It treadles, throws the shuttle, lots off the web, and takes up the cloth. It makes the upper shed as the batter comes forward, and bests up the filling after the cross is made, making better cloth and better selvage than can be made in any other way.

This loom is made to weave the different size of cloth, by simply changing the pins that make the upper shed.

Township rights for sale. Call at Wellsborg, Toya country, Pa., and see a full sized loom in operation. Orders for looms solicited.
