithographic notes used as a circulating medium in the Department of Actual Business.

**TO YOUNG MEN**  
Who desire the very best facilities for a Practical Education for Business, we guarantee a course of instruction no where else to be equalled, while the reputation and standing of the Institution among business men makes its endorsement the best passport to success and advancement. All contemplating entering any Commercial College, are invited to send for an

containing complete interior views of the College, and full particulars of the course of instruction, terms, &c.

**Campaign of the ARMY OF THE POTOMAC.**  
By WILLIAM SWINBOR.

**THE STANDARD HISTORY OF THE GRAND ARMY.**  
The greatest Work on the subject. Universally endorsed by army officers and the press.

The Author says:  
"I design in this volume to record what that Army did and suffered in ten campaigns and two severe battles."

"I will have to celebrate the unswerving loyalty of this Army, that continues when the bond of military cohesion failed, held it, unshaken of fortune to duty self imposed."

"I will have to follow through a checkered experience, in a tale mingled of great misfortunes, great follies and great glories; but from first to last it will appear that amid many battles of fortune, through winter and rough weather, the Army of the Potomac never gave up, but made a good fight, and finally reached the goal."

"The Army and Navy Journals" says:  
"This is the only American critical work on the late war, and it is thoroughly critical and entirely devoid of all political bias or tone."

"This is the only History of the 'Grand Army,' and no one who has borne a part in its conflicts, or is interested in its grand achievements, should be without it."

This work sells itself. The people are tired of hollow and partisan histories, and want something from official sources. We have agents clearing over \$200 per month. Send for circulars, and see our terms and Proof of the above assertion.

## INSURANCE.

The Aetna's Loss by the Portland Fire!

The total amount covered by Aetna Policies on property destroyed or damaged is \$206,551 on which salvage will be about 5 percent. Our total loss will not vary much from \$200,000, and is being promptly adjusted and paid. This sum is 5 per cent. upon the assets, a figure but slightly exceeding the Government and State taxes paid last year, or a proportion equal to a \$5000 loss for a company of \$100,000 assets.

The necessity for insurance and the value of wealthy, strong corporations, is forcibly illustrated by this fire. Several weak insurance Companies are destroyed. Portland has a population of 35,000 - was handsomely built up by fine brick or stone structures - protected and screened with upwards of 3000 shade trees - bounded on three sides by water - and with a good steam fire department - yet it has \$10,000,000 of property consumed in a few hours - upon a holiday when its people are least occupied - from the very insignificant cause of a contemptible fire maker.

Remember the trifling origin of fires that sweep away in a few hours the earnings of years. Consider your best interests and give the Aetna agent a call if you need proper insurance security. Policies issued at fair terms.

## THE SILVER SKIRT, Patented March 1, 1855.

**MORE DURABLE. MORE GRACEFUL. MORE ELASTIC.**  
And will keep its shape and retain its place better than any other Skirt.

This new and beautiful style of Skirt was awarded by the GREAT AMERICAN INSTITUTE FAIR, held in New York City, October, 1865, a

**A Silver Medal!**  
THE HIGHEST PREMIUM EVER GIVEN FOR A HOOP SKIRT.

The Steel Springs are bound with a fine plated wire (in place of a cotton covering) which will not wear off or become soiled, and the whole Skirt may be washed with soap suds or fear of rusting will be as good as new.

## COMBINATION SILVER SKIRT

This invention combines with the ordinary cotton Skirt the advantages of our Silver Skirt; the bottom hoops are the same as those used in the Silver Skirt, the covering of which cannot wear off, while the upper ones are covered with cotton. No lady having once worn one of our Skirts will be willing to wear any other, as the lower hoops of all other kinds are soon injured and soiled.

The best materials are used in their construction and from their durability and neatness, they are deemed to be superior to any other Skirt.
