FOR GOVERNOR

After a short recess, proceeded to the MAJ. - GEN. JOHN W. GEARY, OF CUMBERLAND COUNTY.

THE FRUITS OF VICTORY.

VICTORY inheres in its fruits. A man may plow, sow, and cultivate, but if he stops there his labor goes for nothing. He must harvest the crops.

tory; but the legitimate fruits of labor constitute victory. Apply this homely truth to the polit-

ical situation. For four years the Government waged a gigantic war for existence against organized and armed treatreasure and invaluable life. No government can afford to make such sacrifices for less than existence ; and such a sacrifice must be vain if it do not purchase at least a century of profound peace.

How shall the Union be reconstructed? When, and on what conditions, shall the seceded States resume their ancient' functions, and enjoy the right

of representation in Congress? These are the living questions of the They must be considered and disday. posed of.

Some appear to forget that these culprit States, in seceding, formally declared themselves absolved from allegiance to the organic law of the republic. In denying its authority and binding

force, they fully waived all rights and privileges conferred by the Constitution. Thus, outlawed by their voluntary act, ture peace and safety of the Union, be they must be treated as culprits until purged of their high offence by due course of law.

He is not permitted to resume his position in society until his case has been formally adjudicated, and the accused discharged. He cannot demand the right to liberty under the law; he has repudiated the law, and so forfeited his ordinary rights under the law.

We think this the case stated-not in detail, but in principle.

If treason be a high crime the cases run parallel. If it be but a difference of political opinion, as the traitors themselves declare, and as the so-called Democratic party declared during the war,

A Spanish fleet bombarded Valparaiso, Chili, March 31, Iast. The city was entirely defenceless; so the feat reflects no great credit upon the gallantry of the Spaniards. The city was badly damaged. But few lives were lost. Commodore Rogers, of our navy, proposed to the commander of the British squadron to blow the Snaniards out of water. That is the victory. Labor is not vic- John Bull thought not. John sympathizes with everything but republics.--Wake up, John!

> A "little game," and it is a very little game, is advertised by the Copperhead State paper as about to be played for the defeat of Gen. Geary. It says that a Johnson State Convention is to be held at Pittsburg some time in July next. to nominate a third candidate for Governor, to help defeat General Geary, of course.

Well, that is legitimate warfare, we suppose. But how many intelligent Republicans will be caught by the Clymer cat in that meal tub?

A Copperv sheet says :

"There are over half a million white men and women in the North who can neither read or write, yet their representatives are full of zeal to educate the negro. Well-at least ninety-six out of every

hundred of the men alluded to above, vote the Copperhead ticket. Why not educate them yourselves?
