anyielding when firmness seems to be necessary. Every scholar is expected to do his duty. The Tea-chers, not the students, govern the school. A Merit Roll, showing the standing of every stu-dent in Scholarship, Deportment, &c., is accurately. kept, and publicly read at the close of each term. Parents can examine this at any time, and ascertain what progress their children are making. And School Directors may know how to find teachers worthy of

teaching. A Roll of Honor, consisting of the 25 students whese names stand highest on the Merit Roll, is formed and publicly read at the close of each term,

Iormed and publicly read at the close of each term, and also published in the Agitator. Numerous and valuable Prizes are offered for Schol-arship, Composition, &c. Five were competed for during the Fall Term. Still more will be awarded at the alone of Winet Term. the close of Winter Term. These exert a powerfu and beneficial influence upon a large majority of the students, inciting them to hard study and willing obedience. Among these, perfect recitations are the

Tale-failures very rare exceptions. The Junior Department shall receive more atten-tion than heretofore. Whatever may occur, the Jun-jors shall never be neglected. The Preceptress will devote her time exclusively to their instruction The Common Branches are never slighted but are

considered of vast importance, not only for actual use, but as the foundation of all true scholarship.

Spelling and Reading will be required of every student as a regular exercise. Brownell's Natural Spelling Teacher—a new method-will be used by all the advanced pupils. The

chers spell orally. English Grammar, often so inexcusably neglected and so badly taught, will receivt much more than

usual attention. Composition and Declamation are madea speciality.

The methods used during the last term have proved very successful, but will be greatly inproved. Original Essays are required of all the older scholars or as often at least, as once in two weeks, upon subjects assigned by the teachers. From this there need be no appeal. No excuss will be received. The Faculty believe that without the ability to use,

successfully, the tongue and the pen, no person can be more than half educated.

Calisthenics.-In order to care for the Health of the students, Watson's celebrated system of Calisthenics will be introduced. All the students will exercise therein occasionally under the direction of the teachers.

A Course of Lectures will be delivered in the Academy during the Winter term by good speakers. The Graduating Course is as good as the best. Those completing it receive Diplomas.

Many improvements and incentives to diligent study and correct deportment cannot be here mentioned.

It is confidently believed that the Ancient and Modern Languages, Natural Sciences, Mathematics, and in fact all, the usual Branches of study are as successfully taught in Wellsboro Academy, as in any other Institution in the land.

The Trustees and Faculty thankful for the very large patronage of the past term, are determined that thing shall be done that can be done to make the school still more worthy of confidence and pat-

the school still more worthy of confidence and paronage.
