It is reported that at Honesdale last Wedfor this advertisement. A. B. EASTMAN. Patented June 27th, 1871.

A most wonderful and eleganity constructed Sewing Machine for Family Work. Complete in all its Parts. Uses the Straight Eye Pointed Needle, Self Theratory, and Circle upright Positive Motion, New Tension, Self Feed and Cloth Guidor. Operates re Whire, and on a Table. Light Euming, Smooth and noiseless like all good high priced machines. Has Putent Check to prevent the wheel being turned the wrong way. Uses the thread direct from the spool. Makes the Flashic Lock Stitch, (finest and strongest stitch known;) firm, durable, close and rapid. Will do all kinds of work, fine and course, from Cament to heavy Cloth or Leathers, and uses all descriptions of thread. This Machine is Heavily construction to give it strength; all the parts of each Machine being made alike by machinery, and beautifully finished and commented. It is very easy to learn. Rapid, Smooth and Silent in operation: Reliable st all times, and a Practical, Scientific, Mechanical Invention, at Greatly Reduced Price.

A Good, Cheap, Family Sewing Machine at last.—The first and only success in producing a valuable, substantial and reliable low priced Sewing Machine. Its extreme low price reaches all conditions. Its simplicity and strength adapts it to all capacities, while its many merits make it a universal favorite wherever used, and creates a rapid demand.

It is all. It is recommended. Middlebury..... 152 Patented June 27th, 1871. Baby's Shoes. nesday night the mercury stood at \$1 degrees For Sale-a very desirable house and lot below zero.
