THE SEASIDE -At Cape May the Columha house was opened for guests on Saturday, the 29th ult Mr George J. Bolton, proprittor'of Bolton's hotel at this place and the Washington hotel on Chestnut street, Philadelphia, opened the Columbia-this being his builth season at the capes and each season at the same house. For desirable locality, wood mean front, smooth beach and a genttal line of home comforts let us recommend the popular Columbia house, and for the has Lowenn bathing on the coast, the best patronized and best regulated seashore home or the summer, let us recommend Cape May.

fill to sustain its well earned reputation for comfort and pleasure.—Harrishirg Patriot. NEW POSTAL RATES. -The following letfrom Mr James H. Marr, acting First issistant Po timaster General, contains part of the new regulations and rates approved

Mr Bolton informs us his band has been en-

3 that department, under the new postal Referring to your telegram of the 12th in tant. I would say that the following are the rates to be charged on third class printed limiter the charged on the class printed limiter. halter, viv. On all printed occasional publications, transient newspapers, magazines, hand-hills, posters, unscaled circulars, prospectuses, book manuscripts, proof sheets, cornected proof sheets, (passing between author and publisher,) sample cards, phonothor and publisher.) sample cards, phonographic paper, letter envelopes, postal envelopes, and wrappers, cards, plain and ornamental paper, photographic representations, of different types, seeds, jcuttings, bulbs, roots, and scions, a postage of one cent for each two ounces or fraction thereof, on packages

In respect to another feature of the newlaw the Washington Chronicle speaks as

follows:

"The new postal law makes many changes of general interest in existing postal regulations. The most important is the authorization of the one cent postal cards for correspondence or for printed matter, similar to those which were introduced in Great Britain some years since. The price of the card and stamp will be one cent, although if a card manufactured by private parties and not by the Government is used, the regular three-cent postage will be charged. Applications have already been made at the post offices at New York and this city for postal cards, but they can not be printed until ordered by the Postmuster General, who is charged by Congress with the power to select either the covered card or the open card. The House preferred the former, the Senate the latter, and on conference it was agreed to the latter, and on conference it was agreed to Mr. F. K. Wright wishes us to announce that he will be at the office of W. A. Stone, Eq. every Wednesday afternoon, for the purpose of settling the accounts of the firm the purpose of

It is always full of interesting matter, and abounds in excellent wood cuts. -We are under obligations to Prof. Charles H.

Verrill for a copy of the catalogue of the Normal School at Mansfield. It is a neatly printed pamphlet of forty pages, showing that the School is in a highly flourishing condition. The list of students for 1871-2 comprises the names of 413 young men and women, 212 pelonging to the Normal and 201 to the Model School. Of the education of the sexes in the same school the circular speaks as follows: "As in the home circle the association of brother and sister is beneficial, so in the school room the co-education of ladies and gentlemen is deemed equally beneficial; and we have in variably found that the good sense of both, when under proper restraint and regulation, has developed a social intercourse which has been productive of a greater growth in mental and moral culture."

THE NEW STAMP LAW .- The new law repeals, after October 1st, 1872, all stamp taxes now required to be placed on instruments such as conveyances, notes contracts, agreements, &c., and excepting only the tax of two cents on bank checks, drafts, or orders. The law further provides that the holder of any instrument in writing of whatever kind and description which may have been made or issued without being duly stamped, or with a deficient stamp, may have the paper corrected on application to any Collector of Internai Revenue, by paying the value of the stamps re-

A SUMMER SHOWER.-People in this region have long been wishing for a good thorough, soaking rainone of the old fashioned sort—and no doubt everybody was satisfied that the storm the first of last week was one of that kind. We believe it was the biggest thing we have had in the shape of rain storms in over two years. It did some damage, as will be seen below, but the loss it caused is hardly to be mentioned in comparison with the good it has done and will do to

all this section of country.

The rain began to fall about one o'clock a. m. o Monday, and it continued with but few and short intervals until Tuesday afternoon. It rained for at least thirty hours, and a good part of the time the water fell very rapidly. Of course the creeks raised rapidly. and by Tuesday noon the Tioga river was about four feet above its usual water mark. Some of our village streets were somewhat like young mill races par of the time, and some cellars were filled; but nobody suffered any material damage here.

The water did more damage north of us, however Tuesday morning about two hundred feet of the railroad embankment near the Tannery was washed away, and late on the same day another break was made in the read by the washing out of a culvert about two miles below Tioga village. The road was kept running. however, by transferring the passengers over the breaks, and Thursday afternoon the damage was so far repaired that trains ran up to our depot again. Tuesday forenoon Dunning's boom gave away, and about 3,000,000 feet of logs belonging to Messrs. Fox. Weston Bronson, of Painted Post, were set adrill in the river. It looked for a time as though there might be a heavy loss, but a telegram was at once sent to the firm, and by throwing out the boom at their Mills the runaways were all safely caught and penned

The New-street bridge at Tioga was slightly damaged the same morning by a large tree lodging against it. At Mitchell's the Blossburg Railroad was reported under water, and the whole country thereabouts flooded and considerable damage done to the growing crops. There were also runiors of some losses of gard as usual, and the Columbia will not Pine Creek, but nothing definite.

> Sprence or Conserg -- Mr. Charles L. Shattuck, baggage-master on the Blossburg & Corning Railroad. shot himself at Corning last Friday morning. The circumstances as we learn them are as follows: After ning at 8:20 s. m., Mr. Shattuck went to a barber's shop and was shaved, and then wrote two letters, mailing one to his mother and putting the other in his pocket. He then went to Walker & Lathrop's and bought a revolver, loaded it, walked out to the Tioga Railroad track in front of the Warehouse, and fired three shots at himself, pointing the weapon toward the

given by him for this rash act is so far wholly unknown, the contents of his explanatory letter not having been made public.

PATENT BLOHE NOTES. The following act passed at found of general interest: An Act to regulate the execution and transfer of motos given for patent rights. notes given for patent rights.

SEC. I. Be it enacted, etc., That whenever any promiseory note or other negotiable instrument shall be given, the consideration for which shall consist in whole or inpart of the right to make, use or vend any patent invention or inventions claimed to be patented, the words, "given for a "patent right," shall be prominently and legibly written or printed on the face of such note or instrument, above the signature thereto; and such inde or instrument, in the hands of any purchaser or holder, shall be subject to the same defences as in the hands of the original owner or holder.

Sec. 2. If any person shall take, sell or transfer any promissory note or other negotiable instrument, not having the words, "given for a patent right," written or printed legibly and prominently on the face of such note or instrument, above the signature thereby, note or instrument, above the signature therebo, knowing the consideration of such note or instrument, to consist in whole or in part of the right to make, use or vend any patent invention or inventions claimed to the patented, every such person or persons shall be deemed guitty of a misdemeanor, and upon conviction thereof, shall be fined in any sum not exceeding the inundred deliars, or imprisoned in the county jail not exceeding sixty days, or both, in the discretion of the court. Skc. 3. All acts or parts of acts inconsistent here

Miner publishes the following: We have been given by a responsible citizen of Eldred township the partic-A responsible citizen of Eldred township the particulars of a sad and exciting affair that happened in that township recently. The most prominet actor in the tragedy is Mr. E. B. Haines, editor of the Scio Express, whom many of our readers remember as the gentle.

Dried blackberries, per lb.

Dried blackberries, per lb.

Dried blackberries, per lb. hom many of our readers remember as the gentleman so anxious to start a Democratic paper here last fall. It seems that Mr. H. has not for some time lived fall. It seems that Mr. H. has not for some time lived were happily in his domestic relations, and his wife, having left his bed and beard, was living (with a babe between three and four months old) with her father and mother in Edwed, while her husband was shoving the quill editorial in Scio. But the paternal instinct in the bosom of Haines was stronger than the connutial, and though he could live without his wife, he nust have the babe. He therefore, in the absence of Teas, green, per lb.... Mr. Blackman (his father-in-law) steals away from his Keros ditorial labors, takes the cars to Olean, and with a hired horse and buggy starts for Eldred; bent upon the capture of the child. The fates were propitious. No one was at home except Mrs. Blackman and Mrs. Haines, and the babs was sleeping sweetly in the cradle. He suatches up the child, and pacifying its mother with the soothing words, "Damn you, say a word and I'll shoot you down!" rushes out, lays the babe in the boltom of the buggy, and fled with his prize.-Passing the school house where his sister-in-law was teaching, and seeing her standing in the door, he informed her he had got the baby, and pointing a pistol at her, said, "Damn you, come near me if you dare!"
When he passed the house of C. B. Stull he again made the announcement, "I have got the baby."-This latter gentleman, in company with some of the neighbors, have gone to Scio with the intention of re-

fighting editor of the Scio Express. Commencement Week at Mansfield. The week of Commencement is over, the class of 872 is numbered among the Alumni, and the Juniors are joyous in the idea of being Seniors in September at the opening of the new school year. The exercises the week commenced Sunday evening, June 16th, with sermon by Rev. William Baldwin, of Tioga; subject "At Last." The speaker commenced by saying that a little thing often fixes the character of young persons, or revel of a night was the "At Last" to many an ind idual. He spoke of the closing scenes of a course of study, and made an application of the discourse by ap-pealing to the young ladics and gentlemen to prepare for the great "At Last" of their lives. uid in expression, but received marked attention by the audience. Tuesday and Wednesday the time was the school, the senior class having been examined pre viously by a Board of Examiners appointed by State uthority. Monday evening Prof. Jewett gave a conert in Union Hall, consisting of vocal and instrumen-

al music. Prof. Jewett has been connected with the

covering this little waif from the paternal grasp of the

Hoyt, a popular instructor in the school for five years. The concert, however, gave evidence that the Professor s the right man in the right place. The Hall was packed to overflowing and all were pleased with the entertainmont given. Thesday evening the Anniversary of the Literary Societies took-place in, the Normal Chapel. The Societies are the Normal Literary, and Athenran. Prof. S. M. Smith gave the Poem, and Dr. Huntingto: the Address. The subject of the Poem was the his nursery and conservatory must prove pleasant and Young Men." It was a good, practical address, full of plause frequently greeted the speaker. Wednesday morning dawned, and the trains brought in the old graduates in large numbers, and at three Alumhi sat down to enjoy a dinner together at the Mansfield Hotel. At the close toasts and short speeches kept the party in good humor for hours. Two sisters who graduated together in a former class were present, and one was asked to speak for her class.

She give an account of the ladies, and closed by saying "I have a sister here who can give you all needed information in regard to the gentlemen. Wednesday evening the Alumni and friends assented at the Chapel, and Col. McClure of Philadelph gave them an address, the subject of which was "Our Teachers." It was beautiful in sentiment, brim full of noble ideas, but scarce satisfied the expectations of

the andience. Thursday morning at 10 o'clock a procession was formed at the Normal School grounds and proceeded to the M. E. Church, where the commencement exercises were held. The day was fine, the audience larger and the exercises were enjoyed by all. The following

June 12, 1872-1y.1 THE KIRBY TWO-WHEEL MOWER.

A Triumphant Success. THE COMPLETE SUCCESS of the Kirby Two-Wheel Mower has never been equalled in the his-tory of moving and reaping machines. From every part of the country there comes united testimony in regard to its perfectly satisfactory portormance in ev-ery possible kind of work. Its extensive use for the past season has more fully than ever before demon-strated the perfection of principle upon which, not of-ity it, but all of the Kirby machine a re-built. It has-the flexibility and suddependent motion of frame and finger-bar peculiar to all Kirby machines, cutting close and clean over all variations of ground. Law Books, Medical Books, Religious Books,

JOINTED CONNECTING ROD. With the utmost simplicity and strength, there are combined in the Kirby Two-Wheel Mower many excelences not found in any other machine; and chief among them will be noticed the foliated Connecting Rod, (or pitnism) an invention of Air. Kirby's, and a feature belonging exclusively to this mover. The joint in the Connecting Rod (or pitman) works simultaneously with the joint in the finger-bar, keeping the Connecting Rod ALWAYS IN A PERFECT LINE with the culting apparatus, allowing the knife to run perfectly free, without builting, at whatever angle the bar may be raised or folded; thus decreasing the friction, and consequently adding to the already powerful cutting capacity, decreasing the sheady very light draft, and adding largely to the dural-nity, by relieving the connecting rod and knutshead run histointy to break-ago consequent upon the binding and friction of these parts, incident to all other two-wheel machines.

By a convenient lever, the bar is alised to pass an obstruction, or even a tree, or folded completely across the machine in front for transportation, without throughing out of year, summing the team, or the driver leaving out of year, summing the team, or the driver leaving the machine in trout for transportation, being at the ingout of year, stopping the team, on the driver leaving his real.

Instantly thrown out or into gear, without stopping, when desired, by either fout or hand.

A loose or rigid totigns, as desired, without stopping.

ping.
To show absolutely no side draft or weight on horses necks, leave teck yoke entirely off and put machine to need, jeare aces yoke entropy of and put machine to work with stiff tongue.

The pantisef the galactistems be failed or lowered without striping; They are enclosed by shaped to pre-vent closeing; they lave steel plates, easily replaced when worn out; and monot reacted, but botted to the The line of draft is direct on cutting apparatus where about two miles north of Holidaytown, Tioga Co.

PEDIORES.—Don Juan is 8 years old; and 14 hands high. His sire was imported from Matta, Apain, to Kentucky, from there to Missouri, at an expense of three thousand dollars; and was brought from Missouri to Pennsylvania by Wm. B. Smith. His dam is a thorough bred Jennel, both of the Andrew Jackson stock, and he is a sure foal-getter. He weighs wollbs.
