A Parody-Dr. Roy. Notice.-There will be a Meeting of the Republican County Standing Committee, at the ofpunteau County, Wellshore, on Saturday, fice of John I. Mitchell, Wellshore, on Saturday, July 11, at 2 o'clock, P. M. As important business is to be transacted a full attendance is re-JOHN I. MITCHELL,

quested. July 1, 1863. RELIGIOUS.—The services at the Bantist Church in Wellsboro, will hereafter be at 101 A. M, instead of evening as heretofore.

FESTIVAL, FOURTH OF JULY.-The Ladies of the Baptist Church of Knoxville, Pa. will hold a strawberry and ice-cream festival at the Hall of Eagle Hotel, on July 4th. Doors open at 9 o'clock A. M.

THANKS.—We are requested to state that the ladies of the Baptist Society extend to Mr. & Mrs. M. M. Sears many thanks, for their very generous donation on Wednesday ovening.

THANK You!-We are indebted to the ladies of the Baptist Society for a beautiful bouquet of field flowers and garden heliotrope; and though there is not a flower in the lot which may not be had for the plucking, it beats, in our estimation, the bloom of the conservatories, both in beauty and fragrance.

CELEBRATION AT TIOGA.-The Good Templars of Tioga county, and the friends of the Order, are invited to meet at Tioga, July 4, 1868, for a pic-nic celebration. Good speakers and good music have been engaged for that occasion. Arrangements have been made with the Railroad Company to carry those living along the line at half-fare. We regret that this notice did not reach us

until Friday.

ERIE RAILWAY EXCURSION. - We are requested to state, that persons wishing to visit New York during the Democratic Convention can procure tickets for the round trip, good from July 2 to July 12, both inclusive, from Corning for \$8.25, and from Elmira for \$7.75. No tickets at these rates after July 5.

WELLSBORO DIVISION, S. of T.quarter: W. P., Benjamin Sceley; W. A., J. B. Shakspeare; R. S., F. S. Hastings; A. R. S., Jas. Bowen; F. S., Joseph Rumsey; Treasurer-W. B. Van Horn; Chaplain, Charles Stephens; C., Chas. Van Horn; A. C. Chas. Lockwood; I. S., M. Spencer; O. S. Curtis Culver.

STRAWBERRY FESTIVAL & CONCERT. -The ladies of the Baptist Society will give an Ice-Cream and Strawberry Festival at Bunnel Hall during the day of the 4th, and Wetmore and Fisher's Band assisted, by a number of citizens, will give an entertainment in the evening, consisting of Vocal and Instrumental Music for the benefit of the society. Doors open to Concert at 71. Commence at 8.

STRAWBERRIES .- If thanks can compensate Mr. G. W. Hathaway, of Tioga, for the box of stupendous strawberries which we received from his gardens last Friday, then he is tendered hearty thanks. We thought of measaring some of them, but after looking over a handful taken at random, and finding none smallthan a hickory nut, and many two and three

THE CAMP-MEETING.—Visitors reknow anything about it. As usual on such oc-

HAIL-STORM,—Wednesday afternoon dietweek a bank of dense black clouds was nobody suspected that there was much mischief in them. Wo learn, however, that beyond Covington, on the State road, a very destructive bail-torm raged, covering the ground to the depth of two inches before a drop of rain fell. Our Mainsburg Local sends us further information about the storm. He describes it as having

deen terrible in volume in some parts of Sullivan. After the rain began to fall the hail was carried down water-courses and declivities, forming dams, which, breaking away, formed lateral banks 12 mehes deep.

A Comfort.—Among the comfortable things provided for the public in Mansfield. none struck us as more felicitous than the Soda Fountain at Dr. Elliott's Drug Store, which we patronized freely, and we blush to say, without cost, while there last week. The Doctor has the nicest Post Office fixtures, and the canniest establishment in this region. The only fault we have to find with him is that he sells too cheap.

THE SAWMILLS .- Mr. Edgcomb writes us from Westfield, to say that the day's work at the Flower's Mill can hardly be said to bent the work done at his mill in eight hours. Mr. Edgeomb's Mill cut 25.148 feet in eight home, and Mr. Flower's Mill cut 24,272 feet in 7h 57m. The difference in time being but three minutes, and the difference in the work being 876 in favor of the Edgeomb Mill. Mr. Edgeomb is correct. We did not pay much attention to the time in minutes. It will be hard work to beat either.

THE AGRICULTURAL SOCIETY.-At a meeting of the Executive Committee of the Society, held Saturday, 27th inst., it was deternamed to hold the annual Fair on the grounds of the Elkland Union Association, at Elkland, September 30 and October 1. This, we think, was a wise determination, as it recognizes the the necessity of exercising the spirit of accommodation. We may be mistaken, but cannot but predict a successful future for the society. It remains with the farmers and mechanics to make it a success. Nobody else can do it.

SUDDEN DEATH IN WARD. - On Saturday, 20th inst, as Mrs. Solina Gregory, widow of Zl L. Gregory, Esq., (formerly of Jackson, Susquehanna county) was returning from Canton where she had spent the day trading, in company with a neighbor, they were overtaken by a heavy shower. Mrs. Gregory urged the driver to hurry on, "that the storm would kill to the nearest house, where Mrs. Gregory was assisted out of the wagon and into the house. She Editioned, but too late to save her. She died in

Gossip. -The "law of the road" being hapetteetly understood, has been broken as often as the 5thbath, and concetimes with damaging results. "The got a text for you," said a friend to us the other day. "I go to dinner, sober as a sold, and out the other day. "I go to dinner, sober as a sold, and out the fact that Ponnsylvania once wasted \$40,000,000 upon canals which never paid for digging, and sold them for a song; and this, too, without an audible murmur. We do not defend that extravagance. But we are in favor of a State appropriation of a million per annum, for the benefit of Hospitals and Schools. Education is the corner-stone of free institutions. Our in motto is—Educate, EDUCATE! and we hope the people of the Fifth Normal School laws of the road I am made to reel from side to we hope the people of the Fifth Normal School side of the tootwalk like a man in his cups. I District will petition on masse for an appropriation of \$15,000 to increase the capacity of the direct and many we both turn to the right, as the law Mansfield Institution so that none may be turned dine; and all goes off smoothly enough. I away. the state the inside of the walk, whether it be to the right of the left. So I pass on, vibrating from side to side, like a discontented pendulum, have been described as the side of the walk, whether it be to the right of the left. masing on the universal contempt for law on the road, and tired of wandering like "a labbling brook," walking two rods to get over ouc." We sympathise with our friend, and will preach from. his text a short sermon. The law of the road in this country requires parties meeting to turn to the right where it is possible to do so; and this law binds pedestrians as well as travelers on the highway. Somehow, and we don't know how, it is deemed an act of politeness to give a lady the

inside of the walk, either when walking with her or on meeting her on the walk. The intention Convention, and oblige, MANY CHIZENS. s good enough, but the practice is no favor to the ladies. In walking with a lady give her your right arm always; and when you meet other parties keep to the right. Thus if couples walking ties keep to the right. Thus if couples walking Roosevelt, an eminent lawyer of New York City, in opposite direction, meet, passing to the right says; "The fact that it uses a single thread and brings the escort in contact, and protects the land ordinary speed, is a great convenience; but brings the escort in contact, and protects the ladies from collisions with all passers. The foot-lie mind in regard to the strength and durability walks of Wellsboro are not wide enough to permit two couples to pass abreast, if there be me, after consultation with other female heads o of crowding people off the walk under any circumstances. Three ladies in a row, with the usual liberal expanse of skirts, leave but a narrow margin for the passage of a single man. The spirit of accommodation suggests a temporary disconnecting of couples and triples on the passage of the pa of crowding people off the walk under any cirpavement when they meet. As an illustration of the durable stitch made. But we also think that, road, when on the crowded pavement of a city notice how few the collisions; and the few you will notice mark the countrymen who wander quired to use two threads, are any longer necesdazed along the streets. Thus ends our preach- sary.

-"Courage!"-That is the Frenchman's pre-

scription for every mental ill born of disappointment and chagrin. It means "take heart"-or almost anything else in the way of encouragenent. The common meaning of the word Circulars sent free to any address.

But a man may lack both moral and physical courage and yet be a brave man. A lack of courage may reveal itself an evidence of lack of courage. The poor man ber the place Over the Book Store Wellsbore. may become appalled at the work before him necessary to provide for his family, and seek to forget it in drink. A lamentable lack of courage indeed. A man may set out with honest aims, and resolve to win success by work; and finally discover that cheating is an easier way to accumulate each than resolve to win success by work; and finally discover that cheating is an easier way to accumulate each than resolve to win success the success of the mulate cash than work; and take to cheating. tended agents." The facts are that Mr. Harding rublishes no bibles that sell for more than courage. But there are several ways of looking at these things, one of which is practiced by Wellsboro Division, S. of T. at these things, one of which is practiced by ford and Tioga, as may be easily verified by adfine following officers were elected for the current "Homespun," who writes us from Sullivan as dressing Wm. W. Harding, Philadelphia. Very

"I have read a great many times of the beauty of fields, the salubrity of climate, and the richness of soil of other parts of the world; and it almost seems that it would be gain to go to some of those Eden-like places and strike out a home where we could get rich with little work. Thinking seriously of all this, let us compare it with Tioga county. Here are fields—beautiful this bright June morning—fields of grain, grass, and corn, thrifty and plentiful, the climate bracing and very healthy, the soil fertile. The same sun shines here and elsewhere. If we wish for varied and picturesque scenery, I think we have it. Are there not hills dotted with trees? Are there not groves and forests on every farm? Are there not mountain ranges, minature caves and brooks? Every half mile something new presents itself. Every farmer is independent of the other so far as farm government goes. So we have the benefit of each others improvements, making a sort of "Farmers' Club." Nor are we all farmers; some are merchants, some mechanics But confining our thoughts more to the productions of Tioga County: Fruit can be raised here in abundance—apples, pears, quinces, and in fact everything adapted to the temperate zone. Small fruits can be grown successfully, and in some parts grow spontaneously. My friends, we have country. God has indeed blessed us. neches in circumference, we gave up in despair.

Nevertheless there is pleasure in despairing thus.

"THE CAMP-MEETING —Visitors re-THE CAMP-MEETING.—Visitors re- habitants let us think a little: Situated in Mansport a slim attendance upon the Camp meeting field is the State Normal school, carried on syste-Sunday. On Sunday the crowd was immense, being variously estimated from 2.500 to 5000.

We are unable to graph of the results of the sunday well attended, and orderly. Last winter, We are unable to speak of the results of the meeting, as nobody that we have seen appears to teachers and pupils united and had an exhibition. It was held in the M. E. Church at Mainsburg, know anything about it. As usual on such occupied two evenings, and was a success. It casions there has been disorder and excess on the was half as good as a theatre if Macbeth was not part of those who do not go to such places for played. Cinderella was nicely performed, and beautify your homes. Remember to call first at some other plays equally as good. The music and declamations were praiseworthy. We have religious advantages. Nice churches are situated in many localities and sabbath schools are con venient to all,

Taking everything into account let us be conobserved far to the eastward of this village, but tent. Nor may we stop here, for improvements 25, at the residence of the bride's parents, by are yet needed. We can make our farms more Rev. J. H. THE NORMAL COMMENCEMENT.—We had the pleasure of listening to the afternoon School at Mansfield, last Thursday, and heard enough to cause regret that, owing to a misunderstanding as to the hour of beginning, we were. not present in the forenoon. The day was levely umong the queenly days of June, and the attendance very large. The exercises consisted of declamation, music, presentation of diplomas, and "Report," and samples of Work, containing both an address to the graduating class by the Princikinds of stitches, on the same piece of goods. amation, music, presentation of diplomas, and pal. The themes declaimed upon were well chosen, and well respesented the progressive tendencies of the age. Several were superior in

method and expression and none were failuresa fact which reflects marked credit upon the class, and well measures its training. Without meaning to make invidious distinctions we cannot forbear to mention some of the themes which seem ed to us to be most skillfully worked up: "Not for Myself alone," "Let there be light," "American Industry," "The Constitution," and "Duties of Citizens." Several others were equally good in matter and construction, but delivered in so low tones that we could only comprehend the general drift of the speakers. Among these we mention "Keys," "Broken up," "The End Not Yet" and "Tides." The Valedictory, by Mr. Vine R. Pratt, of Charleston was a neat effort, and well delivered. The address to the Graduating Class, geography and topography of the county, and | by Prof. Allen, was admirable for practical wisdom and breadth of view. In glancing over the class as it arose to receive the diplomas we were impressed with the array of fine heads and earnest faces, and felt an irresistible impulse to

prophesy good things of the life labor of the numbers. We believe that it is the largest class | 11, ever graduated in the State. At the close of the Exercises statements were made by Prof. Allen, and S. B. Elliott, Esq., President of the Board of Trustees, setting forth the difficulties under which the school labors for 17, do want of room. It appears that almost as many students wait for admission as are received, 19, do and the Principal stated that the size of the her," her heart feit 'so strange.' He drove rapidly school could be doubled but for the want of accommodations. It is now proposed to put on a Mansard roof, which will admit of the reception of fifty additional pupils. Our belief is, however, that be- 26, do sides this alteration of the upper story, additional 27, do buildings should be erected at a cost of \$10,000. 28, do As this is a State Institution, and as its accommodations are less, while its graduating classes are larger than those of any of the Normal Schools, 31, we conceive that it is the duty of the State to enlarge the accommodations at once.
