lowment of the Fourth Professorship in the Vestern Theological Seminary, Synod Resolved, That, while the churches thus far for various reasons, have failed to come up to the recommendation of the Synod, yet it is earnestly hoped that ministers and congregations will continue their efforts until the whole amount he obtained, according to the intention and orig-inal resolution of the Synod, and that at the

earliest possible period.

Dr. A. S. McMaster presented the following preamble and resolutions, which were dopted by the Synod with entire unanimity:
WHEREAS, The American Colonization Society has many times, and almost from the time of it has many times, and added to the or its origin, been carnestly recommended by General Ascemblies. Synode, and Presbyteries of our Church, and among others, by this Synod; and, whereas, this Synod believes the Society to be eminently worthy of continued favor and sup-

port; therefore,
Resolved, That this Synod, regarding the American Colonization Society with deep and unabated interest, as providing a home for the free-man of color; as tending to elevate his moral, ocial, civil, and religious character; as affording facilities of emancipation to many philantbropic and patriotic Christian men and women in the slave holding States, who desire to liberate their bond people; as doing more than all other instru-mentalities, to suppress the infamous African slave trade; as opening the way for the evangel zing and civilizing of Africa and the world; the Synod would renewedly recommend the Society to the favorable regard, and active co-operation, of all the churches under the care of the Synod.

Resolved. That this Synod requests the Genaral Assembly to reiterate the approval of the Society, expressed by former Assemblies, and the recommendation of it to the churches. Resolved, That the Stated Clerk of this Synod pectfully ask its early and favorable attention

to the subject. o the subject.

An encouraging report was presented in respect to the condition of the Synodical College at Washington, Pa. The institution appears to be growing in favor, and is gaining a high character for scholarly and literary attainments. Much, however, remains to be done to give it a firm nd proper position, and it is hoped that the friends of religion, and a good sound system of ducation, will not suffer that noble College ever Rev. James Black, of the Presbytery of Red-

tone, was nominated by the Synod as Professor, o fill the vacancy in the Faculty of Washington college, occasioned by the removal of Rev. E. C. Vines, D. D, to St. Louis.

Pittsburgh, October 31, 1859. Government Chaplains. After much careful research it has been scertained that the United States Govern-

ment has from the beginning, chosen two

hundred and fifty six chaplains in all, and in the following proportions: Episcopalians, Presbyterians, . Methodists, . Baptists, Congregationalists, . Roman Catholics, . Unitarians. Dutch Reformed Church. Lutherans. . . Universalists, . . Of the present number of chaplains in the irmy and navy, there are

Episcopalians,

Methodists,

Presbyterians, ...

Congregationalists, That is, the Episcopalians, have within a solutions to the next General Assembly, and fraction twice as many chaplains in the Government service, and by Government appointment, as all other denominations put together; and yet this denomination, in point of numbers, is one of the smallest of the great religious denominations of the country! Is there no reason here for suspecting a design to get the religious control of the army and navy, and no reason to fear an infringement of the spirit of the Coustitution, which keeps apart Church and State? -Presbyterian.

LATER FROM JAMAICA-The Port Royal Discoveries.—A gentleman lately from Jamaica, via Boston, gives some curious particulars in regard to the discoveries made in the harbor of Port Royal, in reference to the ancient city of that name. The discoveries were made by a party of divers, but it was not stated who they were, or what they went for. It turns out, however, that they were sent from this country to explore the wreck of the steamer Osprey, a small vessel o 800 tons, that used to trade between New York and South America, calling into Kingston, Jamaics, a few years ago. The Osprey, in 1856, was on her return voyage, with a rich cargo of India rubber, and other valuables, when she called, as usual, into Kingston. On the very morning of her intended departure, shortly after midnight, she caught fire, through one or two of her crew attempting to steal spirits, and burnt to the water's edge, and then sunk. The divers have been very successful in get-ting out of the hull of the vessel a large quanti-ty of India rubber, and other articles. While ty of India rubber, and other articles. While they were thus engaged, H. M. steamer Valorous entered Port Royal, and, something being the matter with her bottom, the Yahkee divers were employed to search. They did so, and discovered that a portion of the copper had been stripped off, which they made all right. Having done, this, they were encouraged to explore the ruins of the old city, now lying in several fathoms of water, which they did, and reported that they found the streets of the submerged city entire, as they had been laid out, with the ruins of buildings on each side. This is a matter worthy of antiquarian research-if such a term may be used, as it may, in the new world-and though the gold and silver there buried may never be discovered-and who shall say they will not-it is really worth exploring the wreck of a place that was once, insignificant as it now is, one of the most ancient cities in the new world. The divers were still exploring when our informant left.

MONTREAL, Nov. 7.—The following important item of news is taken from the Liverpool Daily Post, of the 27th October, a copy of which was obtained by the steamer North American:—"The public will learn with overflowing grief, that the splendid vessel, the Royal Charter, was totally lost yesterday in Muffa Red Bay, near Bangor. The melting the splendid was the splendid with the splendid will be splendid to the splendid will be splendid to the splendid will be splendid to the sp terday in Muffa Red Bay, near Bangor. The melancholy intelligence, which reached us last night, was brief, but we fear is only too true. Of upwards of 400 persons who were on board, only 10 are said to have been saved. There is some hope, however, that this statement is exaggerated, but under the circumstances the loss of life, it is to be feared, has been immense. The Royal Charter had about half a million dollars in gold on board. When the disaster took place is not known, for the telegraph had ceased to work, and so destructive had been the storm along the coast yesterday that the Chester and Berkenhead Railway had been destroyed in two places. At Penmoname 20 of the bodies of the dead had been washed ashore. The bay in which the catastrophe occurred is 2 or 3 miles westward of Ruffin Island in Anglesea and 6 or 7 miles to the northwest of Beatman's. It has a shallow sandy beach for several miles with promontories at each end of for several miles with promontories at each end of the bay. The country around is wild, and there are hut a few houses about."

change its policy as regards Morocco.

Spain had repeated its disavowal of the ambitious project attributed to her.

The Paris correspondent of the London Times is assured that Mr. Mun had sent a dispatch to say SHELDON & CO., 115 Nassau Street, N. Y., Have just published a new volume of sermons by the Great London Pulpit Orator, whose Sermons have already reached a sale of over TWO HUNDRED THOUSAND VOLUMES, in this country alone.

This volume is the Sixth Series, with an introduction by the Author, and containing a Steel Plate Illustration of SPURGEON'S NEW TABERNACLE. 1 vol., 12mo. Uni-BPURGEUN'S NEW TABBRNACLE. 1 vol., 12mo. Uniform Price \$100.

The publishers have the pleasure of presenting to the American public a new and splendid volume of sermons by Mr. Spurgeon. This is a fitting occasion to say, that these sermons are published in this book precisely as they came to us from the hand of the author himself, with the revisions marked by his own pen, and without a passage or a word heing omitted or added. The discourses are marked by that glowing fervor, intense earnestness, strong conception, vigorous expression, and deep Evangelical Gospel truth, that have made this preacher; in the dew of his youth, the most popular preacher in the world.

We trust confidently that this volume will not be found one whit behind any that has preceded it, and that it will rather exhibit the advancing stature of the preacher in his intellectual grasp, his varied learning; and deep insight into human nature, as well as his increased spirituality and self-devotion. FINHE PACIFIC EXPOSITOR.

The power of the Press is beyond all calculation. Eternity only can reveal its influence upon mankind. All sects and denominations, all schools, creeds, and parties, understand the necessity of using the Press to propagate and defend their opinious and measures. They all have their organs, from the daily sheet to the stately quarterly.

It is not our wish, however, to interfere by this publication, with any other, but to supply what seems to us to be a special and pressing want on this coast. It is believed there is no rortion of our whole continent, where a work of this kind is so much needed as in California. In proportion to the number of inhabitants, there is here more mind and more capability of reading, and more need of reading of the right kind, than in any other part of the globe. We hope to make the Expositor a missionary, that may preach even where the colporteur and the evangelist do not go.

Our own time and brain-toil are cheerfully given to the work, for the sake of trying to preach in this way, from the Press, especially to those who are not within the sound of the voice of the living preacher. The editor and publisher do not propose to make money by the work. They desire only such aid from their fellow-citizens as will meet the expenses of publication. Not one dollar of the subscriptions will be appropriated to the editor's private use. All that is subscribed beyond the actual cost, will be spont in extending the circulation of the work among our minder, cattle-drivers, farmers, sailors and travelers. The Expositors will be issued every month, at three dollars per annum, in advance. It will make an octavo volume of over six nundred pages. It is very neatly printed, and on good paper. The postage prepaid to any part of the United States is one care for each number. Gold dollars, or three dollar pieces, or drafts on the San Francisco Express Companies, can be sent at our risk, by mail. Four numbers have been issued. The work can be furnished to subscribers from the beginning.

have been issued. The work can be furnished to subscribers from the beginning.

To my friends and the Christians of "the blessed old States," I would say, that though California is making them rich, we are poor, and in building up Christian inetitutions, we need not only your prayers and sympathy, but we need your contributions. As a missionary agency, it is difficult to see how yon can do as much by three dollars in any other way, as you can do by subscribing for this work. By means of the Post Office, you can send it to preach to thousands, that have been taught to read, but do not attend church, and indeed have none to go to.

A—Ministers, elders, church officers and others, who are friendly to this work, are invited to act as agents in procuring subscribers. A liberal commission will be allowed. Life is short. The night cometh soon, when no mean can work. Let us work while the day lasts.

Will you help?

THE WEEKLY PRESS will enter upon a New Volume with the approaching New Year. To say, merely, that our paper has been successful, would be to give far too weak and indefinite an idea of our position—for, not only has THE WEEKLY PRESS been established on a secure and permanent foundation, but it is, in reality, a marvelous example of the degree of favor which a rightly conducted LITERARY. POLITICAL, AND NEWS JOURNAL, can receive at the hands of a liberal and enlightened public. Our most grateful thanks are tendered for the patronage already bestowed upon us, and we shall spare no efforts which may serve to render the paper even more attractive, unseful, and popular in the future.

The POLITICAL course of THE WEEKLY PRESS need not be nlarged upon here. Independent, steady and tearlies, it has battled, unwaveringly and zealously, in defence of the RIGHTS. OF THE PEOF LB against Executive nurpation and unfair and tyramical legislation; ever declaring and adhering to the doctrine that Popular Soversignty constitutes the fundamental basis of our free institutions, and that the intelligence and patriotism of our citizens will always be preservative of a wise, just, and salutary government. These are the principles to which THE WEEKLY PRESS has been committed, and to these it will adhero.

OUR NEWS COLUMNS will continue to be the subject of unremitting care and attention, and all diligence be employed to make this paper a compendium of all the ment. These are the principles to white it will adhere.

OUR NEWS COLUMNS will continue to be the subject of unremitting care and attention, and all diligace be employed to make this paper a compendium of all the principal events of interest which transpire at home and abroad.

The LITERARY character of THE WEEKLY PRESS, now universally acknowledged to be of an elevated stamp, shall not only maintain its present high standing, but shall be enhanced by important and valuable contributions from able writers. Deeming purity of morals the great safeguard of private happiness and public prosperity, we shall carefully exclude from our columns everything which may reasonably be objected to on the score of improper tendency. The fields of pure Hierature afford sufficient material to make an acceptable Family Newspaper, containing all the elements of excellence, without a single objectionable line; and the proprietry of THE WEEKLY PRESS may justly claim that no head of a family need heistate to let its columns go under the notice of any member of his household.

The general features of the paper, in addition to its Political and News Departments, will be Poetry, Sketches, Biography, and Original and Selected Tales, chosen for their lessons of life, illustrations of history, depicture of manners, and general merit—and adapted, in their variety, to the tates of both sexes and all ages.

COMMERCIAL DEPARTMENT—Due care will be taken to furnish our readers with correct and reliable reports of the produce and cattle markets, made up to the latest hour. Awong the agreeable variety of articles in store for the patrons of THE WEEKLY PRESS, it may be mentioned that we shall commence, in our New Volume, the publication of TRIALS AND TRIUMPHS; or, Archebt Times in Old Virginia; an Original Novelette of surpassinx interest, written by an author of acknowledged ability. The story will run through several numbers of the pace, and will be, in itself, worth more than the sum required for a year's subscription. OOFLAND'S GERMAN BITTERS subscription.

To those who propose patronizing THE WERKLY PRESS, promptitude in forwar-ling their orders for the New Volume is carnestly recommended, as, from present indications, it is believed that large as the edition may be which will be printed, it will not long be in our power to furnish back numbers, in which case disappointment must occur.

DR. C. M. JACKSON:—Dear Sir:—I had been afflicted for over ten years with a severe pain in my breast and back, hoadache, nightmare, and shortness of breath. I have used various remedies and tried several doctors—all to no effect—until I got a buttle from your agent, R. Wright, Troy. I commenced taking the German Bitters over two complaints, and I am now in good health, and weight twenty pounds heavier than I did before taking the Bitters. I consider it a wonderful cure, as I was badly afflicted; and as two years have elapsed since I have been cured by your medicine, I consider it a sure thing and a permanent cure. Also, my daughter has been troubled with Dyspepsia, and I have no doubt she will be entirely cured by the use of them.
