The new horse plague or epidemic now spreading among horses is said to be much like Diplitheria in the Human Race. Stimulating applications to the throat are beneficial in both disorders, so that horsemen are new disposed to use Salutifer quit freely for this purpose. This seems to be rational treatment, from the marked success of Salutifer when used for Diphtheria.

And so many of them did not turn out to the meeting Saturday night, though we trust they will all be and coarse work. All as cheap as any deal-on hand at the polls to-day. But those who er in the State. Nov. 5, 2w. did attend at the Court House, were richly repaid for their trouble, for they heard a couple of excellent speeches-among the

best made during the campaign. Hon J. B. Niles spoke first and reviewed in a rapid manner the State and national record of the Republican party, showing what it had done for the finances of Pennsylvania and of the country at large, and calling attention to the happy results of its policy as shown in the sound currency of the country and the universal prosperity of the people. He then explained why ha could not vote for Mr. Greeley, calling attention to his secession record, to his Portland speech, and to his more recent utteran-

ces while "swinging around the circle." After he had concluded, Hon, H. W. Williams delivered one of the most logical and convincing arguments in favor of the continued supremacy of the Republican party judicial in manner and spirit.
