Mr. DAVID HART is making a good improvement in his store-building front. The building has been let down from its stilts, and

otherwise improved. Mr. Louis YAHN has put up a neat awelling on the State road west of the village. This suburb ought to be called Germantown.

BODINE'S NEW MILL,-Mr. I. M. Bo-HANE has got the frame of his new mill up, and this this tending to complete it with dispatch. This will add to the increasing hum of business.

NEW FIRM .-- Mr. L. A. GARDNER, of fradford county, has formed a partnership with Mr. J. D. Jones, in the grocery and provision insiness. Success to the new firm.

A FOOLISH CHAP-the trader in Wellshoro who puts libelous cards into the bundies of his customers. If his Republican custom ers ever return to trade one dime at the counter of such a man, they deserve to be cheated, as they are likely to be. It is the work of a coward with muder in his beart.

PERSONAL.-WM. GARRETSON, Esq., late of Troga, has opened a law office in Blossburg. Mr. Garretson is one of the best lawvers in the county, and cannot fail to attract a large patronage. The public will find him over Caldwell's store. We take much pleasure in commending him to public favor.

BLOSSBURG.—A large and enthusias te Fenian meeting was held in Blossburg on the 11th 10st., evening. The address was by Mr. Mc Williams, of Philadelphia a Roberts Fenian. A aberal amount of funds was raised to further the cause of Irish nationality.

BLOSS COAL COMPANY .- We take from the Corning Journal the following handsome notice of the operations of this new company:

" The new coal company called the Bloss Minng Company, have at large expense opened their manes and constructed a railroad from Blossburg thereto. We betieve there are over two thousand teer of treatle work on the road. About forty permanent buildings have been erected, and one hundred more are to be speedily put up. The mines are four miles west of Blossburg, in nearly the opposite direction from the Morris Run mines The company own over four thousand acres of bend, covered with forest- and rich in coal. The principal partners are Constant Cook, of Bath, Henry Sherwood, of Corning, Charles Cook, of Havana, and John Arnot, of Elwara. A few tonof the coal were brought to this village a day or two ago. It is evidently of excellent quality.—We are indebted to Mr. Sherwood for a half ten, and therefore we know it is good."

FREEDOM OF SPEECH.-Last Monday coming, (Oct. 8.) Hon. S. F. Wit sox, accompamed by James H. Gulick and Joseph Yorkin L prs , of Blossburg, went to Fall Brook, at which place Mr Wilson was advertised to speak on the some of the day. Arriving there, they were intermed by Mr. Brower, Mt. John Magee's Superintendent, that Mr. Wilson would not be permitted to speak in Fall Brook. Upon inquiry, Mr. Brewer declared that Mr. Wilson's connection dough to refusal of the people to hear him: to any part of the United States.

In the morning the party found their wagon test, whiffletrees, and pole straps missing, and got away with the balance unmolested. It is a significant fact that Fall Brook is the only aistrict in Tioga county which gave a Cop-

perhead amjority. We believe the rioters and their leaders belong to the free speech party, or the party which so named itself in 1864. However, there must not be a foot of land in

Loga county where speaking upon the issues of the day is not freely permitted. Not even Fall Brook can be excepted.

The Railroad.

CHARLESTON, Oct. 8, 1866.

I too Agitator:—A late issue of your paper were the utility of constructing a railroad from the "Arnot Mines" to Wellshore. Why not urge the contruction of a road direct from Wellshoro to Elmia, to cross at or near Tioga? I am told there are passes through which a road can be constructed or easy grade, in less than forty miles that may be need to the east principle of Bubl's with many less to the east principle of Bubl's would soon he made, to the coal mines of Babb's, while soon he made, to the coal mines of Babb's, Wiscon and Pine creeks, which would make Wellshom, what it should be, the center of the coal true of this county. There are many reasons why this road should be built, and there is no reservely it cannot. The means are ample, the hands of parties interested—in Wellsbord and vicinity, along the route, and in Elmira and New York city. The capitalists there, who own inher and coal lands in this county, must be interested in the construction of such a road. Evterested in the construction of such a road. Every farmer is interested in having a home market for his products, and also in having facilities of transportation to and from his home. Will you lay this matter before the public, and oblige A CITIZEN.

P. S. Since writing the foregoing, I learn the true company owning the Arnot mines are having difficulty about transporting their coal over the Tiogaroad. If that is the case, we might look for cooperation from that quarter. Yours, respectfully, and a speedy connection of the two roads.

FATAL CASUALTY .- We are pained to reard an accident by which Mr Canfield Tyler, one of the most enterprising and valued citizens of Delmar, lost his life last Wednesday evening. Mr Tyler had been in attendance upon the Fair, and was returning home, accompanied by Mr. William Francis, when, in turning the corner above Mr. Samuel Dickinson's, he was flung from above Mr. Samuel Dickinson's, he was flung from the buggy and fell between the forward wheel and the chafts. The horses took fright, and in this terrible position he was dragged about 45 rods, breaking his leg and mangling him so shockingly that he died on Saturday morning.

Mr. Tyler came to this county last spring, from Smithville, Chenaugo county, N. York, and was working Mr. Francis's farm at the lime of the actident. He was a farmer of the progressive

tident. He was a farmer of the progressive school, a good citizen, a kind husband and father, and leaves a large circle of sympathizing friends to regret his untimely death.—Agitator, Oct. 10
