CONCERT.—We are requested to announce that there will be a concert at the M. E. Church in this borough, Wednesday evening, Nov. 28, inst. Let it be liberally patronized.

FIRE!—Those who have signed the paper circulated by Fire Warden Williams for the organization of a Citizens' Fire Company, are hereby notified to meet at the Engine House, Saturday evening, Nov. 24, at 6 o'clock. The meeting is for the purpose of organization and instruction. A full attendance is requested and expected.
By order of the Council.

BUSINESS CHANGE.—Mr. F. D. Banzell has bought out Mr. Jerome Smith, and will carry on the mercantile business at the old stand, No. 2, Union Block.

MITE SOCIETY.—The Ladies of the Episcopal Church will hold their second Mite Society Social at the house of Hon. L. P. Williston, to-morrow (Thursday) evening, Nov. 22, 1 general invitation is herewith extended.
At the Social last Thursday evening, Mrs. L. P. Williston was elected Treasurer of the Society.

RELIGIOUS.—Rev. H. J. W. ALLEN, of Philadelphia, has accepted a call to the Rectory of St. Paul's Episcopal Church, of this borough. He will take charge on the first Sunday in December.

HO, LITTLE FOLKS.—Mr. HUGH YOUNG, Bookseller, has made extensive preparations for the holidays. His illustrated toy books are something ahead of anything in that line of business heretofore brought to Wellsboro. There is his superior Stereoscopes and pictures, and new diaries, pocket-books, and gift books for children of larger growth. Choose while the assortment is good.

BIG DAY'S WORK.—A friend sends as the result of a day's chopping on Gordon Steele's job, Phenix Creek, which sums up something tremendous: Messrs. Charles Butler, of Stony Fork, and Merrick Furman, of Gaines, on the 21st inst., felled and peeled 83 pine trees, which made 211 1/2 logs. The logs averaged 200 feet each. The trees stood on a steep hill. This is vouchered for by E. Northrup, Henry Leach, W. H. Steele, E. Sullivan, Wm. Drew, and Bradley Hayes.

IMPROVEMENTS.—Among the improvements which help to adorn our village, we notice the painting and papering of the Methodist church. The church, owing to the energy of the trustees, is now out of debt, and in a most creditable condition.

Judge White has made a decided improvement of the premises, having thoroughly refitted his dwelling and engaged his list with next fence. Messrs. J. L. Robinson and Jerome Smith have also erected fine fences on the street. All these things help to give a good name for neatness and thrift, and thus every man who makes an improvement becomes a common benefactor.

NEWSPAPERIAL.—It gives us great pleasure to note the enlargement and new dress of the *Wellsboro Journal*. Brother PAINTER is entitled to the distinction of publishing one of the very best county papers in the Commonwealth. It is a first-class reader, and his Journal is one of the neatest that reaches our table. So we rejoice at this evidence of prosperity and lower cost than the liberal patronage of the "Lower End," which he has dealt liberally. He is a staunch Republican and a benefactor of the licensing public.

THE ETERNALLY FIXED STARS.—A fearful reckoning awaits the Cambridge and Yale astronomers at the hands of an outraged people. The Star about advertised to come off on the 18th or 19th inst., morning, was a dead failure. With childlike confidence in the predictions of those keepers of the stellar world, our citizens made ample preparation to witness the grand pyrotechny of the midnight skies. We had our necked glass in readiness overnight, and charged our watches with the importance of being awake at a certain hour in the morning. The ball rolled, and we arose, expectant of the fiery rain of stars. We approached the northern window and put under the curtain gravely, as become one about to witness an exhibition advertised as not to be witnessed again during the 19th century.

There glowed the Pole-Star, serene and staid, lower down the north Argol sat his unshaken throne. The Great Bear sat quietly upon his couch, blinking his starry orbs. The Dragon and coiled his tail behind a cloud, and was gazing at the golden tresses of Berenice. The Lion, at whose jaws the starry rays were to proceed, sat gazing with watering mouth at the West Pleiades. Arcturus led his sons down the winter Pleiades, and so with unshaken faith in fixed stars, and an eagle shiver, we crept into bed, and, dressed that the universe was a big bunch of fire-crackers, and that Orion had touched down off with the stamp of his cigar.

When the matter was so late on the 14th, every body prepared for the latest time named. Watchers were hired, with orders to follow the fire when it came opened.
So everybody retired and lay awake, waiting for the "transformation of the balls." Mercifully, some sinner, not having the fear of writhing stars before his eyes, let off a few sixpenny rockets north of the village, and some other in burning the District School bell. This brought a few nightcaps to the fore, but did not deceive any.

STRANGE FATALITY.—Under this head the *Wellsboro Reporter* gives an account of the installation of a man living between Le Roy and Ticonderoga, in this county. Two years ago he undertook to remove a barn across the road. In taking down the frame one of the beams fell up and killed one of the workmen. The barn was moved, and while in the course of removal, a beam fell and killed a little son of the proprietor. Finally the barn was completed, and a stroke of lightning leveled it with the foundations, where the owner, disheartened by the recurring accidents, left the wreck, and there it may be seen to this day.

BURNED TO DEATH.—The *Wellsboro Reporter* publishes a bulletin chronicling the death of Miss Mary Keeler, of this city. She was carrying a large lamp when a paper fell from its place and broke the lamp, spilling the flaming contents over the young lady's dress. She was in flames at once, and was so badly burned that she survived but a few hours.

TO BE HUNG.—Peter Bota, convicted of murdering his wife, is to be hung in Williamsport on the 4th of December. The Governor has signed Peter's death-warrant.

Prof. J. G. Hoyt.—We lately noted that this gentleman succeeded Prof. White as Professor of Music in the Mansfield Normal School. We did not say what is true, that Prof. Hoyt is one of the most accomplished musicians in the country, being a first-class performer on most of the leading instruments.

Y. M. L. A.—The Association met on Friday evening, and was addressed by Prof. Q. H. H. Merrill, of the State Normal School, Mansfield.

The subject of Prof. Merrill's lecture was "Antagonism," and its object, to show the effect of opposition, active, or by contrast upon human development as well as upon the material world. He held that while antagonisms were necessary to healthy growth, there could be no necessity for effort to create them; and further, that the optimism of Pope was improperly seized up by many as an argument for inaction.

The lecture was decidedly able and so interesting as to cause regret that it was not longer. It abounded in strong common sense and was an abundant satire to render it spicy.

The audience was about average, the ladies being largely in excess of the gentlemen, as usual. The state of the roads prevented the usual patronage of our Delmar and Charleston friends, which left the north side of the Court room in the main empty.

The exercises of the next meeting will be the discussion of the question—"What is the true basis of the Right of Suffrage?"

DOWN THEY GO.—The splendid fall of stars recently, has been totally eclipsed by the fall in the prices of goods at the home lately visited by John Young. The entire stock is now being sold out; the only ob- ject being to realize first cost. The fall in prices can be related with a splendid assortment of everything required in this market.

A few days only will these GREAT INDUCEMENTS be held out. If you desire to save money, remembering money saved is money made.

The stock to be disposed of this week consists of a fine assortment of Ready Made Clothing, a large stock of Boots and Shoes, an endless variety of Hats and Caps, and an abundance of Cloths, Cassimeres, Pants, Dress Goods, Shawls, Neckties, Hosiery, and a few of the articles that will and must be sold at once. An experienced Tailor has been engaged, and will be prepared to cut and manufacture Fashionable Clothing to order.

Those who want, for the highest market price will be paid. A few days only will these GREAT INDUCEMENTS be held out. If you desire to save money, remembering money saved is money made.
