we have seen this year were left at this office by Mr. J. Bockstader, on Saturday. May he never be troubled with smaller ones. A glance at the July report of the E Charleston Cheese Factory will convince the

The largest and ripest new potatoes

skeptical that there is enterprise in that region. It is an exhibit to be proud of. We have never tested a more agreea-

bly luscious cheese than some we lately procured from the Delmar Factory of Cone & Francis. It is goldon to the palate as well as to the eye.

HUCKLEBERRIES.-Mr. Geo. Barker of Gaines, lately sent us a pail of the finest buck leberries yet brought to town. He may regard , us as his huckleberry from this time forward.

DANGEROUS COUNTERFEIT.-A well executed counterfeit ten dollar note, on the Third National Bank of Philadelphia, is now circulating. The note is a close imitation of the genuine, and worked off so neatly that it is calculated to deceive all who are not well posted in the matter of counterfoit money.

Pic Nics.—The Young's School House Sunday School will have a pie-nic in the grove near John Bellenger's, Saturday, Aug. 17, at 10 The Stony Fork Lower District Sunday School will have a pic-nic near the Osburn School House

to morrow (Aug. 15.) at 101 A. M.

TEMPERANCE.-We are pleased to announce that Hon. John S. Mann, of Potter County, a life-long advocate of temperance, will deliver a public address upon the subject of temperance at the Court House, Tuesday evening child in Wellsboro and vicinity will be present.

NEW MUSIC.-Mesars. O. Ditson & Co., 277 Washington St. Boston, have recently published the following choice Sheet Music "Soldier Songs" (waltzes); "Country Life for me," song; "This world is full of Beauty," song by Massey; "Sail on, Silver Cloud," song; "We miss thee from our Cottage Home," song. May be ordered at the Book Store.

We observe, with satisfaction the enlargement of the Montrose Republican to as 8-column paper, the same site as The Agitator The Republican is, in some respects, the best country paper in Pennsylvania, has the largest circulation-4,200-and is among our most valued exchanges. As an enterprise, the paper is a great business success, and we hope it may double it subscription within twelve months.

A NEAT INVENTION .- We have seen the model of a frame for quilting bedclothing, or anything else, as for that matter, which strikes u us very ingenious. As it would not be proper to describe the frame in detail, we can only say tha it is easy of management, holds' the fabric se curely without sowing to the frame, and can be folded and put away like a jack-knife, out of the L. H. Shumway, way. It is the invention of Mrs. MATTHEW Harvey Adams, Tour, of Brown township, Lycoming County, J and the model was neatly made by Mr. John C. W. Pitts Wortendyke, of this village. It is to be pat-

THE INDIAN RELIC.—Some time since. we submitted a rough sketch of the Indian relie J. Goodall. published some weeks ago,) to CHARLES-G. LE-AAND, Esq., the accomplished Managing editor of THE PRESS, Philadelphia. Mr. Leland is an expert in such antiquities, having collected a fine L. H. Robbins, cabinet of various implements in use among the Indians. We supposed the relie in question to he a pipe; but Mr. Leland informs us that it is one of those singular relies whose use is still a subject of conjecture. He supposes that it may have been a musical instrument, or possibly an amulet or charm. Mr. Leland informs us further, that he is very decirous of procuring specimens of Indian implements, such as may be found in Tioga county, and elsewhere; and persons having such articles will confer a favor upon him by sending them to him at the Press Office.

BIG HAUL.-Mr. Eugene Lent writes us from Farmington on the 8th, of the following big haul of rattleanakes:

"Walter Gee and Benjamin Clark, of Middlebury, Tioga County, ran upon a den of Rattlesnakes between Keenevville and the covered Bridge, and succeeded in killing twelve. They tution under the treatment of Dr. Up De Graff.were each about four feet long, and each had ten | Elmira Daily Gazette.

That is a prefty good haul. The boys ought to have a bounty for the catch. Worse & Worse. - Since receiving the foregoing we have the following from G. D. Keeney, much interesting your affairs as your ancient and Esq., dated Aug, 11, 1867:

"Death to Copporhends! One day last week Joseph Gee's boys killed one hundred and thirty-two rattlesnakes within half a mile of Keeneyville. There was twelve old snales and the rest were all young ones. They were all under and around

A Good PAPER.-The Weekly-Philadelphia Press is undoubtedly the best specimen of a family newspaper ever published in Pennsylvania. Upon a thorough survey of its columns we conclude that it has a column for every memher of community and two columns of State news besides. The industry with which the paper is edited is wonderful. A great part of it is original matter and the selections are made with the greatest care. No advertisements are found in its columns-it being, literally, filled with reading matter. Its price to single subscribers is \$2. and less to clubs. All of Col. Formey's letters from Europe, a capital series of letters from the Plains, and our fellow-townsman's (George Sears) letters from the Amazon, are published in its columns The Amazon letters are to appear regularly hereafter. Let our reading people subscribe for this best of Weeklies and thank us for speaking about it. Mr. C. G. Leland is the editor, and is meeting with unequaled success.

DEERFIELD WOOLEN FACTORY .-- One of the proprietors of this paper paid a visit to this establishment last week, and brought such them, and loses sight and sense of his contact good report of its operations as reflects great credit upon Messrs. Ingham & Co., the enterprising owners and operators of the mill. From a fresh-cured hay; or, if you cannot do it, walk single Carding Machine for custom work, it has out into the country, and sniff the hayfields on grown, under their enterprise and management, the roudside. That will not only refresh your to a Factory where every kind of Woolen Cloths and Cassimeres, from ordinary to the best fourth Haying now and haying twenty years ago are in market, is turned out. They run four looms, not to be compared with each other. Then, it each loom-averaging 30 yards per day, and turning out 3200 yards of fannel per month. They make blankets, also. To do this work they employ fifteen experienced workmen, whose work is ling their jackets upon a tree, and taking an exdone under the direction of the proprietors, all of whom are skilled operative manufacturers. Both steam and water-power are employed. The Cassimeres turned out at, this Factory are even in texture, firm and unsurpassed in finish and durability. The same may be said of their figure is and full-cloths. We hope that they may beencouraged as to be able to double the capacity of their Factory and work up all the wool-cip of

Tioga County. THE RAILROAD.—The books of the Wellsboro & Lawrencoville Railroad Company were opened for subscription to the Capital Stock, by the Commesioners named in the act, Thursday afternoon, 8th inst. Messrs. D. S. Magee, and others subscribed for upward of \$500,000 of the stock, and no further subscriptions being offered the books were closed.

As there is some vagueness of understanding among the people touching the whole matter, we feel it a duty to state the material facts connected therewith as they have come to us. It is, we pre
ly man! Where, O, where, is the boy who used

THE subscriber offers for sale his farm of 100 acres, situated in Charleston township, Tio sume, generally known that the construction of this road depends upon the finding of coal in his own opinion? He is scribbling this doleful is quite level, and has no waste ground. The baying quantity and quality in the Wilson Creek basins. No man, and no company, of men, with Capital with Land and raked clean "if it takes all off. The farm is in the Ferry District. Address Capital with Land and the Capital Capital, will be rash enough to build a railroad night." We object to mowing-machines as un-

from Lawrenceville to Wellsbore to accommedate | social; and we advise every farmer to buy one the local travel and freighting. It ought not to be asked or expected, per will it be. Mon do not way to get rid of them. Horse-mowers, horse-construct rakes, horse-forks! Get out! What is the world for their own benefit first, and incidentally for coming to! the common benefit. We say this that our peo-ple may not expect impossibilities.

coming to!

The franchises of this road cover the remaingood people, this is the year when the earth is to ing franchises of Tioga county. They are valuable, because of the coal, and other mineral burn as an oven," according to the successor of wealth beneath the surface, and begause of the lumber yet to be taken away. Such franchises man who was a composite construction. The were not to bo flung away. It was considered proper to pass them with conditions attached .--Mr. D. S. Gossip.-Nothing is more common

than for people to distrust their enemies. This is

implacable enemy. If the be interested in your

affairs, is he not desirous of your welfare and of

your success? Not that we mean to affirm that

he is desirous of your welfare; we leave you to

infer it, though, if you please. We have noticed

that an enemy of another always regards that

other as a fool, if not worse. If he accomplishes

business transaction his enemy prophesies all

nanner of disaster to come of it. If he under-

take anything for his own, benefit his enemy in-

sists that he did not go about it in the right way

that his method is sure ruin. He, the enemy,

would be glad to see him prosper, but not in that

way. In short any man must be a fool to try to

succeed in that way. In riew of these circum-

stances and facts, would it not be well for each

political party to confer with the other when

planning a campaiga? Might not a man about

o enter upon a new enterprise appropriately take

he-enemy of that enterprise into his confidence?

-It would not be hard to present cumu-

lative proof that the sweetest sleep of man

and boy is in having time; on the shady side

of a hay-sock, while "waiting for the wag-

stolen pleasure, which money cannot buy.-

the flying clouds as they sail over the pathless

skies, until he fancies himself caught up among

with earth. Recall the pungent aroma of the

memory but your soul and body. But, alas!

was eminently a social avocation; when a dozen

men, with glittering seythes upon their shoul-

der-, wended their way to the meadow, and, hang-

tra hitch in the waistbands set to the standing

geass. What a hole they made-sixty feet wide,

pointed in and pointed out with an eye to looks af-

ter the ground should be raked, when every man

picks out his own swarth . Clit-k-k-k !" . Cat

that stone, did you?" puts in the man who missed

it. Then comes the sharpening of the freshly

ground scythes, and the jokes, which, though not

ilways skillful, were always laughed at. And so

n, till the boy ealls "Lunebun!"-and the

company deposit their seythes in the standing

Lunchun" basket and water-jug, in a friendly

body. Their effects have abundantly shown to the community have much they excel the other medicines in use. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel 'disease. They purgo out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart tone and strength to the whole system. Not only do they cure the every day complaints of everybody, but formidable and dangerous diseases. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Bephysic that can be employed for children. Being sugar-coated they are pleasant to take; and, being purely vegetable, are entirely harmless. Cures have been made that would surpass belief, were they not substantiated by men of such exalted character, at to forbid the suspicion of untruth. Many eminent clergymen and physicians certify to the public the reliability of our remedies, while others have sent us the assurance of

Mass., and sold by all Druggists and dealers in
medicines everywhere.

Sold in Wellsboro by J. A. Roy. july3-2m.

BEALE'S (Late Powell's)

EMBROCATION. For all Diseases incident to Horses, Cattle, and the Human Flesh, requiring the use of an External Application.

an External Application.

THIS new Compound, prepared by a practical Chemist, having a hall knowledge of all the medical virtues of each ingredient that enters into its composition, is warranted to exceed anything of the kind ever yot offered to the Public as an external application for the diseases for which it is recommended. We are satisfied that it will work its own road into the confidence of all who use it, and those who try it once will nover be without it, and thorefore we rely on experience as the best test of its usefulness. It is pronounced by Farriers, and all who have tried it, to be the best application over used. This Embrocation has been put up for over eight years, and it is only through the increasing demand and urgent request of my friends and the Public that I send it forth us the grand remedial agent for the various diseases to which that noble and useful animal, the horse is subject.

Many remedies have been offered to the Public under different forms, some of these are injurious, others at best of little use, and many wholly improper to answer the purpose for which they are recommended.

A judicious and really useful composition, free from those objections, has therefore long been desired by many gentlemen who have valuable horses, and are unwilling to trust them to the care of designing and pretended Farriers. Their wishes are at length fully gratified, by (Dr. Beale) being prevailed upon to allow this Embrocation (which has proved so efficacious to the various diseases) to be prepared and brought out to the public.

Thus Embrogation was extensively used by the Govpublic.

The Embroyaton was extensively used by the Government during the war. Address all Orders to DR. EDMIOND BEALE,

602 South Second Street, Philadelphia, Pa.
