The Baltimore Sun says: "It is stated that Mr. Chase did not, in any of his letters and telegrams sent to New-York during the Convention, give the assurance that he would support the party in its nominee, in the events of himself not being selected. It is now said here, by the friends of Mr. Chase, that he will take no part in the contest -will probably not even vote; but if he should, will east his ballot for Grant

The Jonesborough (Tenn.) Flag says that Mr. Ezra Mather, Mr. Isaac N Babb, and Mr. John S. Mather, and many other citizens of that place, who have heretofore been acting with the Conservatives (so called) from honest and conscientious motives, have come out boldly and emphatically for Gen. Grant. So it is all over the country.— The Forrest ticket is a pill that can nev er be swallowed by men who love their country as they should love it.

One of the Seventh Regiment, which lately went on an excursion to Norwich, asserts that at the house of one of the Reception Committee where a number of the regiment made a call, the following pictorial ornaments and none other, were in the room. A portrait of Gov. English, one of President Johnson, and one of Robert E. Lee, the latter being decorated with the Stars and Stripes. He very naturally inquires: "What sort of loyalty or decency is that which would exhibit before the members of the Seventh the picture of the arch-traitor, decorated with the flag which he fired on and they fought for! The question is highly pertinent.

Gen. J. L. Alcorn, one of the ablest men in Mississippi, in his late speech at Holly Springs, paid a handsome tribute to Gen. Grant. He said the Southern people owed him a debt of gratitude; that he had sayed the nation in mercy, and when the South had surrendered her armies, Gen. Grant had held in check the flerce wrath of Andrew Johnson, who stood ready to make good his pledge for blood and confisca-He stated that 12 months since he had written a letter in which he had declared for Grant. He still declared for him as the only hope of peace to the land: Elect Grant, and all would be well; defeat him, and intestine fends and internal commotion would continue in the land, pressing back our coming prospects, and opening the way to wider ruin.

DEMOCRATS VOTE TO DISFRANCHISE WHITE MENT Twelve hundred southern white men were, on Monday, made citizens by act of Congress. All the Democrats in the House, except one, voted against removing the political disabilities of these twelve hundred.— We have been told so often by the Democrats that this is a white man's government, that we supposed, not unnaturally, they would joyfully vote to make o; but they seem to prefer what they call negro rule. The suppose, that they would disfranchise everybody but the Democrats; for we notice that wherever they can get a negro to vote the Democratic ticket they have nothing to say against black votes.

Vallandigham, in his recent letter, says: "Had New-York withheld her vote from Mr. Hendricks, Judge Chase would have been nominated within an hour." It is well known that Val. is posted on the sub-drains of the Tammany Convention. He it was who pulled the trigger of the Seymour gun. His recent letter will be a good lever for a Cabinet position in case of Seymour's election. He wants to be Democratic candidate for Congress from Gen. -chenck's District, in which Schenck would take the kernel and leave Yal. the shell. When Vallandigham was arrested for

treason Seymour wrote: "If this proceeding is approved by the Governis not merely a step toward revolution— it is revolution. It will not only lead to military despotism—it establishes military despotism. If it is upheld our liberties are over-thrown. The safety of our persons, the security of our pro perty, will hereafter depend upon the as may be placed over us, while our constitutional guarantees will be broken down. nell was speaking, a circus procession preceded by music, drove around the public square, the band playing a lively tune; whereupon 175 or 180, of the 200 persons present left the meeting and ran off to hear the band, or to the show. At this, Gen. McConnell, usually so amiable, seemed to lose his temper, and, after pausing a few moments, said : "Fellow-citizens, it is a bad sign, I tell you it is a bad sign, to see the people leave a Democratic meeting and run after a d—d monkey show. Such conduct convinces me that you care neither for your party nor your principles."

ADMIRAL PORTER ON GEN. GRANT. -A letter by the Hon. E. G. Squier from Richfield Springs, to Frank Leslie's Illustrated Newspaper contains the following testimony by the gallant Admiral D. D. Porter in refutation of the

modest watering-place-the quietest and least obtrusive of its quiet Summer denizens, who discuss political affairs with moderate zeal, and on whom the flery appeals of the partisan press fall with no more startling result than is indicated in the following observa-tion from a well-conditioned retired merchant of our own city. "Of course," said this worthy representative of an important class, "we must elect Grant, especially in view of the new revolution now threatened by the Rebels and their sympathizers, but what a pity that the General drinks!"

THE CONVENTION AND THE TICK-

We congratulate the Republicans of Tioga County upon the result of their annual Convention, held on the 18th inst. We do not fear successful denial when we say that our opponents cannot match him in ability in this district. He is a man of culture, trained in all the accomplishments which enter into and make certain a successful public career. Nor can they match him in uprightness and integrity. Mr. Armstrong, is widely known as one of the first lawyers in Pennsylvania. If any man looks for professor of political trickery will find no accomplice in him. In private life pure, as a citizen always just, hightoned and honorable, and as a patriot above suspicion. Of such men must the legislators of the regenerated Republic be, for such only are safe depositaries of high public trust. No man deserves better of his party, and none confidence.
