PEW RENTING.—We are requested to give notice that the pews of St Paul's Episcopal church will be rented for the ensuing year on Priday, Nov. 16, at 2 o'clock, afternoon.

EPISCOPAL MITE SOCIETY .- We are rquested to give notice that the Ladies of the spiscopal Church will hold their first Sociable at the house of M. H. Cobb, Thursday evening. 15th inst. A general attendance is herewith

R. R. ACCIDENTS.—We have news of t collision on the Tioga road, near Mansfield on tte Wth inst., evening, by which one locomotive ras entirely destroyed and the other damaged. On the morning of the 10th there was another scident near the same place, caused by a misplaced switch. The damage was not great. The Tioga R. R. is following the fashion it seems.

BUSINESS CHANGE. - We owe an apolvgy to Mr. J. L. Belden, Druggist, for an inadverunt error in his advertisement. Some time ago the firm of J. L. Belden & Co. to appear in the dvertisement. It was forgotten.

Mr. Belden has purchased his partner's interest m the Brug business, and carries on the business in his own name hereafter.

TIOGA BAPTIST ASSOCIATION.-The first quarterly meeting of the Tioga Baptist Assodistion will be held with the Covington Church on the last Wednesday in November, (28) at 10 o'clock A. M. Opening sermon by Rev. M. Rockwell. Contributions Education Society. Tioga, Nov. 7th. E. T. BESTLEY, Clerk.

SHOT HIMSELF.-We have learned the brief particulars of a sad accident resulting in the death of a boy named Otis Butler, of Del-

mar, on the 6th inst. It seems that the deceased and a younger brother were together in the house, and during the temperary absence of the grown up people, Otis went into the bedroom and undertook to bring out a loaded rifle, the ramrod of which was left in the barrel. He dragged the gun along after him, when, in crossing the threshold, the hammer caught and the charge exploded, sending both bullet and rampod through his head. He lived until the red was withdrawn, when he bled to death.

Luadefi guns should not be left about in the reach of children.

Y. M. L. A.—The Association had an interesting session at the Court House last Friday erening. The question-" Ought the traffic in intoxicating drinks, as a beverage, to be by law prohibited?"-was discussed at length, and decided on its merits in the affirmative.

Prof. VERRILL, of the Mansfield Normal School, will deliver the first lecture of the course before the Association, at the Court House, next Friday evening, 16th inst. Seats free. The public is invited to attend.

OIL IN LYCOMING.-The Muncy Lumanary says that the Muncy Oil Company struck cil at the depth of 450 feet on the 25th ultimo .-The drill had passed into the third sand rock -The voin is said to be large, and the oil flows ever the top of the well. Well, we are glad of it.

BEARS ABOUT .- The Jersey Shore cornfield near that village last Sunday.

It also save that Daniel Whipple, of while proceeding with his boat on the canal near EcCall's Ferry, lately, saw an animal of the cat ind on see to which he gave chase. The ani-Est retreated a little and then stood its ground, grewling and snapping its teeth. Mr. Whipple hok to his beels like a wise man.

NEW SHOE SHOP .- Mr. BENJ. SEELEY, one of the best mechanics in this region, has spened a new shoe-shop over the store of Jerome faith, rear room, and is prepared to fill orders for disinds of work in his line in the best manner, and at short notice. We commend him to the merous patronage of the public. Entrance be inten howen's and Smith's Stores.

GREELY'S HISTORY OF THE REBEL-101 -We are requested to give notice that Rev. John Robinson will be able to supply subscribers \*ith Greeley's History of the Rebellion, 2d voline, within about four weeks, or about the 1st of December. He has several subscribers bere-

BELF, CABBAGES, &c .- Millions of Loney and oceans of time have been expended in barching for the philosopher's stone, by the magic with thich all metals were to be transmuted and tecome gold. The search has been fruitless thus

But we can bear witness to a transmutation timest as wonderful as that hoped for from the ktilosof ber's stone. Not many days ago we reserved a superb sirloin roast of beef which proved to be as tender and juicy, almost, as young pork. Its roast came with the compliments of our friend Mr JOHN B. SHARSPEARE, and the news that "that old cow" had passed from the weary world of orenmeeribing ordinances and pounds, inte its tealm of Beef, where front yard gates may be left ajar, and cabbages may be grown with im-

This was a triumph. 'Surely.' thought we, ' time brings its revenges." As we gazed with longing tres and watering mouth upon the tender rous Te had a vision of the night when, under a fale. Impression, "that old cow," deliberately took ou fats off its hinger, flung it over her back into the tiret, and warked into our small cabbage patri There were a dozen or two fewer heads in that la'ca the next morning, and a young hemiock the among our shade trees. Here, then, at last, se beheld a rich return for our cabbages-the sthe being transmuted into delicious beef. Think " Cabbago converted into a roast beef by

be we return thanks for the beef and forgiv the trespass, having in mind rather the good Leaving of the donor than the unrulyness of "that

HEADS OFF.—It becomes our pleasant Privilege to chronicle the beheading of another man with principles above price. Mr. J. H WOODRUTP, late P. M. at Liberty, is no more-P. M. He was charged with having more than \$150 worth of principles, which rendered him un

Lt to hold office under A. J. Benjanin Franklin Werline, Esquire, is the bew incumbent. We know nothing for or against Mr Werlino, having never heard of him before except as a flaming Copperjudneon. He will do the business well enough probably, and perhaps get rich out of the salary of \$150.

Horses Stolen .- Some evil-minded fellows stole two horses in this county week be fore last. One of the horses was owned by Mr. REEP, of Lawrence, and the other was ownen in Jackson. The latter was valued at \$500.

BUSINESS CHANGE.-Mr. E. KIMBALL has bought out Mr. J. B. Wilcox in the grocery business, and awaits the congratulations of his

friends. Mr. C. P. LEONARD of Lawrenceville, has purchased the Drug store of Mr. Miller, of that place, and will hereafter conduct the business.

THANKSGIVING .- Gov. CURTIN has issued his proclamation appointing Thursday. Nov. 29, as the day of thanksgiving and prayer. The turkeys may as well make their wills and prepare for the fire which burneth like an oven.

TROY ITEMS.—The Gazettesays that a young man, named Wm. Cobb, formerly of that place, was lately killed on the railroad in Wirconsin. The body reached Troy by express last week. The deceased was a Massachusetts man, an I served with distinction in the late war. Hooker further says; that the owners of the Alba oil well are reported as having cut up the-

well into post-holes, many of which they have sold, and the remainder they have salted down for the winter. Judging by his report of the Troy sidewalks we should think that some of the post holes had been transferred to the sidewalks.

The Towards Reporter says that W. Warren, of West Granville, in Bradford, dug, picked up, and covered with straw, 141 bushels of potatoes in one day. Mr. Eastman is a little behind according to this report.

The same paper says that the Troy District Ministerial Association held its session at Canton, Mr. Belden ordered the fact of the dissolution of Oct. 16 and 17. The Association raised \$110 for Rev. Mr. Stillwell, who lost his horse on the way to the meeting. The next meeting will be held at Mainsburg, in this County.

The same paper says that the result of the late Sunday School canvass in that County shows that there are 10,639 Scholars in Bradford County, and that 820 conversions have taken place in the Schools during the last year.

A maid of 54 summers and a widower of 79 winters were married in Alba on the 22d of Octo ber. They reside in Canton. The Calathum pians paid them a visit the same evening.

#### THE RAILROAD QUESTION.

CHARLESTON, Nov. 8th, 1866. FRIEND AGITATOR: "The Railroad" which you were kind enough to lay before your readers a few weeks ago, has not been graded to any great extent. Before grading it, would it nut be well to consider the question has not been graded to any great extent. Before grading it, would it not be well to consider the question of routes? There-is a route running through Dartt settlement and down Lamb's Creek, of fair grade, by which Tioga can be reached in less than fifteen miles from Wellsboro. It would not be twelve miles to the Tioga R. R. by this route. Whether he route to Elmira would lie up the valley of Mill Creek, or through a pass lower down, is a question to be determined by distance and grade. A road should be built on the best route, and care should be exercised in selecting it. The people of this vicinity are in favor of the route here proposed, but that should not determine its utility. A careful examination of the ground and facilities, and a careful consideration of all questions relating to the building of such a road, should alone determine where and how it should be built. We are in favor of a rail road, and want one in the best place as near as we can get it. We want it to run from Wellsboro to some point on the N. Y. & krie, think it can be built, are willing to help build it, and hope enough others are willing to help build it, and hope enough others are willing to help build it, and hope enough others are willing to help build it, and hope enough others are willing to help build it, and hope enough others are willing to help build it, and hope enough others are willing to help build it, and hope enough others are willing to help build it, and hope enough others are willing to help build it, and hope enough others are willing to help build it, and hope enough others are willing to help build it, and hope enough others are willing to help build it, and hope enough others are willing to help build it, and hope enough others are willing to help build it, and hope enough others are willing to help build it, and hope enough others are willing to help build it, and hope enough others are willing to help build it, and hope enough others are willing to help build it, and hope enough others are willing to help build

Ayer's Pills. A RE you sick, feeble and com-plaining? Are you out of order-your system deranged and your feelings uncomfortable?— These symptoms are often the pra-cursors of surious illness. Some fit of sickness is creeping open you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and drive out the humors—purify the blood, and let the fluids move on unobstructedly, in health. They stimulate the organs of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and deranges the natural operations of that part.—This, if not relieved, will react upon itself and the surrounding organs, producing general ag-gravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the avatem, and with it the buoyant feeling of health.—
What is true and so apparent in this trivial and
common complaint, is also true in many of the
deep seated and dangerous diseases. The same purgative expels them. Caused by similar ob-structions and derangements, they are surely, and many of them rapidly, cured by the same means. None who know the virtue of these Pills will neg-lect to employ them when suffering from the disorders they cure, such as headache, foul stom-ach, dysentery, bilious complaints, indigestion, derangement of the liver, costiveness, constipa-

tion, heartburn, rheumatism, dropsy, vorms and suppression, when taken in large dosec.

They are sugar coated, so that the most sensitive can take them easily, and they are surely the best purgative medicine yet discovered.

Ayer's Ague Cure, For the speedy and certain Cure of Intermittent Fever, or Chills and Fever, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers; indeed for the whole class of diseases originating in biliarg derangement, caused by the malaria of

miasmatic countries. This remedy has rarely failed to cure the se-verest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient. If contains no quinine or other delete-rious substance, nor does it produce quinism or any injurious effect whatever. Shaking broth ers of the army and the west, try it and you will

endorse these assertions.
