Address of the Chairman of the Republican State Committee, on the first page. It is candid, dignified and able, presenting the issues fairly. It states truly that the Courts are regarded as the last ditch of the rebellion. Beaten at every point, the rebels are now rallying to the contest in the courts. We must beat them in the last ditch.

The President is determined to re move Gen. Howard, chief of the Freedalleging that the colored people were satisfied with Gen. Howard. It is rumored that Fred Douglas will be on the place. Mr. Douglas will probably decline the bait.

The President has issued a proclama tion declaring that the laws must be enforced. This is as if a burglar should proclaim that the rights of property must be respected. We hope that Mr. Johnson means well; but if his acts are an index to his motives, the proclama tion may be a masked battery trained against the liberties of the people. Proofs of the Superior Quality OF THE

AMERIC'N WATCH HADE AT' WALTHAM, MASS.

The American Watch Company, of Waltham Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market. They are simplor in structure, and therefore stronger, and less likely to be injured than the majority of foreign watches, which are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts. How they run under the 1 00 hardest trial watches can have, is shown by the following letter:...

PENN. RAILROAD COMPANY. OFFICE OF THE GEN'L SPERINTENDENT, ALTOONA, PA., 15 Dec., 1866.

GENTLEMEN: The watches manufactured b you have been in use on this railroad for severa years by our enginemen, to whom we furnish watches as part of our equipment. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn, and do wear much longer without re pairs than any watches we have ever had in us on this road. As you are aware, we formerly trusted to those of English manufacture, of ac knowledged good reputation; but as a class they never keep time as correctly, nor have they done ns good service, as yours.

AYER'S Cherry Pectoral IS a soothing expectorant,

propared to meet the urent noed of a sufe and relia diseases of the rout and lungs. A trial of many years has orablished the fact, that it is more efficacious in pulmonary affections, than any other remedy. Its efficacy has now become so generally known, that it is justly regarded in many countries as a medicine of indispensable necessity. In Green Britain, France, and Germany, where medical science has reached its highest perfection, it is prescribed in domestic practice, and constantly used in the armies, in hospitals and other publio institutions, where it is regarded by the attending physicians as the most speedy and agreeable remedy that can be employed. Scarce.
ly any neighborhood can be found where well
known cases of diseased lungs, which had baffled the efforts of the most skillful and experienced doctors, have been completely cured by it. These results are the most convincing proofs of the su-perior curative properties of this preparation; and to them the authors point with peculiar antisfaction. While it is most powerful against confirmed diseases, it is extremely gentle as a media-

cine in infancy and youth, being quite harmless to even the youngest, when administered judiciously.
This health-restorer accomplishes even more by prevention than cure. If taken in season, it beals all irritations of the throat and lungs, whether arising from Colds or Coughs, or from other causes, and thus prevent that long train of painful and incurable diseases, which would arise from the neglect of them. Hence no family should be without it. Influenza, Croup, Hearseness, Whooping Cough, Pleurisy, Incipient Consumption, and other affections of the breathing organs, give way before this pre-eminent combination of medical virtues.
