CABINET ORGANS!
Piano Fortes!
THE subscribers have opened a Music Store in the new buildings recently erected by the
ALLEGANY ACADEMY OF MUSIC!
In the village of Friendship, where they keep on hand an extensive and beautiful assortment of
Melodeons, Organs, and Pianos,
as can be found in any Music Store in New York or Boston.
There is scarcely anything in which there is so much good as in the manufacture of these Instruments. The outside is the work of Cabinet-makers. Any one who will reflect how much different twenty five dollars will make in the appearance of a harrow or table, can readily understand how a few dollars expense may improve the outside of an instrument, while the inside may be utterly worthless. Any one can judge of the outside appearance, but only experienced judges can decide the value of the inside.
The great advantage which the subscribers offer to buy an Organ, or Melodeon, or a Piano, is that every instrument they have on hand is very carefully selected from the best makers, by

ITS MAGICAL EFFECTS WILL GLADEN YOUR HEARTS
All we want is for you to try one for a trial, and if you are not satisfied after using half of it, return it to the store and get your money back. Try it when your children are teething, and you will find this Syrup as useful as it is pleasant. It is the best remedy for colic and teething, and it is the only one that does not hurt the child. It is the only one that does not make the child sleepy. It is the only one that does not make the child irritable. It is the only one that does not make the child restless. It is the only one that does not make the child sleepless. It is the only one that does not make the child restless. It is the only one that does not make the child sleepless. PELOUBET ORGANS

AND MELODEONS
Unanimously awarded the First Prize, a Gold Medal,
"AS THE BEST CABINET ORGANS."
American Institute, New York, Oct. 1885.
Being pronounced superior in Quality, Power and Variety to those in number of combinations.
"As the best instruments of America were there contending, whichever won the battle would have nothing left to conquer."—ASSOCIATE JURY JOURNAL, (edited by a well-known musical critic.)
They have also taken the first premium wherever exhibited this season.
PEDAL ORGAN—One, two and three banks of keys—six sizes—\$250 to \$1500. Without Pedals, with Pedals or Tones, and in number of combinations.
These Organs, with their smooth, pipe-like quality of tone, beautiful solo stops, strength of chorus, unequalled pedals, and general organ-like effects are superior for Churches, Halls, Parlors and Schools. They are put up in cases of solid Walnut, fancy veneered (new and unique styles), and elegant Rosewood, of splendid designs and finish, and of the best workmanship—it being intended that each instrument shall be a model of its class. All instruments down to a fine octavo portable Melodeon, have the beautiful Tremolante stop, without extra charge.
As is assumed constantly on hand at our **GENERAL WHOLESALE AND RETAIL WAREHOUSES,** 841 Broadway.

RUSS' PATENT KNIFE SHARPENER

For Table and Carving Knives only.
All who prefer a sharp Knife to a dull one for cutting Meat, Bread, &c. will find the presence of this implement on the Dinner Table a great convenience.
All steel knives, straight razors, pocket knives, and all other knives, because they aim to cut away both sides of the blade at once. This is the only Knife Sharpener made on the correct principle of acting upon one side of the blade at a time.
Sold in Coudersport by P. A. Stebbins & Co., and Ellison & Thompson.
RUSS' PATENT SCISSORS SHARPENER.
From Report of American Institute Farmers Club in the N. Y. Tribune.
"A little implement, invented by J. J. Russ, is the best and most convenient Sharpener ever saw. It does not occupy more space than a lady's watch, being formed of polished Black Walnut cut into an oval shape, upon one side of which is screwed a Steel Disc of a size which some of our young readers will not recognize, for we shall compare it to a silver quarter dollar. There is also a metal gear to hold the blade of the scissors in the exact proper position. The disc has eight cutting faces, and is not, therefore, likely to wear out in any one lady's life-time. We commend this pretty, useful implement to the attention of every housewife."—Said in Coudersport by P. A. Stebbins & Co., and Ellison & Thompson, April 1, 1887.

GROVSTEEN & CO.,
Piano-Forte Manufacturers.
499 Broadway, New York.

ALLEGANY ACADEMY OF MUSIC!

THE attention of the public and the trade is invited to our New Style Seven Octavo Rosewood Piano-Fortes, which for volume and purity of tone are unequalled by any others offered in the market. They contain all the modern improvements, French grand action, harp pedal, iron frame, over-strung bass, etc., and each instrument being made under the personal supervision of Mr. J. H. Grovsteen, who has had a practical experience of over thirty years in their manufacture, is fully warranted in every particular.
The "GROVSTEEN PIANO-FORTE" received the highest award of merit over all others at the celebrated World's Fair in London, 1862. Where were exhibited instruments from the best makers of London, Paris, Germany, Philadelphia, Baltimore, Boston, and New York; and also at the American Institute for five successive years, the gold and silver medals from both of which can be seen at our ware-rooms.
By this selection of improvements we make a still more perfect Piano-Forte, and by manufacturing largely with a strictly cash system are enabled to offer our instruments at a price which will preclude competition.
