

LOCAL NOTICES.

For SALE.—A good building lot on Queen Street. Also a house and lot. Inquire of March 6, 1872-tf.

Collins & Co's Cast Steel Plows only \$5 each. For information how to obtain them address Collins & Co., 212 Water St., N. Y.—Feb. 23, 6m.

The friends of Rev. G. S. Trassau, will give him a donation at the house of W. M. Brown, in Cherry Flats, Friday evening, March 9, 1872.

Rev. G. W. Remington tenders his sincere thanks to his friends for the two donations he has received, amounting to over one hundred dollars, besides numerous presents he has received since.

We notice that the Agricultural papers all over the country recommend the use of Strickland's Cudgily Condensed Powders.—E. J. Farmers and others in this section have long known and appreciate the advantage of these over all others.

There are probably a hundred or more persons in this and neighboring towns, who suffer the effects of kidney troubles, who do not know that Johnson's Anodyne is almost a certain cure. In severe cases, great relief may be obtained, if not a perfect cure.

SENDING.—We will send our usual box of railroad magazines to New York, March 4. Persons having magazines, books, newspapers or other periodicals to be bound or re-bound will please bring them in. Specimens and prices may be seen at our bookstore, No. 5 Bowler's Block, Wellsboro.

THE BEST IS THE CHEAPEST AND CASHEM.—At the Emporium of Fashion, 22 East Market street, Corning, N. Y., is the place to find choice cloths and cassimeres of every style. All goods bought and sold for cash only, which is a great saving.

H. C. HANBY, Merchant Tailor.

We have received Zell's Popular Encyclopedia, Dictionary and Gazetteer, and find it to be within the compass of two hundred quarto volumes the information contained in the Biographical and Biblical Dictionaries, the Gazetteers, the Dictionaries of Law and of Medicine, the Encyclopedias and Dictionaries of Language, all combined. It seems to be literally what its name indicates—a work giving information in the whole circle of human knowledge. The work is published in numbers, at the rate of fifty cents each. We shall be happy to forward subscriptions free and give all further information in relation to the work to any persons who will call at our office.

DENTAL OPERATIONS WITHOUT PAIN.—Dr. A. B. Estlin has prepared the apparatus necessary for the administration of gas, which enables him to perform the most critical operations without pain to the patient and without risk to himself. We believe this gas is the most valuable that has yet been discovered, and is perfectly safe. It has been administered over 15,000 times, and has never produced fatal results. This fact is a sufficient recommendation of it. Dr. Estlin has had the most extensive experience with it for some years, and with the new apparatus he has prepared, which he has now procured at no small expense, he will be enabled to perform the most difficult operations in the best manner and absolutely without pain.

CHICAGO.—HELP THEM UP.—All that terrible day the telegrams fell upon us as we awoke, "Chicago on fire!" "No hope for the doomed city!" "Chicago in ashes!" How our hearts ached as we watched and read. But the fire that laid their beautiful city in the dust did not destroy the courage or the hopes of their brave, strong people. They are coming up again out of the ashes. Men and brothers, help them up!

Also "Incidents of the Great Fire" by Alfred L. Sewell. Price fifty cents. Press please copy.

Wellsboro High School.—The Spring term of the school will begin on Monday, March 25th.

How it looks to a stranger.—The editor of the Waverly Enterprise visited our village a few days ago, and makes the following comment on what he saw and heard:

THE AGITATOR OFFICE.—The Agitator office is the slickest looking inland printing office ever visited.

THE PEOPLE HAVE GONE CRAZY ON THE PRICES OF REAL ESTATE.—As far as we learned of prices and rents a recent report would be liable to pay some book on a trade like prices of property. An instance: The Cone house, a fair looking building, but containing a hundred feet square, rents for \$8,000, which does not include two stores on the Main street front.

THE ELK ELECTION CASE.—This case, to which we referred in our last issue, is argued before the adjourned term of the Court Tuesday morning of last week.

THE JUDGE REMARKED THAT NO WILLFUL intent to violate the law was shown, and that he thought the best way to settle the matter was to let the law run its course.

REAL ESTATE MOVEMENTS.—The following transfers of real estate were filed for record in the office of D. L. Deane, Recorder of Tioga county, last week:

Andrew J. Ross and wife and Phillip Williams and wife to Bethuel Bendley, 18,000 square feet in town of Mansfield, for \$1,200.

James Kelley and wife to James G. Darr, 98 acres in Charleston township, for \$4,200.

James Lowrey and wife to Ellen M. Lowrey, 100 acres in base of Wellsboro, for \$10.

James Hartman and wife to J. J. Verbeke, 100 acres in Liberty township, for \$200.

James K. Daltrey and wife and Philetia Daltrey to William Van Dusen, 220 acres in Farmington township for \$410.

Namuel Sheffer and wife to Jacob K. Richardson, 100 square feet in Liberty township, for \$50.

THE BLOSSOMING REGISTER OF late date published the announcements of eight deaths in that village, all occurring between the 13th and 21st of February, inclusive.

THE LARGE BARN AND CHICKS OF THE JOHN R. Goodell, a farmer living near Savona, Steuben county, were destroyed by the Sunday morning of last week. The loss was severe, including 3 horses, 15 head of cattle, and 28 sheep, besides hay, grain, wagons, harness, etc.

SUDDEN DEATH IN A LAW OFFICE.—The Daily Couriers of this city, in their issue of the 21st inst., published particulars of a sudden death in that village under very peculiar circumstances.

41 Park Row, N. Y., and are possessed of excellent facilities for securing the most reliable and accurate news, and for the publication of all news, and for the publication of all news, and for the publication of all news.

Mr. Shaver came from his village on the morning train in 1871, and was met by Samuel O. Allen, his son-in-law, and the two repaired to the law office of D. W. Runyon.

William H. Baker and wife to Levi Skinner and W. N. Hurlbert, 10 acres in Westfield township, for \$1,200.

THIS LATE AFTERNOON.—Died at Wellsboro, February 27, 1872, Aaron Niles, aged 87.

Mr. Niles came into Tioga county from Connecticut with his father, Nathan Niles, in 1798, and was then eleven years of age.

Mr. Niles was a man of great energy and industry, and was one of the best farmers in the county.
