SUNDAY SCHOOL CONCERT .- The S. S. Concert if the M. E. Church on Sunday evening was most mieresting, and the audience was very large. Great credit is due to Prof. Van Allen, Superinundent, and to his efficient teachers for the emplete success of the affair.

CATTLE DISEASE.-Isolated cases of a decase similar to murrain, but somewhat more and in its course, has appeared in Chatham .-Sime fear that it is the Rinderpest. Probably it nonly a virulent form of murrain. It is to be toped that it will not become epidomic. Whenerer an animal is attacked the owner should kill that once and bury it deep. This may save thousande of dollars to cattle owners.

SPECIAL COURT - EXPLANATION. We learn that the notice given of the postpone ment of the proposed Special Court on the third Monday of November is misapprehended: In explanation, we are requested to say that un exus panel of jurors was drawn for the Special Court, and the postponement of that Court renders the attendance of the jurors unnecessary. Had this Special Court gone on there would have been three weeks of Court. As it is, the regular term will commence on the last Monday of November, as usual, and continue two weeks The jurors whose names we published week before last will be required to attend, and no other. We may say further, that the proposed Special Court was intended for the trial of cases in which Judges White and Williams have been interested

GONE UP HIGHER.-It becomes our duty to chronicle the official demise of our friend JOHN JAMES, Esq., U. S. Route Agention the Corrug & Blossburg B. R. Mr. James, according to report, was arraigned on a charge of putting his political principles above the salary of his ofice, and being duly convicted. was at once bebeased. I. M. L. Society .- The first ression of this onety was held at the Court House Friday everig, and was well patronized, especially by the thes. The question-" Is a collegiate educaat detrimental to genius ?"-was discussed by Mersis. Nichols, Webb, and others, in the affirm itte, and Van Allen, V. A. Elliott, Niles, and there in the negative. Decided in the affirmate Question for next Friday evening : "Ought the cale of intoxicating liquors to be prohibited?" 4f. Major Merrick-Neg. Major Elliott.

A NEEDED IMPROVEMENT.-Wellshas as good a plot for for a Public Square a tty village we happen to know of. The trouble lithat it is too public. It should be for the com-"he benefit, but not be "commons." Once enthat it with a nest, and not costly fence, plow it at and seed it down anew, and the first step to hereis making it an ornament to the village will law been taken. Then let us have diagonal, indel walks, and seats under the trees.

He truth is, we must all propare for a railroad. his hardly probable that Wellsboro will be long & backwoods town. Once put in communication kills the outer world by steam, and we shall have hany tistors. It is the duty of the dwellers in the village to enclose the Public Square and do ill that may render the place neat and attractive A next and substantial fence around the Square ter, be built for \$125, or thei cabouts. BE UP AND DOING .- Who ever becomes a man of influence by sitting under the harrow of despondency? What drone ever benefits the world, his friends, or himself? There is nothing like action coupled with cheerfulness .-We see it everywhere. Who is he sitting on that empty barrel at the corner? A man with no energy, a prey to grief. He does not know what to do, and how to start. Who is that man standing in the saloon? A lazy, do-little sort of a vagabond, who hardly earns his bread and butter .-Do you wish to become such a character? If not, arouse yourself; away from the arm chair, up from the gutter, out of the downy bed! Move your arms, kick your feet, and stir about; give the blond a chance to circulate through the veins, and the air of heaven to enter your lungs. Seize the first job presented, and dispatch it at once; up for the day and get another forthwith; you will soon earn enough to purchase a wheelbar row or a hand cart, and then you will begin to live. Who knows what you may become? Energy is half omnipotent. Small beginnings end in large gains; a penny well turned brings a fortune. Resolve then to do something, and be something, and our word for it, you will bless us Monday morning trains were detained in conseto your dying day for our plain-spoken advice.

Sowerhing New .- Having just received a new apparatus for producing local anaesthesia by nar-cotic spray, (or freezing the gums.) Is an now prepared to execute all operations of Dental Surgery with but little or no pain. And to all desiring such opperations I would say you can avoid much suffering by the use of this wonder-ful invention which is perfectly because and ful invention which is perfectly harmless and simple.
