EGYPTIAN CORN !

THE subscribt roffers to the farmers through the county the Egyptian Corn, which upon trial was found to ripen if planted even the last of July. It is estimated, from its very prolific qualities, to yield 150 bushels per scre, and weighs, by measure, 65 pounds to the bushel. This corn was produced from some procured direct from Mr. Jones, our Con-sular Agent; directly on his return from Egypt. It needs no different culture from that of other varieties, and in the South two crops can be raised on the same ground in only year. Higrows in the form of a tree, and 94 ears have grown upon one stalk—sverage from 6 to 15 ears. For domestic use it is unparalleled. Whan ground and properly bolted, it is equal in color and increase to wheaten flour. As a forage crop, by sow-ing in drills or broadedst (for early feed, there is no kind of corn so well adapted to milch cows, and non-that will yield half the value in any State. THE subscribtr offers to the farmers through the

that will yield half the value in stalk or corn. It can be successfully grown in any State. TERMS:-In order that all may receive seed, we have reduced the price to one dollar a package. Any person who will get up a club of five, will receive a package gratis-15 packages for \$10; 50 packages for \$20; 100 for \$30. One package will contain enough to plant the following season from 20 to 30 acres; allo, directions for planting it. Address, ERASTUS COOPEB. Feb. 25, '73-3m. Knoxville. Tioga Co., Pa.
