A NEW HONRY PLANT.-In a late number of the American Bee Journal it is stated that a very limited quantity of the seed of the Partridge Pea (cassia chamacrista of botanists) has been placed in the hands of the Commissioner of Agriculture, for distribution among bee-keepers who may desire to make application for the same at once. It should be known, however, that the plant is often regarded by good farmers as little better than a pest. It is described by Darlington, in his "Weeds and Useful Plants," page 110, who says it is common to sandy in it. The youngster will be named after the plant in the plant in it. fields, especially southward, flowering from him. July to September, and often as late as the middle of October. The only thing to recommend it as a honey producing plant, is that it blooms during the interval between spring and autumn pasturage, and thus furnishes feed for bees at a time when other vegetation fails to give a sumply. It is an vegetation fails to give a supply. It is an annual, and the Journal says on this account "ought not to be difficult to get rid of by proper management, when its presence is undesirable." With the caution above given, in regard to this plant, perhaps our beekeepers had better give it a trial.

All hail! creation far and near; Of Mathers's Store you soon shall hear; Let pealing Drums and Cannons' roar Proclaim the news from shore to shore:

Mathers's stock is now complete; He has good goods and sells them cheap. He trusts no one, but sells for cash, And sell so cheap some think him rash.

Some said he would break in a short time, But if he does then this don't rhyme; For he sells heaps and sells them right, And has his cash for all at night.

Of Boots and Shoes so very cheap, I'll take a moments time to speak; Delighted too you can't but be, With prices and the quality.

He does his business on the square; That is, he does it right and fair. He says at once just what he'll do, And what he says is right and true. I cannot stop to enumerate-I have bargains both good and great. My stock is plentiful, cheap and fine, Especially in the Dry Goods line.

Mathers's Boot & Shoe, Hat & Cap. Dry Goods & Grocery Store is the cheapest place in Tioga county to buy goods. Give it a trial and you will be convinted.

"Charley" has just returned from Naw York with a large stock of Spring Goods, which he will, on account of his immense trade, sell at less profit than before, and which he has bought much cheaper than ever.
