VANORR has enclosed his new factory on Pearl street and Wain, and paid it with the Mansfield Iron Oxide patent. The factory will make a decided improvement on the village. Much of the machinery, of improved pattern, is ready to be set up, and his customers may look for the concern to go into operation by September 1.

S. OF T.—A special session of the grand Division of S. of T. of this State, will be held at Catskill on the 15th instant. Should there be any persons in this county privileged to attend the Session, they are requested to take notice.

FIRE IN JACKSON.—We have just received a report of an incendiary fire which occurred at Millertown, Jackson township, on the morning of June 29. The fire broke out at three o'clock, and consumed two stores, a house and barn, belonging to Mr. Swan. Whether there was any insurance, or what the loss was, we have not heard.

Two persons were arrested on suspicion of having fired the premises, but on a hearing at Tioga were discharged.

WRITING SCHOOL.—Mr. D. F. Cornell, of Elmira, has secured a fine class in Geography in this village. The school commenced last evening. Mr. Cornell has taught writing for twenty-five years with much success, and will undoubtedly give entire satisfaction to his pupils.

AN UNGANNY VISITOR.—Mr. H. D. CLARK, of Tioga, informs us that he found and killed a rattlesnake on his door steps on Sunday last. His snakebite, when discovered, had assembled several hens and chickens, and an old cat and bittern, in a circle around him, all of which he "charming over" wistly. The snake measured four feet in length.

THE AGRICULTURAL SOCIETY. Premium List will be found on the fourth page of this paper. Its liberality and comprehensiveness cannot be questioned, and we see no reason why Tioga county should not have a live and efficient organization in the interest of agriculture and the mechanic arts. Tioga county may, by honorable competition in its farms, and mechanics, compete with the first rank among agricultural counties. Without exaggeration, its reputation for dairy products and fruit stands high. With organization, there is good reason to believe that it may yet every northern county in the race of progress.

GROWN PEOPLE may be reached by argument. Children and fools are best taught by pleasant fiction with an obvious moral. That we may not be deemed neglectful of the interests of all classes, we submit the following:

Three gentlemen of elegant leisure set out on a pleasant journey, having in view enlightenment by observation of the ways of man and beast. These gentlemen enjoyed the names of Hubbs, Grubbs, and Stubbs, respectively.

As they were proceeding leisurely through the pleasant woodland, they were startled by the strange actions of a pheasant, which ran along the path with outstretched wings and ruffled feathers, uttering cries of alarm.

"Ah!" quoth Hubbs, "here is a mystery. The pheasant is a shy bird, and not in the habit of attracting public attention unnecessarily."

"I think I comprehend," said Grubbs, "what are those brown tufts of feathers sticking out from beneath the fallen leaves?"

"I can enlighten you," quoth Stubbs, picking up a young pheasant. "What a fool the old hen is, to make such a fuss and such distrust attention to her chicks! Had she kept still, we should not have seen the brood."

A little further along they were attracted from the path by the cries of a bird which was dancing frantically about a particular spot in the branches of a tree.

"Another mystery," said Hubbs. "Let us probe it," said Grubbs. "Not much of a mystery," quoth Stubbs. "If you will take notice, you will see that the mother bird has a nest of birds up there. She is advertising the fact, when it she had kept quiet, nobody would have been the wiser."

Near the close of the day the three pedestrians overtook a man proceeding as leisurely as themselves, and halting, seemingly without purpose, by the way.

"Good evening to you," said Hubbs. "You seem to be in trouble; can we serve you as fellow travelers?"

"Thank you," said the stranger. "I am traveling to Kingston with a valuable package, and am in mortal terror of robbers. If you are delighted to fall into pleasant company."

"There is no robbery on this road," said Grubbs. "Besides, you should make haste to reach your destination before nightfall."

THE CHERRY FACTORIES.—These progressive institutions are doing a first-rate business so far this season. Charleston has three factories in operation, altogether turning out eight thousand three hundred pounds best quality of cherries per week, as follows: Round Top factory, 2,800; Whitepiney factory, 2,500; Wheeler Hill factory, 2,500. Total, 7,800. This, for one township, tells a story of agricultural enterprise of which the citizens may be justly proud. We hope to hear that other townships in the county have decided to go and do likewise. This is a grazing county, and destined to grow rich thereby.

TAKEN UP.—A poor fellow, who had wandered away from his home in Liberty, (of which township he appears to be a charge,) was taken up in the streets of this borough on Wednesday last week, and placed in custody of the Sheriff until he may be reclaimed by his legal guardian. The boy gave his name as "John Snover," but could not name his place of residence. The latter fact was made known by a paper found on his person by Constable Williams.

THE MAGAZINES.—Harper for August has an interesting chapter entitled "Carroll's Home," illustrated in the highest style of art. Also, another, "Three Months with Italian Brigands," very interesting, being the experience of an English gentleman. The number is very readable.
