Karigmarole.

Deep grief had seized His Highness, the Prince of Ballyhoo!
He went round looking very black, and feeling very blue,
For lately to his dozen wives he'd added still another,
And that wife she was a lady with a most colloquial mother.

One morning as he strolled along the ever-sounding sea,
His deep grief found expression in a sad soliloquy:
"Ah, me!" he groaned, "of all the plagues that mortal ever saw,
There's surely none can hold a light unto a mother-in-law.

"Here I and Katerpilla (last and best of all my wives
Might dwell in peaceful wedded bliss all through our future lives,
Except for old Karigmarole—a thousand curses on her!"—
And getting desperate with the thought he went and wrote to Bonner.

"Dear Sir: I have a question of import very solemn,
Which I'd like to have you answer in your Correspondent's column.
I've got the mother-in-law so bad I don't know what to do;
Pray tell me of a remedy!
"The Prince of Ballyhoo."

And Bonner answered briefly: "Since you make us your physician,
We humbly venture to prescribe a large dose of submission."
But the devil in the *Ledger* office, for his own diversion,
With fiendish glee quite brutal, for submission put submersion.

Next week the *Ledger* came to hand, and what the royal eyes
Eagerly scanning fell upon this blood-thirsty advice,
His blackmouths expanded in a very joyous smile,
And he capered round his chamber in a most unprincely style.

Then he went and hid a clothes-line and a rock in his canoe,
And politely wrote Karigmarole a little billet-doux;
His boat was on the shore, (he said) his bark upon the sea,
If she'd like to go a rowing, she'd an opportunity.

Quit where the sunken coral-reefs their stormy watches keep,
Karigmarole lies anchored a thousand fathoms deep:
And where the isle of Ballyhoo upholds the royal villa,
The Prince he lives in quiet with his lovely Katerpilla

And still he takes the *Ledger*, and now the name of Bonner
The little Ballyhoos are taught to reverence and honor;
And in that happy household each eve a prayer is prayed
That he may sometime get a horse to beat the Goldsmith Maid.

LITERATURE AND ART

Father Burke is in New Orleans.

Joaquin Miller is about publishing a novel.

Rochefort's new romance is to be called "Les Depraves."

Dr. Franklin incited the first scientific lecturer to his mission.

Thackeray's daughter is the queen of the literary circles of London.

Mr. Gladstone denies that he devotes a portion of each day to a study of "Homer."

Major Bundy, of the New York *Mail*, does the foreign affairs and gossip for that paper.

Tom Hood, editor of London *Fun*, and the son of the famous Tom Hood, is lecturing in Scotland.

It appears that George William Curtis is under an engagement to the Harpers for two years longer.

Dr. Strauss' new work, "Old and New Faith," has gone through three large editions in two months.

The New Orleans *Times* claims to have increased its circulation 5,000 since its very temporary suppression.

Boston feels an unchristian satisfaction in announcing that the international musical festival at Geneva entailed a large pecuniary loss.

Rev. William R. Alger's "Life of Edwin Forrest," will include a history of the rise and development of the dramatic art in modern times.

Dickens once said of the newsboys that "they seemed fresh from the hands of Nature," Some one thinks Nature must have had very dirty hands.

A rumor is current that Mr. Gladstone is about to honor journalism by conferring a baronetage upon one of the proprietors of the *Daily Telegraph*.

The New York *Mail* says that Froude, when he gets back to his base of supplies in England, will inaugurate a vigorous long-range pamphletary campaign against Wendell Phillips.

The *Commercial Advertiser*, hearing that Sylvanus Cobb, Jr. still lives "to champ the bit of fancy," remarks: "There never was much corn on that Cobb, but he has been a perfect prodigy of husks.

The Rev. J. M. Bellew, who has gained a great reputation in England and Ireland as an elocutionist of unusual power, will sail for America next Thursday. He will give readings in this country.

Dr. Edward Eggleston, late editor of the *Hearth and Home*, has been engaged to write the life of Peter Cartwright, the pioneer of Methodism in the West. The writer and his subject are perfectly compatible.

The *Spectator* points out that Warwickshire, which produced by far the greatest of English authors—Shakespeare—has also produced by far the greatest of English authoresses—George Eliot, the author of "Middlemarch."

Mr. John Forster the biographer of Goldsmith and Dickens, has been confined to his room for some days by a serious illness. Mr. Forster is now an old man, and the state of his health is causing great anxiety to his friends.

One of our exchanges says: "There is a certain paper in this vicinity which always puts in a claim of having originated every public movement. It will soon claim the credit of having driven Adam from the garden of Eden."

Roberts Brothers have not got *Off the Skeliigs* yet. They remain there contented so great is the throng of customers for what they have to sell. Seven thousand people have already boarded the yacht, and insisted on having a copy of the journal of the cruise.

Mrs. Joaquin Miller, on being recently asked by a Chicago reporter, if she regretted her separation from her husband evaded an answer, and said she was "very willing to sail down the stream of time alongside of Lady Byron, Mrs. Bulwer and Dickens' wife.

The London *Athenæum* says it is rumored that Mr. Stanley's publishers have paid him £1,000 down for his book, and have agreed to pay him £500 more on the sale of every 3,000 copies, and half the profits on wholesale. They have, it is said, printed for the English and American markets 5,000 copies.

Since Edward Eggleston has become a regular novelist, he drops the "Rev." from his name, and still he is a minister in good standing in the Methodist Episcopal Church. The times have changed since the days when members in that denomination were warned with awful solemnity against reading novels.

The London corresondent of the *Scotsman* asserts that the gentleman who calls himself Lewis Carroll, and as such is so widely known as the author of the fairy stories, "Alice's Adventures in Wonderland" and "Through the Looking-Glass," is the Rev. Mr. Dodgson, of Christ Church, Oxford. The stories were first told, he understands, to Miss Alice Liddell, the daughter of the Dean of Christ Church.

The French Government has issued a private notice that it will not allow the publication of any new journal; there are a great deal too many as it is. So much for French Republicanism. It is said however, that M. Ledru Rollin has obtained permission to publish a newspaper, which will be called either *Le Conciliant* or *La Constitution*. Think, in America, of applying to a Governor or the President for such a permit!

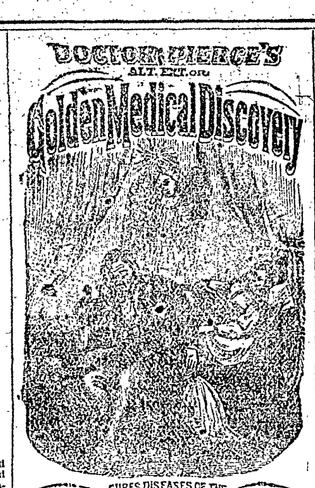
DOCTOR PIERCE'S

ALT. EXT. OF

Golden Medical Discovery



CURES DISEASES OF THE

THROAT, LUNGS, LIVER & BLOOD.

In the wonderful medicine to which the afflicted are above pointed for relief, the discoverer believes he has combined in harmony more of Nature's most sovereign curative properties, which God has instilled into the vegetable kingdom for healing the sick, than were ever before combined in one medicine. The evidence of this fact is found in the great variety of most obstinate diseases which it has been found to conquer. In the cure of **Bronchitis, severe Coughs,** and the early stages of **Consumption,** it has astonished the medical faculty, and eminent physicians pronounce it the greatest medical discovery of the age. While it cures the severest Coughs, it strengthens the system and **purifies the blood.** By its great and thorough blood purifying properties, it cures all **Humors** from the worst **Scrofula** to a common **Blotch, Pimple or Eruption.** Mercurial disease, Mineral Poisons, and their effects are eradicated, and vigorous health and a sound constitution established. **Erysipelas, Salt Rheum, Fever Sores, Scaly or Rough Skin,** in short, all the numerous diseases caused by bad blood, are conquered by this powerful, purifying and invigorating medicine.

If you feel dull, drowsy, debilitated, have sallow color of skin, or yellowish brown spots on face or body, frequent headache or dizziness, bad taste in mouth, internal heat or chills alternated with hot flushes, low spirits and gloomy forebodings, irregular appetite, and tongue coated, you are suffering from **Torpid Liver or "Biliousness."** In many cases of "**Liver Complaint**" only part of these symptoms are experienced. As a remedy for all such cases Dr. Pierce's **Golden Medical Discovery** has no equal, as it effects perfect cures, leaving the liver strengthened and healthy. For the cure of **Habitual Constipation** of the Bowels it is a never failing remedy, and those who have used it for this purpose are loud in its praise.

The proprietor offers $1,000 reward for a medicine that will equal it for the cure of all the diseases for which it is recommended.

Sold by druggists at $1 per bottle. Prepared by R. V. Pierce, M. D., Sole Proprietor, at his Chemical Laboratory, 133 Seneca Street, Buffalo, N. Y.

VINEGAR BITTERS

Vinegar Bitters are not a vile Fancy Drink, made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the system, carrying out all poisonous matter and restoring the blood to a healthy condition, enriching it, giving appetite, and invigorating both mind and body. They are easy of administration, prompt in their action, and certain in their results, and all reliable in all forms of disease.

No Person can take these Bitters according to directions, and remain long unless disease has destroyed vital organs or the system beyond the reach of medicine, and even then they relieve the sufferer more than any other remedy.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. These are always more or less obstructions of the liver, a weakness and irritable state of the stomach, and great torpor of the bowels, being clogged up with vitiated accumulations. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the Secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goiter, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

Dr. Walker's California Vinegar Bitters act on all these cases in a similar manner. By purifying the Blood they remove the cause, and by resolving away the effects of the inflammation (the tubercular deposits) the affected parts receive health, and a permanent cure is effected.

The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic and Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

The Aperient and mild Laxative properties of Dr. WALKER'S VINEGAR BITTERS are the best safeguard in all cases of eruptions and malignant fevers, their balsamic, healing, and soothing properties protect the humors of the fauces. Their Sedative properties allay pain in the nervous system, stomach, and bowels, either from inflammation, wind, colic, cramps, etc. Their Counter-Irritant influence extends throughout the system. Their Diuretic properties act on the Kidneys, correcting and regulating the flow of urine. Their Anti-Bilious properties stimulate the liver, in the secretion of bile, and its discharges through the biliary ducts, and are superior to all remedial agents, for the cure of Bilious Fever, Fever and Ague, etc.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus forearmed. The liver, the stomach, the bowels, the kidneys, and the nerves are rendered disease-proof by this great invigorant.

Directions.—Take of the Bitters on going to bed at night from a half to one and one-half wine-glassfull. Eat good nourishing food, such as beef steak, mutton chop, venison, roast beef, and vegetables, and take out-door exercise. They are composed of purely vegetable ingredients, and contain no spirit.

Tumor of 12 Years' Growth Cured by Radway's Resolvent.

DR. RADWAY:—I have had a tumor in the lower part of my bowels. All the Doctors said "there was no help for it." I tried every thing that was recommended; but nothing helped me. I saw your Resolvent, and thought I would try it; but had no faith in it, because I had tried so many things. After taking one bottle of the Resolvent, and one box of Radway's Pills, and two bottles of your Ready Relief, and through the use of them it is to-day as well as I ever was or felt, and I feel better, smarter, and happier than I have for twelve years. The worst tumor was in the left side of the bowels, over the groin. I write this to you for the benefit of others. You can publish it if you choose.
