Annual Vacation. HARRISBURG, July 3, 1868.—The reg-ular annual vacation at the institutions

receiving soldiers' orphans at the expense of the State, will commence on Friday, July 24th, and terminate on Monday, August 31st, school duties be-ing resumed on Tuesday, September

The principals, superintendents and managers of these institutions will please observe the following regulations :

1. No child will be permitted to leave the institution to which it belongs with-out a written furlough or leave of ab-sence, signed by the Superintendent of Soldiers' Orphans, and countersigned by the principal superintendent or managers of the institution, specifying the cause of absence, and its length.— This leave of absence, for which blanks have been furnished, to be carried by the child while absent, and shown

whenever requested. 2. No leave of absence will be granted to any child, unless pronounced by the attending physician, after special examination had for the purpose, en-tirely free from sore eyes, and other contagious discases. Upon their return, after vacation, children must be re-examined, and all doubtful cases isolated until known to be entirely cured. The presence of these vexations and annoying diseases in any institution is regarded as an evidence of inexcusable neglect and mismanagement on the part of the attending physician and the author-ities of such institution, and will not be tolerated.

3. No child will be sent home except at the written request of the mother, guardian or friends. All others must be furnished with proper care and at-tention, and permitted to enjoy vaca-tion at the institution, free from study and labor, except such as may be neces sary for the comfort of those remaining. The labor required must not ex-cept the regular detail period of two hours per day. The library and read-ing rooms and the play grounds must be open to them, under proper supervision, the remaining portion of the day. Children should be conveyed to and from the proper railroad station free of charge. All other expenses of travel,

And if, notwithstanding past discouragements, these hopes are even partially realized, the fact will be regarded by the undersigned and his co-laborers as compensation, in some measure at least, for the severe labor, weighty responsibilities and constant auxicties of the past year, and as an en-

.The Democratic assertion that Schuyler Colfax once declared, in a political speech, that <sup>14</sup> he had registered a soleinn oath never to vote for a foreignborn man for any office, and to remove all foreigners, aliens and Roman Catholics from office, whenever he might possess the power to do so," is the basest of slanders, made up out of the whole cloth. These facts show how stupid and malignant is the falsehood, which we have quoted above from the Democratic journal giving it currency yesterday morn-ing.—Doylestown Intelligencer.
