A SPECTACLE.-A few days ago one Peter Bota was hanged at Williamsport for the teurder of his wife. Though not an ardent admirer of this method of punishing criminals, we do not purpose here to point out a better way, ar January 2, 1866, much enlarged, as here- but rather to remark upon the bad taste displayed by the people who assembled to see the hanging We read that the attendance was very TOTICE. -- Mr. Harrison C. Bailey, great; that devoted mothers, with innocent ba

bies in arms, walked the streets adjacent to the jal, inconsolable because the exclusive law only permitted two dozen witnesses to regard the agony of Peter; that ladies of position vowed to go in, law or no law, we learn from good authority.; and that men and women climbed trees, and sovered the housetops like a cloud, we are told

course. When men get up a dogulight we know why they do it. Nine-tenths of munkind are JONATION.—The friends of Rev. C. Sinslaved by morbid appetites and passions, and Stone, are requested to meet at his house, moved by morbid impulses. No man or woman, not so enslaved and moved delights in harrowing spectacles. We have heard of men who trequented slaughter-houses and appeared to find great pleasure therein. We knew a boy who delighted in seeing rings put in pigs' snouts, and delighted in killing kittens. We have seen in dividuals who, like Sary Gamp, were never so much at home as when there was : "accorpse in the house." In short, some people only exist in the midst of calamity, and fatten in anticipation

of expected horrors.

This is human nature. Our opinion of it is tinged with charity, but upon the practice of detailed reports of executions we are inclined to be severe. We have never knowingly ministered to this morbid appetite, and hope never to do so.

A RE you sick, feeble and complaining? Are you out of order—your system deranged and your feelings uncomfortable?— These symptoms are often the precursors of serious illness. Some fit of sickness is creeping apon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and drive out the humors—purify the blood, and let the fluids move on unobstructedly, in health. They stimulate the organs of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and deranges the natural operations of that part.—This, if not relieved, will react upon itself and the surrounding organs, producing general aggrayation, suffering and defrangement. Which This, if not relieved, will react upon itself and the surrounding organs, producing general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health.—What is true and so apparent in this trivial and common complaint, is also true in many of the deep seated and dangerous diseases. The same purgative expels them. Caused by similar obstructions and derangements, they are surely, and many of them rapidly, cured by the same means None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as headache, foul stomorders they cure, such as headache, foul stom-ach, dysentery, bilious complaints, indigestion,
