beams fall

groan,
stone,
hand hapl- cast
is past,
nd o'erlaid,
tall grass-blade,
s bloom,
ich perfume.

There, in its cool and quiet bed,
She set her burden down and fled:
Nor flung, all eager to escape,
One glance upon the perfect shape
That lay, still warm and fresh and fair,
But motionless and soundless, there.

No human eye had marked her pass
Across the linden-shadowed grass
Ere yet the minster clock chimed seven:
Only the innocent birds of heaven—
The magpie, and the rook, whose nest
Swings as the elm tree waves his crest—
And the lithe cricket, and the hoar
And huge-limbed hound that guards the door.
Looked on, when, as a summer wind
That, passing, leaves no trace behind,
All unapparelled, barefoot all,
She ran to that old ruined wall,
To leave upon the chill, dank earth,
(For ah! she never knew its worth,)
Mid hemlock rank, and fern, and ling,
And dews of night, that precious thing!

And there it might have lain forlorn,
From morn till eve, from eve till morn.
But that, by some wild impulse led,
The mother, ere she turned, fled,
One moment stood erect and high;
Then poured into the silent sky
A cry so jubilant, so strange,
That Alice—as she strove to range
Her rebel ringlets in her glass—
Sprang up and gazed across the grass;
Shook back those curls so fair to see,
Clapped her soft hands in childish glee,
And shrieked—her sweet face all a-glow,
Her very limbs with rapture shaking—
"My hen has laid an egg, I know;
And only hear the noise she's making!"

LITERATURE AND ART.

Of course France has an almanac anti-Prussian for 1873.

A poetess of Terre Haute is doing the recent Presidential canvass into an epic.

The works of Louis Figuier have thus far been translated into six languages.

"London Mixture" is the curious title of the Christmas number of *Good Things*.

Disraeli says: "Every production of genius must be the production of enthusiasm.

A London paper says a new novel may be expected in the course of the season by Mr. Shirley Brooks.

Fialin de Persigny, Napoleon's bosom friend has left memoirs, which his son is preparing for publication.

Rev. Samuel Johnson has the second volume of "Oriental Religions in Persia and China" well under way.

Mr. T. Combe, of Oxford, England, has given to the university of that city a valuable collection of pre-Raphelite paintings.

James Russell Lowell's humerous poem, "The Courtin'" has been illustrated in silhouette by Winslow Homer, and issued as a gift book.

The wife of A. M. Griswold, the "Fat contributor," lies dangeronsly ill at Milan, whither she went to attend the *debut* in opera of an only sister.

In removing the whitewash from the walls of the old post office at Fribourg some fine old fresco paintings were discovered. These are attributed to Holbein.

Many fine fragments of statues have been discovered in making excavations at the Oestro Pretorii, Rome. They include a head of Juno and the chief portion of a Venus.

Dr. C. M. Ingerly has in press in England a work entitled, "Shakespeare's Prayse Sung by the Poets of a Centurie," being a complete catena of song allusions to our great bard.

A very important picture has lately come to light in Boston. It is by Bartolomeo Passerotti, a noted Bolongnese engraver who died in 1592, and is a portrait of the artist himself.

Seven thousand one hundred and fifty thalers (about $6,000) were paid for a twenty-four page printed book by the British Museum Library. The book was the "Ars Moriendi," recently without date, but printed A. D. 1450.

The folio has so far disappeared that hardly any thing is now published in that shape in England except Bluebooks, and the folio editions, even of the best writers of the last century, are sold in the shops for about the price of waste paper.

Mrs. Henry Wood's last novel, "Within the Maze," gets rather rough handling at the hands of the English literary reviews. But it is quite as readable as her other works whereof Peterson & Brothers, of Philadelphia, publish the startling number of twenty-six.

A Mr. Walker lately read before the British Association, at Brighton, a paper on "Dinitrobombenzine," which, to quote the *local report*, was full of such words as mononitromonobrombenzine, and metamonitromonobrombenzen, and therefor not calculated for light reading.

The new edition of Dr. Burton Hill's History of Scotland, which has been largely rewritten by him and is almost ready, pays particular attention to the results of recent discovery in regard to stone and bronze ages in Denmark and Norway, and now embraces a period of 1,700 years.

Mr. Robert Browning is at work on a new poem, and, a London paper tells us, has been foreswearing dinner parties of late, in order to write the more diligently—a real piece of self-denial, for the author of "Paracelsus" and "Fifine" loves the feast of reason and flow of soul which are to be had at good houses.

The *Athenæum* suggests that when the foreign delegates to the Free Trade Congress, called by the Cobden Club for next summer—many of whom will be literary men—are assembled in London, perhaps it may be possible to make a fresh move in the direction of international copyright and of uniform international postage.

"Long Ago" is the title of a new English monthly, to be devoted to popular antiquities, with departments for reports of archæological societies, researches, &c. The principal feature, however, is to be a series of original articles, by well known writers on manners, customs, and literary, political, and social life of the "olden time."

Mr. S. L. Fildes, the young artist who attracted Mr. Dickens' notice and was engaged by him to illustrate "Edwin Drood," has recently completed an idyllic picture which London critics aver has raised him to high rank in his art. It is called "Fair, Quiet, and Sweet Rest," and was inspired by a passage in Tennyson's "Lotus Eaters."

The *Cosmopolitan* states that Dr. Dasant received £1,000 from Messrs. Chapman & Hall for his last novel, "Three to One." He had arranged with Messrs. Hurst & Blackett to publish it, and was to have received £750 but when he was offered the higher figure the first purchsers of the work handsomely complied with his request that he might be allowed to buy his manuscript back.

Now it is W. J. Stillman, artist, who aims to set history aright. He says the Venus de Milo, which every body goes to see in the Louvre who goes to see the Louvre, isn't the Venus de Milo at all. It is a Greek statue of Minerva, says Mr. Stillman, which some Frenchman made into a Venus with a Grecian bend by tipping it forward and putting a wooden wedge behind it.

It is reported that five of the finest paintings in the Royal Academy at Berlin have been wilfully cut with a knife. The damaged works are Ruben's "Andromeda" Gerard Douw's "Magdalen," and the others are by Cornelius de Harleem and Verkoje. The damage was done on five successive mornings, a canvass being cut each day, yet the attendants saw nothing, nor have the culprits been discovered.

The estimated wealth of the most eminent writers of France, all of whom started in life without any thing, is as follows: Victor Hugo, 600,000f: George Sand, nearly twice as much; Emile de Girardin, 3,500,000f Adolphe Thiers, 1,000,000f; Alexandre Dumas, *fils*, 400,000f; Edmond About, 250,000f; Alphonso Karr, 100,000f; Jules Janin, 750,000f; Edward Lavoulaye, 100,000f; Victorien Sardou, 600,000f; Theophile Gautier died a millionaire, and the widows of Scribe and Ponsard live in affluence. But the widow of the celebrated Proudhon has to eke out a precarious living as a washer-woman.

—The late James T. Brady was very fond of the ready natural wit of his countrymen One day, speaking of this to a friend, he said, "I'll just show you a sample. I'll speak to any of those men at work, and you'll see that I get my answer." Stepping up to the men who were at work on a cellar near by, he spoke to them cheerfully:

"Good-day, good-day to you, boys. That looks like hard work for you."

"Faix an' it is," was the answer, "or we wouldn't be havin' the doin' of it."

Pleased with this, he asked the man what part of Ireland he came from.

"Ah!" said Brady on, hearing the name, "I came from that region myself."

"Yis" said the man, with another blow of his pick, "there was many nice people in that place; but I never heard that any of 'em left it."

Corning, Sept 26, 1872. SMITH & WHITE.

CURES DISEASES OF THE

THROAT, LUNGS, LIVER & BLOOD.

In the wonderful medicine to which the afflicted are above pointed for relief, the discoverer believes he has combined in harmony more of Nature's most sovereign curative properties, which God has instilled into the vegetable kingdom for healing the sick, than were ever before combined in one medicine. The evidence of this fact is found in the great variety of most obstinate diseases which it has been found to conquer. In the cure of **Bronchitis, Severe Coughs,** and the early stages of **Consumption,** it has astonished the medical faculty, and eminent physicians pronounce it the greatest medical discovery of the age. While it cures the severest Coughs, it strengthens the system and **purifies the blood.** By its great and thorough blood purifying properties, it cures all **Humors** from the worst **Scrofula** to a common **Blotch, Pimple or Eruption.** Mercurial disease, Mineral Poisons, and their effects are eradicated, and vigorous health and a sound constitution established. **Erysipelas, Salt Rheum, Fever sores, Scaly or Rough Skin,** in short, all the numerous diseases caused by bad blood, are conquered by this powerful, purifying and invigorating medicine.

If you feel dull, drowsy, debilitated, have sallow color of skin, or yellowish brown spots on face or body, frequent headache or dizziness, bad taste in mouth, internal heat or chills alternated with hot flushes, low spirits and gloomy forebodings, irregular appetite, and tongue coated, you are suffering from **Torpid Liver** or **"Biliousness."** In many cases of **"Liver Complaint"** only part of these symptoms are experienced. As a remedy for all such cases Dr. Pierce's Golden Medical Discovery has no equal, as it effects perfect cures, leaving the liver strengthened and healthy. For the cure of **Habitual Constipation** of the Bowels it is a never failing remedy, and those who have used it for this purpose need no loud in its praise.

The proprietor offers $1,000 reward for a medicine that will equal it for the cure of all the diseases for which it is recommended.

Sold by druggists at $1 per bottle. Prepared by R. V. Pierce, M. D., Sole Proprietor, at his Chemical Laboratory, 133 Seneca Street, Buffalo, N. Y.

Invalids Don't Despair.

Thousands have found relief, and thousands will turn to this medicine, after exhausting their purses and patience in search of health.

Giddiness of the head, dullness of the mind, fœtid breath, coated tongue, loss of appetite, pains and weakness in the stomach, enlargement of the liver, yellowness of the skin, constant fever and thirst, with a total disrelish for business, pleasure, or any kind of employment, FAHRNEY'S PANACEA, if taken and persevered in for a few days, will remove this whole class of symptoms. The fluids of the body become pure, the mind clear, the stomach strengthened, the tongue clean, the appetite improved, and the whole system so benefitted that diseases, in bad weather, is less liable to afflict you.

Sold by **DR. P. FAHRNEY'S** Manufr.

Celebrated Blood Cleanser & Panacea.

As a medicine for children the panacea is, in every way, calculated to take the place of the endless variety of drugs which are annually sold for that purpose, and which are often very injurious. A medicine which possesses the qualities of a cathartic as well as a mild alterative, and which is capable of arresting disease without the least injury to the child, is of incalculable value to every mother. As a cathartic it is very effective, yet it does not, if given in proper quantities, cause nausea or distress in the stomach or bowels.—It is very pleasant to the taste, which is a very important feature as a medicine for children. As a *preventive* of disease it is unprecedented, as it acts directly upon the digestive organs and the blood. In all scrofulous diseases it is the most effective medicine ever offered to the public, and if given regularly and perseveringly those eruptive diseases so common to children may be entirely eradicated.

Prepared by P. Fahrney & Co., Waynesboro, Pennsylvania, and Dr. P. FAHRNEY, North Dearborn Street, Chicago. Price $1.25 per bottle, for sale by druggists generally and retail dealers, and by Druggists in Corning, Wellsboro, &c.

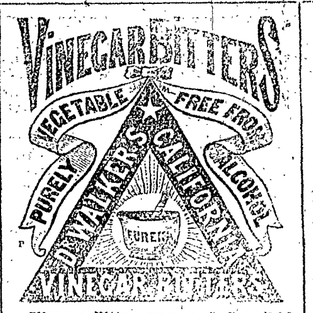
Jan. 24, 1873.-4t. JOHN H. PUTNAM & BRO.



Vinegar Bitters are not a vile Fancy Drink, made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all alcoholic stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion. Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver and Visceral Organs, and in Bilious Diseases.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-Heads, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when it is obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Grateful thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist: There is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of Medicine, no vermifuges, no anthelmintics, will free the system from worms like these Bitters.

Mechanical Diseases. Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, will be subject to paralysis of the Bowels. To guard against this take a dose of WALKER'S VINEGAR BITTERS once or twice a week, as a Preventive.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. These are always more or less obstructions of the liver, a weakness and irritable state of the stomach, and great torpor of the bowels, being clogged up with vitiated accumulations. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Scrofula or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goiter, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

Dr. Walker's California Vinegar Bitters act on all these cases in a similar manner. By purifying the Blood they remove the cause, and by resolving away the effects of the inflammation (the tubercular deposits) the affected parts receive health, and a permanent cure is effected.

The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic and Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

The Aperient and mild Laxative properties of Dr. WALKER'S VINEGAR BITTERS are the best safeguard in all cases of exanthems and malignant fevers, their balsamic, sedative, and tonicity properties protect the humors of the fluids. Their Sedative properties allay pain in the nervous system, stomach, and bowels, either from inflammation, wind, colic, cramps, etc. Their Counter-Irritant influence extends throughout the system. Their Diuretic properties act on the Kidneys, correcting and regulating the flow of urine. Their Anti-Bilious properties stimulate the liver, in the secretion of bile, and its discharges through the biliary ducts, and are superior to all remedial agents, for the cure of Bilious Fever, Fever and Ague, etc.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus forearmed. The liver, the stomach, the bowels, the kidneys, and the nerves are rendered diseases-proof by this great invigorant.

Directions.—Take of the Bitters on going to bed at night from a half to one and one-half wine-glassfull. Eat good *nourishing food, such as beef steak,* mutton chop, venison, roast beef, and vegetables, and take out-door exercise. They are composed of purely vegetable ingredients, and contain no spirit.
