ance of your physician, Low many hours of sleep you require; and, as we live, it is much more likely you require nine hours of each twenty-four, than that you can make six answer. The rule for the decision as to the duty of the arrangement for the day. That rule is this, as well stated by Thomas Drew That no man has any right in a single day to incur more fatigue than the sleep of the en caing night will recover from. No manh any right to draw on the capital of his life. that is, or, more simply put, no man harant tight to commit suicide by inches. Deter-mine for yourself, then, how many hour of 'eap year need. Remedalage that the bod and blant ets cracad that your mand dide only, and for no other purpose. The tent of confessional in which you see to r listhe story of your sins to that exaction and heart diputed, yourself. The tool is to delattle thanes of our from your country to have which were interrupted by the fi-who came in at year other hours. Yes to bed to deep and for nothing else. For cimilar reasons, distruct all the open ing choruses of "Commandula," and all the that early rising it of fixelf, a vintue and a praise, when it irinot based upon the legismate condition. The rising of the san is: indeed, one of the spectacles which nevel disappoint some; and the freshme sot morn ing has a chory which is all its own. The matinets oblite are then at their truest; and in the openhair, beneath that blushing sky, the man, new-born, does know the victory of life as nowhere else, and at no other time. But he must not think to enjoy the specticle unless he has earned it. If this banquet is not spread for him, he must not taste may, nor even look on. Let him never dare, by any spasm of early rising, to usurp a throne which is intended for other princes

the majesty and promptness of a child of God, who is lord of his own movements. Till he has done so, let him never think to share the glories of the luxuries, which are not his own. You are a fool if you cannot find out, by a simple experiment, how this matter is with you individually. Do not ask even the doctor for a rule. It is to be remembered that people often lie awake from hunger. Hunger will keep you awake, Matilda, as thoroughly as that indigestible lobster salad did. mond says, that most American women, at least of the cities, are underfed. In the life of large towns they often live on slops in stead of food; and they do not have opportunities for healthy appetite. Remember ing these two things, so often forgotten, advise for sleepers who have not trick to start carefully on "a slight collation," as the Roman rubric says, before going to bed,—say a soda-biscuit, that you can put in the sancer in your candlestick as you go up staticer in your candication, as you go up statics; comething of easy digestion, that you may make sure that you are not kept awake is printed in a car, on the road from Edinburgh to Chiefdw. The press, cases of type and compositors are all in the car, and the road the telegrams required on the

His first daty is to fill out the hours of sleed which he knows he needs, before he attempts the duties of that day. When he has done so, let him arise from his bed with

The best night-cap of all is a fresh walk, of a mile or two, with a lively companion in the open air. Come home from it in a glow, with the feet and legs warm with extreise, take your candle and your cracker, the rest good-night, and your chances the good, if you have not worked the brain time five clock, of knowing nothing till Women."

Roman Catholic pro-Cathedral on the "Moyement towards Catholicism in England," and at St. Mary's Chelsea, upon the "Rights of Women." had the rest good-night, and your chances she good, if you have not worked the brain morning. This is on the supposition that you have a window open in your bed-room. A Committee has been formed in London, or some equally efficient ventilation. For under the presidency of the Duke of Man-people who prefer the asphyxia of carbonic chester, with a view of aiding the Municineid to the sweet sleep of nature. Thave nothing to say. But grant these not difficult the splendid library destroyed by the German condition, of well-considered laziness for bombardment the last five hours of the day; a brisk walk under the stars with a dear friend, food, not too much nor too little, and that easy of digestion, and, before Ella har read you the third stanza of that sweet manuscript poem of hers, you will not even know that "rephire" in hymnis with "heifer," you will know nothing and regret nothing in which hap the indignation of the merchant and the indignation of the merchant and the py condition we will leave you no $k - R_{cd}$ E E. Hile, in Old and New for Septends

AFTER-DINNER North - Man. persons particularly the middle-aged and elderly. flow themselves this real undulgence and rather than otherwise, as, by keeping the body in a state of quietude, digestion is protected and assisted. In Southern countries moted and assisted. In Southern countries, the mid-day sleep, termed the sessa, is almost universally taken, and wonderfully re-freshes the frame energated and weakened. The classes of hierature most numerously by the intense heat—It is, however, recommended that such sleep be not indulged in cations, jurisprudence and politics, with 1, to too great a length, as persons find such 1003; education with 1,059; belles lettres, with prolonged slumbers in the daytime causes 950, and history, including biography, with them to wake dull, irritable and unrefresh- 891. ed; while most have experienced, on having been accidentally roused up, a few minutes after absolute forgetfulness, a sensation of lightness and renewed vigor, unattended by gate of the palazzo Vecchio. The long expecvishness or the least desire to sleep again. Medical men, in sanctioning the indulgence, Medical men, in sanctioning the indulgence, particularly advise that it be taken in a re-clining position, but by no means lying hor-port the work to one of the art galleries, and izontally, the stomach in the latter position, substitute in its original place a copy in pressing on the intestines and causing the blood to be impelled to the head. Corpulation lent persons and those having a tendency to apoplexy, should be particularly mindful of

the interest of Eastern Asia. From this we learn that in Thibet there are neither fleas and too fast and swallowing imperfectly masticated food By taking too much fluid during meals. Drinking poisonous whiskey and other intoxicating drinks. Keeping lite hours at night and sleeping too tate mornings. Wearing clothing too tights os to relax circulation. Wearing thin shoes.

Neglective to take sufficient agents and too fact throat, and resulting in death, after a few large to take sufficient agents. The shoet take sufficient agents are sometimes afflicted by what in known as Goomtook, or the laughing discussion which is known as Goomtook, or the laughing discussion in the laughing discussion which is known as Goomtook, or the laughing discussion in the laughing discussion which is known as Goomtook, or the laughing discussion which is known as Goomtook and the laughing discussion which is known as Goomtook and the laughing discussion which is known as G Neglecting to take sufficient exercise to keep the hands and feet warm. Neglecting to wash the body sufficiently to keep the porcs of the skin open. Exchanging the warm clothing worn in a warm room during the day for light costumes and exposure inci-nent to evening parties. Starving the stomnent to evening parties. Starving the stommach to gratify a vain and foolish passion for dress. Keeping the a constant excitement, fretting the mind with borrowed troubles.

Extend Vithout An Appetite.—Multi-

EATING WITHOUT AN APPETITE. -Multitides eat when they do not feel any appetite, simply because it is the regular eating time, apprehending that if they do not eat, they will afterwards become hungry, when it may be very inconvenient and even impossible to get anything at all to eat. This forcing food into the stomach against the instincts of the body is a wicked waste of m in below the brutes which perish, for they never go against their instincts. Irregularity in meals is a dangerous habit; but it is never wise to force food into a reluctant stomach for the sake of regularity—Ucohin Reformer.

A HINT TO NURSES.—You know what a racket is caused, even by the most careful hand, in supplying coals to a grate or stove, and how when the surface of the supplying coals to a grate or stove, and how when the surface of the surface of the surface of the surface of this market, we respectfully solicits fair share of the same of the same of the same of the surface of this market, we respectfully solicits fair share of the same of the surface of the same of the

tors to Punch. All who have read his later works will allow that he was a writer of no ordinary talent. Among other things he could dash off a little tale with rare humor, infuse much spirit into a song, and win the attention of children by such works as "The Careless Chicken," and "Fairy Footsteps."

Every collection of English verse, made within the last quarter-century, has contained a certain poen on the birth of Christ, through which runs the refrain:

The solemn midnight, Centuries ago, its author, Alfred parcels, ready for use. For a sick room, a nursery at night, or even for a library, the plan is admirable. Just try it. Besides it is a stored in a damirable. Just try it. Besides it is a stored in a damirable. Just try it. Besides it is a stored in a damirable. Just try it. Besides it is a stored in a damirable. Just try it. Besides it is a stored in a damirable. Just try it. Besides it is a stored in a damirable. Just try it. Besides it is a stored in a damirable. Just try it. Besides it is a stored in a damirable. Just try it. Besides it is a stored in a damirable. Just try it. Besides it is a stored in a damirable. Just try it. Besides it is a stored in a damirable. Just try it. Besides it is a stored in a damirable. Just try it. Besides it is a stored in a damirable. Just try it. Besides it is a stored in a damirable. Just try it. Besides it is a stored in a damirable. Just try it. Besides it is a stored in a damirable. Just try it. Besides it is a stored in a damirable. Just try it. Besides it is a stored in a damirable in a damirable in a damirable in a damirable in the most of parts of normal strains and with the attention of children by such works as "The Careless Chicken," and "Fairy Footsteps."

Every collection of English verse, made within the last quarter-century, has contained a certain poen on the birth of Christ, through which runs the refrain.

Centuries ago, it a suther, Alfred Domet gave a royal entertainment to his friends; left them leaning on Robert Brown ing's arm; left him, and v parcels, ready for use. For a sick room, a nursery at night, or even for a library, the plan is admirable. Just try it. Besides, it is so cleanly. If you don't choose to provide yourself with paper bags, you can wrap the coals in pieces of newspaper at your leisure, and have them ready for use when occasion requires.

If it it it it is, left them, leaning on Robert Browning's arm; left him, and vanished. Many years after, he was seen in a boat manned with savages, off the coast of New Zealand, but this was the only glimpse vouchsafed his friends. He was long ago given up for dead. Brownings poem of: Waring' is founded on this strange career. Recently the supposed dead man came back, wearled

Lamp chimneys are apt to break if fitted tightly into the socket. This allows no room for expansion when they are heated.

A loose fit, when cold, should always be preferred: after the lampic lightly and the lambig lightly and th preferred; after the lamp is lighted the chimney will be found to expand sufficiently to fill the socket.

To know how to wait is the secret of suc-

THE FIGHTING TANNER, AIR_"Root Hog or Die."

There was a fighting tanner
That lived in Illinois,
Who bere aloft the banner
That treason would pleatray;
The rosols came to meet him,
with bay'net, shot, and rhell
And swore they would defeat him.
But he tanned their jackets well.

Thire was a mighty farmer,
That fived at Chings aut.

This Cut illustrates the manner of Using DR. PIERCE'S ountain Nasal Injector,

This instrument is especially designed for the pe R. SALE'S CATARRH REMEDY IN. SALES CHTARRY REMEDY.

It is the only form of instrument yet invented with which that medicane can be carried high up and yet/feelly applied to all parts of the affected mean parsages, and the chambers or cavities communicating therewith, in which sores and aloers frequently exist, and from which the catarrhal discharge generally needed. The want of success in treating entarth heretofor has alisen largely from the impossibility of applying remedies to these cavities and chambers by any of the ordinary methods. This obstacle in the way of effecting cures is entirely overcome by the invention of the Duncho. In using this instrument, the fluid is carried by its own weight (no souffing forcing or pumping being required) up one nostril in a full gontly flowing stream to the highest portion of the massle passages, passes into and thoroughly cleanses all the tuberand chambers connected therewith, and flows out of the opposite nostil. Its use is the masal passages, passes into and thoroughly changes all the tuberand chambers connected therewith, and flows out of the opposite nostil. Its use is pleasant and so simple that a child could understand it. Full and explete the supplications of the child could understand it. Full and explete the supplications. Symptoms of Catarria: Frequent head-sche, discharge falling into three generimes produce, watery, thick mucus, parulent offensive, dec.
