near anything." This whole subject needs examination on this matter has contributed something to this matter has contributed something to this matter has contributed something to the problem, and we need and silly—if that is what you call it—she ward a solution of the problem, and we need the halt directions. They are being contributed something to the state responsible tor his following to have You know if you squeeze a much more work done in similar directions. rubber ball tightly in your hand it will ex-pand again into as round a ball as ever, and tions that intemperance follows lines of latyon cannot even see the place where it was itude, being greater above the 44th parallel compressed; but if you try the same exper- than below, and excess disappearing as the ment on a handful of rose leaves the result | tropics are approached. This again is modwill be different. And rose leaves are not ified by race, for the northern races carry much more easily crushed flat than Polly's with them their drinking habits in their mielings. It seems absurd to Tom; but then | grations. How many elements of this kind

it is a tact; and facts, you know, even if are yet to be considered it is premature to they are ever so much in the way, calnot be disregarded. Wouldn't Tom be the truer say, but such investigations promise to con-duct us to some successful treatment of inrentleman if he accepted facts and spared Polly's feelings even at the loss of a little temperance.

on top of dirt:

fun? After all, is the fun so amusing it can't be replaced with something better? Then, too, Polly loves Tom so dearly; she is so ready to believe in the extert of his strength and wisdom and ability, if he will but leave her faith undisturbed by teasing pranks.— Tom has a warm heart under his jacket, and I think he privately enjoys Polly's love

and admiration; but I also think it is a pity he covers up his feelings so carefully, and rather snubs Polly's kisses For the day will come when the little sister's love will be valued at its worth, and, it may be, wished

for in vain. Once we were going on a grand fishing excursion from Cherrywold, and word was rought that a certain famous traveler wo'd

like to join us. He was a man that had rid-den elephants in India, and polar bears at shutting up bars, and taking bonds of selthe north pole, for all I know! He had lers may facilitate the temperance reform, hunted lions, been lost in jungles, frizzled fits success however must proceed from its in hot countries, stiffened in Arctic regions, intelligence, humanity, and moral force.and been all over the world; he had been a Providence Press.

oldler, too; and everybody who knew about him knew what courage and patience and nobility made up the man. You can imagine how the boy's shouted at the prospect of having such a fishing companion, who could tell stories of everything they wanted to know, and answer all their questions, and

who liked boys, tool -Well, the reality was just as delightful as ve all expected, which is saying a great deal, as every one knows who has ever belonged

to a debating club and discussed the ques ion about the pleasures of anticipation -After we came home 1 said to the famous raveler:

"Which of the boys did you like best? And he answered, "Jack." So I asked why, because I had thought h yould say Tom, or Dick, or Harry, and this s what he said:

"Because he went back after we were tarted to kiss his little sister, and wasn't shamed of it, either." Then this brave, wise man-the bravest

man I ever knew-fold me a secret. Said "The real promise for a boy's future shown in the way he treats his little sisters.

"Dear me!" thought I, "what a lovely time your little sisters must have had!" But I didn't say that. I only wondered dinary method of going up stairs; it causes how many of the Toms I knew would be the ukali in the blood to settle in the corns,

willing to have the hope of their future manliness measured by their treatment of their little Pollies.

But oh, my dear boys, I think my traveler was right; for the most truly brave sonl is tender toward the weak; the most many heart is the one that loves most: the most

patient is the greatest; and the Saint Georges who are sure to conquer the dragons abroad are gentlest with the Pollics at home.-

Christian Union. Intemperance and its Cure. In common with all other subject that of intemperance has recently become a matter of scientific investigation. The old fash-

loned mode of treating too free indulgence in spirituous liquors was theoretical and empirical. And yet that mode is not so old ohn Hot I lately herd by B. B. Houiday ashioned, for a systematic attempt to control the appetite for drink is comparatively not prolong your misery. - Ex-

Irinkers, and their defeat at the battle of Hastings, when the Norman Duke William came over, was in a large measure due to

the fact that the Saxon army on the night has been interviewing John G. Saxe, the previous to the fight had been engaged in poet. This correspondent says of Saxe: an extensive spree. About the time of the "Talking with him the other day he dis-Reformation in Saxony a company of gen- covered himself a skeptic in regard to the
