NO ADVANCE IN PRICES AT PARSONS'S !-Al-though Dry Goods have advanced largely in New York, I have decided that it is more for my inter-ent to sell goods freely at present that to mark up prices. My stock is in such shape that it is not necessary for ma to be governed by New York prices to resent. I shall therefore continue to sell goods at the fates established about Decem-bet 1, and if further notice. As goods sell very fast at this time of the year, it is not probable these prices that lats the mark to have the price the sector. prises will last longer than 30 days. Early bayers will do the best. BATH OBPHAN ASYLUM .- A correspondent of the Rochester Advertiser gives some interesting facts relating to the Davenport Orphan Asylum at Bath, N. T, which may prove interesting to our residers. The Institution dost \$25,000, and rixty acres of land have been deeded to it by the founder, Mr. Davenport. \$50,000 is on interest for the expenses, and \$10,000 is to be expended on the grounds next senson. The building is fre proof, of four stories, and will accommodate seventy-five children. These children are comfortably clothed, lodged and fed, the discipline is gentle, but thorough, and the course of education is a broad as in any Seminary in the land

Mrs. I. D. Horcaniss, well known to our people for her active labors in the field of public charities in our midst, is the matron of this Home for the Orphan. The correspondent pays both Mr. & Mrs. Hotchkiss, very high compliments, as peculiarly fitted for their charge. Miss ' faids MERRICE, also well known to our speeple, is a teacher in the Institute, and has already won golden opinions by reason of her accomplishments and excellence of heart.

Actu and excemence of heart.

WHAT THE ILLUSTRIOUS ABER-In Hats, Caps, Gloves and Mittens; WHAT THE ILLUSTRIOUS ABER-NETHY SAID.--- "Well, sir what's the matter?" said Abernethy, the great English sur geon, to a cadaverous-looking patient, who had called to consult him. "Oh, nothing serious." was the reply, "my stomach and liver are out of order, that's all.'. "Do you call that nothing se-rious?" said Abernethy; "I tell you, sir, that when these two organs are out of order, as you call it, there's not a square inch of the body that is not more or less diseased, nor a drop of blood in it that is in a healthful condition." Nothing can be more true, therefore it is of the very high-est importance to keep the stomach and liver in a vigorous condition.
