The following correspondence practically illustrates the views of thinking men respecting the coming election. Judge Pierrepont has always been Democrate and is one of the Sachems of Tainmany Hall. His defection, therefore, shows in a great degree the feeling adverse to the Rebel candidates among the Democracy who have not altogether lost their love of country or respect for maintaining its honor and character as a nation.

NEW YORK, Saturday, Oct. 10, 1868. To ALEX T. in my judgment, the election of Seymour and Blair would forthwith confuse and paralyze our business, and reduce the value of our property. To aid in averting this calamity, I send you herewith Twenty Thousand Dollars (\$20,000,) which I give to be ased in the election of Gen. Grant, in such manner as you and the Committee with whom you act may think best .-And I remain, yours ever truly, EDWARDS PIERREPONT.

NEW YORK, Oct. 12, 1868. Hon. EDWARDS PIERREPONT, New York City. MY DEAR SIR:-It gives me great pleasure to know that you fully appreciate the consequences to all lasiness men, indeed, every one having any interest in the prosperity of our country, that must result from the election of Gen. Grant.

The question is presented to the people, whether they will aid in electing an administration bent upon trampling loyalty into the dust and elevating upon its ruins a power controlled by Rebel chiefs, whose motto will be "The Rebellion Vindicated," with prostration to every branch of industry and business at the North; or whether we should place in the Executive Mansion. one emphatically of the people, who has never acted but from a just sense of duty to his country, and from whose administration we will have all blessings that can flow from peace in every department of our Government, inspir ing a confidence that but lead us to prosperity and happiness as a nation, and promising for us a future unequaled

in the history of the past.

To secure this end I accept your generous contribution, and will apply it to such proper uses as may tend to bring about a result so promising, with blessings to us all. Sincerely your friend.

ALEX T. STEWART.

HONOR TO THE PEOPLE AND THANKS

By a fair election the Bepublicar State ticket could have triumphed by a majority of 30,000 in the State. But a fair election with the Democracy as a party in the field was never had, and must not be expected. The naturalization frauds, in spite of all known moder of prevention under the law, were enormous. In Philadelphia alone 10,000 setts of papers with the seal of the Supreme Court forged upon them, are stated to have been issued. Does any man look at this result and not feel his admiration for the true-blue mountain dwellers kindle into flame? All this is well. It is gratifying and assuring, but it is not enough. The battle is not done. Rather, we are now experiencing one of those sclemn pauses in the midst of battle when the successful party gathers its forces for the
