

News Department.

THE ATLANTIC MONTHLY is for sale by Messrs. Hunt & Miner, and by Mr. W. A. Gildenferne.

Patent Office Reports.

We are indebted to Hon. David Ritchie, our Representative in Congress, for the volume on Agriculture, of the Patent Office Reports.

The Banks.

THE PENNSYLVANIA Banks have generally accepted the Relief Law. The country Banks greatly interfere with the facilities of business, by not keeping their notes at par in the cities.

THE MISSOURI Banks have obtained the sanction of the Legislature for their suspension of specie payments.

BOSTON.—The Banks are doing considerable business. The State Bank is doing well.

NEW YORK.—The notes of sound country Banks are received at par in the city.

Elections.

OHIO.—Governor Chase is re-elected by a plurality of 1508.

WISCONSIN.—A. W. Randall, Republican, is probably elected Governor; there is a Republican majority chosen to each branch of the Legislature.

LOUISIANA.—The Democratic State ticket is elected. Most of the members of Congress, elect, and of the Legislature, are of the same party.

MARYLAND.—There were election riots in Baltimore. Three men were seriously injured.

NEW JERSEY.—Both houses of the Legislature are Democratic.

California.

The Star of the West arrived at New York on the 4th. She brought \$1,464,000 in specie. The mines were wrought with usual success.

It is stated that Col. John C. Fremont has purchased the Merced and Mariposa Canals, for the sum of \$25,000, and goes East for the purpose of procuring sufficient capital to push the enterprise to completion.

The Stockton Artesian Well has been bored to a depth of nine hundred and twenty-three feet, and a considerable stream rises to the surface. The work is to be continued.

THE ORIGINAL VOTE OF CALIFORNIA.—The total vote was 100,000. The Whigs received 50,000, the Democrats 45,000, and the Independents 5,000.

Oregon.

The Constitutional Convention rose, after a session of five weeks. It borrowed, of course, from the other States, particularly from Michigan, Indiana, and Iowa.

The Governor's term of office is four years; and he is Superintendent of Public Instruction, with a salary of \$10,000 per annum.

The sessions of the Legislature are to be biennial, and are limited to forty days; but the Governor may call extra sessions, not to exceed twenty days at any one session.

Kansas.

It is stated that Walker's object in stationing troops at Leontown was not exactly to protect the frontier, but to keep the territory quiet, and to be prepared for any action his pro-slavery enemies might make against him; but because the Legislature having a large Free State majority, they will probably resist.

Masters are again assuming a quiet form, and the political horizon is less ominous of discord than on some other occasions.

A great change has taken place with the people of the Territory. The conservative party, laying the foundation stone of the Gracious Monument, has urged stern justice to the mutineers, and stated that recruiting was progressing in a perfectly irreconcilable manner.

A farrow demonstration was given to Neal by the temperance men, at Liverpool, on the 23d ult. He is a passenger per the Canada. There had been a monetary pressure on the banks of Ireland.

Money matters were stringent, and prospects somewhat gloomy. A forced circulation of paper was slightly probable.

The Daily News Paris correspondent writes that the Governor of the Bank of France went to London, on the 10th of November, on a mission of peace.

The bullion in the Bank of France was stated, upon reliable authority, to have decreased thirty millions of francs since the last monthly returns.

Fallures were confidently expected in Paris. Gold was being taken from the Bank of France for shipment to America.

The King of Prussia was regaining his health very slowly indeed; it is inferred that his physicians, by the use of the mineral waters of Baden, had succeeded in restoring him to his throne.
