The Hostesses: To my many thanks for the good you have done...

THE POTTER COUNTY JOURNAL

Coudersport, Tuesday Evening, March 26, 1867.
Local and General.

The wedding of James Gordon Bennett, Jr. to Miss Dix, will take place early next month.

It is announced that Dr. Livingston, the celebrated African traveler and missionary, was recently killed by the Caffres.

Mong Shau Loo, a young man from Birmah, who came to this country in 1856, and has since passed the curriculum of the Lewisburg Seminary, pursuing, we believe, at the same time a course of theological studies, has recently graduated at the Charity Medical College of Cleveland, Ohio.

The President and Thad. Stevens. How strange it is that President Johnson suggested all the points in Mr. Stevens' whole dissection bill.

Imported Quinids, Brandreth's Pills so Stimulate all the interior powers of the system that every person who is afflicted with indigestion, flatulency, or any of the ailments of the stomach, will find relief from the use of Brandreth's Pills.

Ayer's Cherry Pectoral. It is a simple, expectorant, prepared to meet the present need of a safe and reliable cure for diseases of the throat and lungs.

Everybody is interested in learning the cause of the unusual state of the weather this season. Speaking of this subject, a contemporary says: "Our readers may think that the clerk of the weather has been on a 'bust' for the last few days, on account of there being mud, hail, frost and snow, all in quick succession; but this is not the case."

At the residence of the bride's parents in Summit township, March 23, 1867, by R. H. Linn, Esq., Mr. ALBERT LYMAN, of Sweden township, and Miss ADELIAE JACKSON.

At his residence in Alburt township, on the 18th inst., PETER YOCHIM, in the 69th year of age.

At his residence in Berks county, Pa., March 27, 1867, and has been a resident of this county over 20 years.

THE HEAD OF A COMET. according to Milton, is rendered tenfold more terrible by its "Horrid Hair," and there are thousands of fiery hair heads which give it the rounded contour of a ship's prow, crowning their front to a mellow brown or a perfectly natural black with.

PHILADELPHIA & ERIE RAILROAD. This great all-transversing the North and South of the continent, and connecting the city of Philadelphia with Erie, has been leased and is operated by the PENNSYLVANIA RAILROAD COMPANY.

Nine women were graduated as doctors at the annual commencement of the N. Y. medical college for women on the 4th. A subscription of \$10,000 was given by one of the directresses, Mrs. Lozier, for the purpose of building a hospital for women and children.

What the Negroes Cost. The army appropriation bill just published makes an appropriation of \$9,335,300, to support the Freedmen's Bureau.

The indebtedness of the United States published in February, puts the total debt saddled upon the country by Northern and Southern Democrats in the late war, at about \$2,000,000,000. The figures of the latter are only a few hundred thousand times larger than the former, and even that is traceable to Democratic rebellion, without which negroes "would be servants unto their masters" to this day.

Administrators' Notice. WHEREAS Letters of Administration to the Estate of Timothy Fry, late of the township of Coudersport, died, have been granted to the undersigned, all persons indebted to said estate are hereby notified to make immediate payment, and those having claims against the same, will present them duly authenticated for settlement.

Spring is coming and with it the usual amount of spring sewing. Every family not already supplied, should purchase one of Mrs. V. Clark's Improved Sewing Machines of Mrs. V. C. Dyke. These Machines are simple, cheap, durable, and give perfect satisfaction to all who use them. Inquire at this Office.

Dr. Schenck's Pulmonic Syrup. This great medicine cured Dr. J. H. Schenck, the Proprietor, of Pulmonary Consumption, when it had assumed its most formidable aspect. He physicians pronounced his case incurable, and when speedy death appeared to be inevitable, who he commenced the use of this simple but powerful remedy. His health was restored in a very short time, and no return of the disease has been apprehended, for all the symptoms quickly disappeared, and his present weight is more than two hundred pounds.

Since his recovery, he has devoted his attention exclusively to the cure of consumption and the diseases which are complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. Doctor Schenck makes professional visits to several of the larger cities weekly, where he has a large concourse of patients, and it is truly astonishing to see poor consumptives that have to be lifted into their carriages, and in a few months become robust persons. Dr. Schenck's Pulmonic Syrup, SEAWATER AND MARIAGE PILLS are generally all required in curing consumption. Full directions accompany each, so that any one can take them without seeing Dr. Schenck, but when it is convenient it is best to see him. He gives advice free, but for a thorough examination with his Respirometer his fee is three dollars. Please observe, when purchasing, that the two initials of the doctor, one when in the last stage of consumption, and the other a government stamp, in perfect health, are on the government stamp.

INSURANCE.

The Aetna's Loss by the Portland Fire. The total amount covered by Aetna Policies on property destroyed or damaged is \$206,334. The loss will not vary much from \$200,000, and is being promptly adjusted and paid. This sum is 5 per cent. upon the assets, a figure but slightly exceeding the Government and State taxes paid last year, or a proportion equal to \$5000 loss for a company of \$100,000 assets. The necessity for insurance and the value of realty, strong corporations, is forcibly illustrated by this fire. Several weak insurance Companies are destroyed. Portland has a population of 35,000, was handsomely built, mostly of brick or stone structures—protected and surrounded on three sides by water—indeed, literally, almost rising from the sea—and with a good steam fire department—yet it has \$10,000,000 of property consumed in a few hours—upon a holiday when their people are least occupied—from this very insignificant cause of a combustible fire cracker. Remember the trifling origin of fires that sweep away in a few hours the earnings of years. Consider your best interests and give the Aetna agent a call if you need proper insurance security. Policies issued at fair terms. M. W. SPALANNEY, Agent. Coudersport, July 27, 1866.

MANHOOD: HOW LOST, HOW RESTORED. Published, a new edition of Dr. C. W. WELLS' celebrated Essay on the radical cure (without medicine) of Spermatitis, or seminal weakness, including Scrotal Lesions, Impotency, Mental and Physical Impediments to Marriage, etc., also Consumption, Epilepsy, and Fits induced by self-abuse, or excessive masturbation. Price, in a sealed envelope, only 6 cents. This is a new and entirely original work, and clearly demonstrates, from a thirty years' successful practice, that the alarm consequences of self-abuse may be radically cured without the dangerous use of a powerful medicine, or the application of the knife—pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what the condition may be, may cure himself cheaply, privately, and safely. For sale at all drug stores, or by mail, on receipt of the enclosed stamp, to the hands of every youth and every man in the land. Send an order, in plain envelope, to any address, post paid, on receipt of the enclosed stamp. Address the publishers: CHAS. J. C. KLINE & Co., 127 Bowers, New York, Post Office box 4.
