REV. N. L. REYNOLDS is now located in Blossburg, to which place all letters intended for him should be addressed.

FIRE COMPANY.—At a meeting of the Citizens Fire Company held Thursday evening of last week, S. S. Spencer was elected Foreman, R. L. Van Horn, Assistant Fereman, and Hugh Young, Secretary. The Company is drilling for active service:

The Jersey Shore Vedette says that late heavy rains made a twelve foot flood in the

The same paper chronicles the stealing of a watch key by some fellow not having the fear of "Time the avenger" before his eyes.

THE CONCERT.-A fair audience assembled to enjoy the Concert by the choir of the M. E. Church last Wednesday evening. We were unavoidably detained away, and cannot speak of the performance from personal knowledge. We believe, however, that the entertainment was satisfactory to those present.

The receipts were in the neighborhood of \$40.

BIG DAY'S SAWING .- Mr. G. W. Hymes, of Crooked Creek, sends us the sum of five hours' sawing at his mill, Sept. 6; as follows: 6883 feet inch boards, 9986 feet timber,

This averages more than 3000 feet per hour, and beats the big day's work at Bennett & Newhall's Mills, noticed some months ago.

CORRECTION.—In stating the result of the big day's chopping upon Steele's lumber; job, a few weeks ago we unintentionally fell into an error. Instead of "peeling" the logs, we should have said "fitting" them for the saw. The word was obscurely written and we transcribed it "peeled." . The day's work was big enough at all events. Mr. Chas, Butler sends to correct the

KEENEYVILLE.—The march of improvement has reached Keeneyville as we are glad to learn. Mr.-Geo. D. KEENEY, one of its most enterprising citizens, has purchased a 5-horse power engine, and is manufacturing broom and fork handles to order. Mr. Keeney found himself unable to fill orders without more power than he could spare from his Sawmill and like a wise man at once arose to the emergency. Success to him, and to all who bring steam engines into the county. Every man who does it is a common

THE BOOKSTORE.-Mr. Young has evinced a great deal of taste and renewed life since he passed on to the higher life under the operation of Andrew Johnson's axe. He has decorated his store with a fine stock of mirrors and pictures, and his shelves with a host of new books and Christmas gifts. By all means call BRONCHIAL TROCHES

Our friend STONE advertises an increase of business at Whitneyville this week. Stone evinced good judgment in establishing himself at that point, and we are glad to see that he is growing up with the place. We take pleas ure in commending him to the liberal patronage of the East Charlestonians.

FIRE IN SHIPPEN .- The Grist Mill owned by Mr. Deroy Herrington of Shippen, was destroyed by fire last Friday evening. The light was plainly visible from this village. The loss is not very heavy, we understand, the building being old and somewhat dilanidated.

FIRE!-About 41 o'clock last Thursday morning a fire broke out in the Chair Factoty of Mr. Jacob Sticklin in this borough, and in a very few minutes the entire building was a mars fame. The Warehouse, standing within a dozen feet of the Shop, was soon in flame along its broadside, and seemed doomed beyond reprieve when the engine reached the ground Under the direction of Mr. S. S. Spencer, the Foreman of the Citizens' Fire Company now being organized, the machine was soon set and at work, and the warehouse was speedily out of imminent dan-

Happily the wind was from the South, other-Wise the warehouse would have, gone in spite of water. The contents of the warehouse wore removed in pretty good condition.

After the latter building was out of danger tome persons, who should remain; at home when a fire alarm is sounded, pretty thoroughly destroyed the glazed front by kicking out the glass and smashing the sash. This was in consequence of a lack of presence of mind on their part, and tavors of flying mirrors out of second story windows to the pavement below. Hereafter the Fire Warden will arrest all, such insane persons and place them in safe keeping until the fire is

The shop and machinery was insured for \$1800. Mr. Sticklin estimates his loss at \$2,600. This is the season of fires and every one should be on guard against confingrations. Mr. Sticklin desires to thank the citizens for

the efficient aid rendered on that occasion-WELLSBORO ACADEMY -- CLOSING Exhibition .- The Exhibition of the Senior Class took place last night week, before a well-filled

house. Perhaps the best measure of its success. 18 the general satisfaction which it gave to the addience. Some of the recitations were worthy of unstinted commendation, showing that the Parties porsess one histrionic powers. Of this, we have before spoken.

Some of the declamations were equally good, and showed a marked progress. We forbear speaking of persons in accordance with our invahable curtom. The performance as a whole was tuperior. It proved anew that the teachers and tindents were working together with a common Embition -to excel. Nine prizes were distributed at the close of the exercises.

We are glad to be able to stute that the present forps of teachers will return early in January and inaugurate the winter term. Their administration has been a marked success, and the restrrection of the Academy is a thing accomplished. Much of this is due to the indomitable energy of the Principal, Rev. D. D. Van Allen, who has labored with a zeal, not worthy of a better cause, but of better pay.

A married man "a well known citizen" of Blairsville, seduced a young woman of Livermore, in that county, a Mies Ferguson. The miserable girl took poison and died. He lives and-will be respected-especially by the women.

THEY CAN GET THE MOST FOR IT. W. R. SMITH'S SONS' system of keeping an enormous stock of goods at all times of the year, and selling them cheap—this system so, obnowing to big profit stores—is fairly begun for the Fall ceason at their store, and such a year for doing people good was never known before. Cer-tainly there is no good reason for swindling pri-ces now; we have had enough of them already. The great advantage and importance of trading for cash or Ready pay is fully illustrated by the low prices now raging at the People's Store.

A FEW HOUSEHOLD WORDS FOR THE FARMER. MECHANIC, & PEOPLE GENERALLY.

Buy your goods of a concern which has a big assortment and is selling ten times as many goods and of course can sell them as many times chea-ter than small concerns. We give all such ad-vantages to our customers.

A FEW OTHER BIG THINGS FOR THE PRU-DENT BUYER TO CINSIDER BEFORE SPEND-ING HIS MONEY.

Look out for big stores and big rents; big notes and big rates of interest and no real takers at that—all of which ts very bad as against W. R. Smith's Sons' situation—Light's refused and no rents, new goods at break down prices, and the good old motto of small profits, good value and could refuse of the fact is quick returns, flying to the breeze. The fact is, the only true and certain road to fortune for the merchant is always to give his customers, as we do, the most be can for his money, and depend on do, the most he can for his money, and depend on large sales for his profits. Again, our popular and legitimate system of dealing, buying strictly for cash, always having cash on hand, render us masters of the situation when a drop comes in the

These symptoms are often the precursors of serious illness. Some These symptoms are often the precursors of serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and drive out the humore—purify the blood, and let the duids move on unobstructedly, in health. They stimulate the organs of the body into rigorous activity, purify the system from the obstractions which make disease. A cold settles somewhere in the body, and deranges the natural operations of that part.—This, if not relieved, will race upon itself and the surrounding organs, producing general agravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health—What is true and so apparent in this trivial and common complaint, is also true in many of the deep seated and dangerous disches. The same purgative expels them. Caused by similar obstructions and derangements, they are surely, and many of them rapidly, cired by the same means. None who know the virtue of these ills will negalect to employ them when suffering from the disorders they cure, such as headnehe, foul stomach, dyseutery, bilious complaints, indigestion, derangement of the liver, costironess, constipation, heartburn, rhemmatism, dropsy, warms and suppression, when taken in large coses.

They are sugar coated, so that the most consitive can take them easily, and they are mely the best purgative medicine yet discovered.
