# THE PRESBYTERIAN BANNER AND ADVOCATE

#### for the Presbyterian Banner and Advecate. Church Extension.

Sr. Louis January 9th, 1860.

The wants of many feeble congregations engaged in church building, constrain the General Assembly's Church Extension Committee to call attention to the following facts ;

attention to the following moto. 1. Thus far, this year, the applications have increased, and the contributions decreased, more addresses were made by Rev. W. Davidson, Rev. than one third, as compared with the same time last year. During the nine months ending De-cember 31st, 1859, eighty one churches furnished sember 3181, 1010, 3243 our character thrushed sall the information we require before making an appropriation, and asked aid to the amount of \$42,757.68, or \$12,570.78 more than was simi larly applied for during the corresponding period of the previous year. The receipts for the same larly applied to a serie the sense in the provious year. The receipts for the same is amount to \$11,501.32, or \$5,715.74 less found destitute of the Scriptures, being about the decrease is chiefly owing to a change in the of volumes sold, 76; number donated, 465; volumes furnished to Roman Catholics, 63; value of the state of the solution \$204.96; sales of Bibles and Testa-

which last year gave more than that buil, it causes much present embarrassment, and compels us to ask help elsewhere. 2. As the result of the increased demands and diminished receipts, our liabilities to day exceed our means \$10,270.51. Most of these liabilities rease distributed even the future as to be met are so distributed over the future as to be met by the ordinary receipts, but they will nearly absorb our probable income for several months. Without, therefore, a large increase of contribu-tione, we cannot meet the reasonable wants of the plinetwith the same field (in the rural districts,) as last year, and with good success. He visited are so distributed over the future as to be met the ninety-three churches whose applications are now on file, but who have not yet furnished the full information necessary to our final action. If members, under 21 years of age, at \$5:

average amount we have appropriated to each church is but \$268 05, payable only after the receipt of satisfactory evidence that it will complete the house free from debt. Most of our appropriations have been made to save sanctuar-ies from being sold by the sheriff, and worthy churches from being still by the sherin, and worthy churches from being stippled or dissolved. An unusual amount of aid has also been required to prevent the removal of useful ministers from lds whitening to the harvest. The impoverished condition of many such forbade their remaining unless a sanctuary with its attendant

4. We have experienced no relief from the diminished costs of building in some parts of the country. In those places the ability of the people has been still more diminished, so that the average amount of aid asked from us is one-

fourth greater than ever before. We lay these facts before those whom God has blessed with comfortable sanctua ies, with the earnest request that they would honor the golden rule by helping their needy brethren to secure a house of worship. All who have a heart to aid, are invited to send their gifts to Archibald Game, Treasurer, No. 88 Market Street, St. Louis, Mo., or to any of our Receiving Agents named in the Home and Foreign Record.

By order of the Church Extension Committee. JAMES A. PAIGE, Chairman. H. I. Coe, Secretary.

It has been fully proved, not only on the American Continent, but in our own Colonies, that the enforced equality of the European and African races, tends not only to the elevation of the

black, but to the degradation of the white man. We cannot find any sympathy for those who would try in the United States the plan of a half caste republic, and we trust that the Federal Government and the right thinking part of the

The Paris Constitutionnel says that the London Times is correct in considering the pamphlet, en tittled, "The Pope and Congress," as a political expression of good understanding and conciliation between England and France, and congratulating self on the result. It says further that France,

far from intending the destruction of the temporal ower of the Pope, will, on the contrary, conidate it. The Page contains an article, signed M. Gentlemen: — I have used your CocoAtNE about six weeks, and its effect is so marked and extraordinary that I deem it my duty to state it to you. My worst complaint for several years has been Dandruf, with itching and irritation of the scale. After breaking my hair, my coat collar would be covered with the white scales, (dandruf) which looked like a shows of snow. My barber tried various applications without effect. His abuse of your CocoAtNE, and his obstinate refusal to use it, provoked me to procure and try it. I have used less, than a bottle. The dandruff, and the tritation which caused it, have entirely disappeared, and my hair was never before in so good condition. Your obsdient servant, A. FULLER.
