Controversy on "Romish Indulgences." An interesting controversy, of which our readers may desire some information, was carried on during the last few weeks, between Prof. Jacobus and the Catholic...

On Thanksgiving day last, Prof. Jacobus delivered to his people a discourse on "The Christian Sabbath," in which—as he noticed the lax views of the Sabbath obtaining among us...

FOREIGN MISSIONS. CHINA.—The latest news from Canton, Nov. 26th. Three persons had been received to communion at San-poh...

INDIA.—In letters from Labor of the 2d of December, mention is made of the general meeting of the missionaries and of the progress of the work among the heathen...

INDIAN MISSIONS.—At most of the stations the missionaries are well, and prosecuting their work with unusual vigor. The health of the natives is also improving...

PUBLICATION.—Many kind responses have been made to the call for aid to the Colportage Fund; but still the receipts are inadequate.

A Children's Systematic Benevolent Scheme has been issued, on a card four inches by six in size, and printed on both sides, which may be a great aid in giving form and regularity to contributions.

CHURCH EXTENSION.—The Committee recommend to congregations which are about to erect new churches, the exercise of great care and judgment in the selection of sites, and in getting a Plan.

The Chocataw Mission.—This Mission, as our readers are aware, is the most flourishing of any which have been undertaken by Protestant churches, among the American Indians.

This course of proceeding was not publicly called in question till 1844. At that time memorials were presented to the Board, complaining that slavery was tolerated.

"We believe, in unanimous opinion with the missionaries, that any express directions from this Board regarding them to adopt a course of proceeding, on this subject, even if literally different from that which they have hitherto pursued, would be fraught with disastrous consequences to the Mission, to the Indians, and to the African race among them."

The Prudential Committee and the missionaries regarded it as a fundamental principle, from which they have never swerved from the beginning; that in accordance with the tenor of the foregoing Report, the ordinances of Baptism and the Lord's Supper are not to be administered to professed converts, until they give evidence of repentance and faith in Christ...

"Slavery is a great evil; but it does not follow that there may not be a Christian slaveholder, or that he be treated as an outcast from all the distinctions and all the privileges of a Christian. Society. We hope that our Free Church will never be forced, by clamor of any sort, to adopt a new and factitious principle of administration, for which she can see no authority in the Scriptures, and of which she can gather no trace in the history or practice of the churches in any Apostolic age."

DOMESTIC MISSIONS. With the month of February closes the Fiscal year of this Board. For the new year the Board bespeaks increased liberality, its appointments and appropriations for labor, have been greatly augmented.

Special Reports from the Missionaries are urged, as specifically as practicable, so as to be received by the 20th of March.

EDUCATION. We are sorry to learn that the excellent Corresponding Secretary of this Board has been suffering under ill health, for some

two months, so as to prevent his attendance upon his duties as he is custom. His health is improving, and he is relieved in his labors, by Rev. B. Watts, who takes charge of the correspondence of the office.

The number of new candidates for the three quarters of the current year, is one hundred and thirty-three; that is, within eight of the whole number for the previous year.

RECEIPTS IN JANUARY, at Philadelphia, \$13,740; at Pittsburgh, \$182; at Louisville, \$180.

THE MISSIONARY BROTHERS, being Old School Presbyterians, naturally applied to our Foreign Board for a connection, and were most properly received.

The Mission consists of seven stations, three out-stations, seven missionaries, twenty-three assistants, five native helpers, three boarding schools, three day schools, twelve churches, and one thousand three hundred and sixty-two communicants; and requires an annual expenditure of \$7,000 to \$8,000 for its maintenance.

To give speedy and effective aid to the Board, in this matter, the Synod of New York pledged itself to special efforts; and in furtherance of the purpose an address to the churches of the Synod, signed by Daniel Lord and Gardiner Spring, is issued; and a meeting, to consist of two representatives from each church, is called, to assemble in the Lecture Room of the First Presbyterian Church, New York, on the 7th of March, to agree upon a plan of operations.

DOUBLE THE WORK WILL BE PROMPTLY DONE by the churches called to act; and the liberality of other churches will increase the Board's ability to meet pressing demands for new missions.

EASTERN SUMMARY. Boston and New England. Taking care of the Papers of the goodly city of Boston, is a great office of responsibility, and one of the most important of our age.

PROFESSOR FILLIS is the twentieth gentleman that has filled the office of President of Harvard University, since its first establishment two hundred and twenty years ago.

THE CHURCH CHARGES PROFESSOR HENRY D. ROGERS, State Geologist, of Pennsylvania, with the privilege of his work, nine-tenths of his work to the "Good Fields of America, and Great Britain." The value of the work is not dispensed, but this whole privilege is denounced.

in the presence of the officers and workmen of the institution. A writer in the North American proposes the removal of the Navy Yard to Chester, some fifteen miles further down the river. He asserts such a measure to be necessary, that the part of the city in which the Navy Yard now is, may be properly improved, and that it will be, by the advantage of the Government to have it somewhere near the place designated.

Great regret is expressed by many at the departure of Mr. Guinness from this city, and many prayers go up that his labors in New York may be abundantly blessed. His visit to this place, and his labors here, will be long remembered.

The Philadelphia Methodist Episcopal Conference will meet, in this city, on the 21st inst. Much interest is manifested with respect to the choice of delegates to the General Conference at Boston. The three great questions likely to be discussed there are, the proposed new rule excluding laymen from the following of the Church, the propriety of lengthening the term of service of a minister, in one place, from two to five years, and the introduction of laymen to the Conference.

PORTLAND, OREGON.—There are a few Presbyterians in this place, and much material on which to operate. The place promises well, in a variety of respects. A "pious and entertaining preacher" would be welcomed and supported.

For the Presbyterian Banner and Advocate. Statistical Report of Colleges and Seminaries. The committee of the students of the Western Theological Seminary, on the state of religion in Colleges, report that they have addressed letters of inquiry to all the Colleges and Theological Seminaries of the United States, so far as they know of their existence, but out of the whole number, have received answers containing statistics from only fifty Colleges and eighteen Seminaries.

The Additional information which they give varies very much; some give no details at all, while some give such as are of no interest. Many of our most important institutions have given us no answer, so that our report must necessarily be very imperfect. The majority of those heard from, report the state of religion as "good," "encouraging," "some speak of it as a "tolerably good," or declining, and several of them ask an interest in our prayers.
