RATHER RICH.—At a meetil g called to organise a Singing-School at East. Charleston a few nights ago, rather a sich incident occurred.

Monat: Charleston is not a healthy locality for deserters and skedaddlers. THE OIL. HUNTERS.—We have received a note from Mr. BERBE, President of the Westfield Oil and Mining Company, to the following effect

"I am pleased to inform you that we have this day (Jan. 1) struck a flowing well which, threw the contents over the derrick, and was spouting with great force at dark. We are anable-to say more than that we have an abundance of petroleum gas. Our well is 589 feet deep." We learn that the water was ejected with sush force as to carry up stones half the size of an egg. Later reports say that the rimmer is fast at a depth of 575 feet. The supposition is that the

gravel stones brought up have jaximed the tools. The Tioga well commenced jumping a new erevice on Monday. Work at Jacob's Well has been suspended un-

lil the Spring opens. The tools have been recovered from Cance Camp

Creek Well. Oil has been found in the well near Nelson A new well has been commenced in Liberty.
