

New Advertisements.

Fall Brook Coal—S. M. Geer. Election—J. L. Robinson, Cashier. New Goods—J. R. Bowen & Co. Surgical & Mechanical Dentist—A. B. Eastman.

Mr. Jacob Stehlin has repaired the harness due by the fire in his Warehouse, and is about to resume his labors.

SOCIABLE.—The Episcopal Mite Society will be held at Hon. R. G. White's, tomorrow, Thursday, evening, Dec. 13.

STEREOTYPING Exhibitions will be given by Mr. H. H. Wood, during the present week, at various places in the county. Everybody should go and see the Stereotyping.

Owing to severe illness Rev. J. Robinson has been unable to deliver the second volume of Greeley's History of the Rebellion as announced some weeks ago. He hopes to deliver subscribers in a short time.

N. Y. TRIBUNE.—Mr. HUGH YOUNG, now getting up his usual annual club for this year, has reduced the club price to \$1.50 for the Weekly, and \$2.00 for the Semi-Weekly. Persons desiring to subscribe should do so before their subscriptions.

THE BAR.—C. G. WILLIAMS, Esq., was admitted to practice in the several courts of Toga county at the late term. We congratulate him and bespeak for him plenty of paying clients. J. C. ADAMS, Esq., of Mansfield, was also admitted to practice. Mr. Adams is an enterprising young man and deserves a liberal patronage.

Our enterprising friends, C. S. Mather & Co. have received their second stock of Fall and winter Goods, comprising dress goods for Men, Cloths and Cassimers, Shop-made Coats & Shoes, &c. We regret that their advertisement reached us just twelve hours too late. Friends at Lawrenceville and vicinity will do well to look in upon Mather & Co., while the stock is fresh.

A GOOD THING.—We have lately used a Metal Top Lamp Chimney which performs all that is promised for it. The top is of steel, and being detached readily the chimney may be cleaned as easily as a tumbler. The top absorbs the heat, and as a consequence the liability to breakage is reduced to a minimum. These chimneys are more profitable to the purchaser than to the seller. Gardner, who succeeds J. D. Jones, is the agent for them.

INVENTION.—The editor of the Troy Gazette has been shown an ingenious Graduated Scale Beam and Ready Reckoner, the invention of H. S. Cushing, of Bloomingburg. It is a brass cylinder two inches in diameter, marked with a series of divisions and numbers. This turns on the scale-beam at pleasure, and by a sliding ring graduated, the price as well as the weight of the article is accurately indicated. As this apparatus can be attached to any scale-beam it must prove valuable to the trade.

BUSINESS.—Mr. J. B. Shakespeare has removed his shop to the first door above Smith & Shaw's Law Office.

Mr. L. A. Gardner has bought out Mr. J. D. Jones, Grocer. Mr. Jones, as we are glad to learn, will remain in town for the winter.

Foley has returned from two cities, and has brought an array of glittering things that one can hardly pass his window and not be tempted to ask him what he will take for the entire concern. We men with sweethearts, and good husbands should look at his Christmas presents.

Mr. W. H. Baker, of Mansfield, has rented a window at Webb, the druggist, and will soon open a Watch, Clock and Jewelry establishment. He advertises Christmas presents elsewhere.

THE COUNTY HOUSE.—The Commissioners named in the Act of Assembly to locate the county house reported in favor of the farm of L. L. Baldwin, Esq., near Toga, price \$12,000. A strong opposition to this report was developed, and after a long and tedious hearing, during which much evidence pro and con was brought forward, the Court refused to locate the house. The chief grounds for this refusal were the great size of the farm and its liability to overflow in seasons of high water.

The Commissioners then reported in favor of the Benjamin Austin farm, 14 miles southeast of Wellboro. This report was accepted and confirmed. The farm lies in Chatham county, contains 100 acres of fine land, with a good 30x40 two-story house, and suitable outbuildings. Price \$20,000. We suppose that the County House is a fact.

INSTALLATION OF COUNTY OFFICERS.—Last week was the annual and triennial official term of the county. Mr. Van Ness had taken the oath as Commissioner some weeks before.

Mr. Archer vacated the office of Register and Recorder, taking with him an available reputation for fidelity and efficiency.

Mr. Deane succeeds Mr. Archer. He is a man of fine abilities, a good clerk, and will make a good officer.

Mr. Davidson succeeds himself as Prothonotary and Clerk of the Courts. The fidelity with which he has discharged the duties of the office for many years has passed into history, and his discharge of the duties for the current term will doubtless prove to be history repeating itself.

Hon. R. Wheeler, and Victor Case, Associate Justices, retired from the Bench at the close of the Quarter Sessions. They have served with dignity and credit.

Hon. C. F. Vell, and E. T. Bentley succeed them. The new incumbents are men of sterling worth, and will maintain the dignity of the position.

A WORD TO THE BOYS.—In common with other citizens we have for several years been a victim of a great evil under the sun which is upon Wellboro. This evil consists in the practice of making the hill sidewalks a course for sliding upon sleds and boards by boys and girls. Every winter the sidewalks on Pearl and State Streets are rendered dangerous for foot passengers, and sometimes absolutely impassable, by the practice.

It is not our purpose to abridge, or even to circumscribe the legitimate pleasures of the little folks. We like to see them enjoying themselves in every proper way. But sliding on the foot-sidewalks is neither proper nor lawful sport. It disgraces the people who build and maintain them, and endures the work for safe travel.

Many complaints have been made to the authorities touching this bad habit, full notice is hereby given that hereafter sliding down the sidewalks will be construed to be an aggravated case of obstructing the same; and upon conviction thereof and proof duly made, every such offender will be punished by the maximum fine of \$1, provided by the ordinance in such case made applicable. We have no desire to repress the innocent merriment of the children with which we are so fondly concerned. We hope the children will never give cause of complaint. They must begin early to do the part of law-abiding citizens.
