

## THE PRESBYTERIAN BANNER AND ADVOCATE.

cessfully. And now they come up themselves. The Doxologies are fugitives—different in different assemblies. The Assembly never had adopted them.

Dr. Edwards yielded to a motion to adjourn.

### Afternoon Session.

The Assembly took up unfinished business, relative to the North-West Seminary. Theological Seminary; the question being on the location, and Indianapolis and Chicago having been nominated.

Dr. Rice.—The best interests of the Church are to be regarded. It is a duty to call all that is right, but is it not true, Indianapolis is not the place; and no Synod and no Presbytery has asked for more than one. The Seminary ought to be strong—one well endowed is better than two feeble ones. If you locate with a view to another Seminary, it will be difficult to get the best of three. But for there are many brethren in Indiana and Ohio who desire one. Chicago stands right in regard to the other Seminaries. It is sufficiently distant from Danville and Allegheny. And it is a safe place. The West is the place. The Lake Seminary is likely to come to us. The brethren are coming, and when they come, they will bring the Seminary with them. Adoption is in progress.

In Chicago young men are cheap, and they can get the means of making a little to aid them. It is also the centre of one of the most important evangelical fields in the world. We should possess it at once. Gales are numerous and urgent for ministers. Chicago is the place. The West is the place. The West is the place. They said that as the locality, and should not argue against it now. The Synods, also, all said it was the place. All were agreed. It has been said to be sickly. Dr. Rice had lived there twenty months, and had been upon his feet every day. He comes with his own consent and binds himself. And if he finds he is not of us let him withdraw. They go out from us who are not of us. Do not bring them back, and throw them out. If they will not return, persecute them not. But let us not seek to prove that they have their names from the list of professors.

Dr. Wilson, of Georgia, moved that the new Book be sent down to the Presbyteries for approval or rejection.

Dr. Humphrey.—The Book is logical through the whole will need to be remodelled. Is the

Assembly ready to consider it item by item?

This matter was before the Board in 1818.

A Committee was then appointed to consider it.

It was referred to the Board, and was again under consideration by the Synods, and was amended and sent down to the Presbyteries for advice.

The next four days were consumed by the Synod upon it. It was then sent down to the Presbyteries for approval.

Now shall we wait for the faith of the Church with a due sense of caution.

And he had very little to do in visiting the sick. It is the most healthful city he ever lived in. The lake breezes are healthful.

Mr. McCormick gave the money on principle.

It is a safe place, but is it not safe to live in?

He made his money in the North-West, and wishes to build religion in that country. He makes nothing to himself. If the brethren do not like the forty-five acres, a mile and a half out, there is an offer of three acres in the city.

It is a safe place, but \$50,000 additional will be given for buildings; and the use of buildings will be furnished gratuitously to commence with.

Rev. T. M. Cunningham, of Indianapolis, could say this was not well, with the people having a majority of persons on our side, and a small number of others.
