would think it was that. We got our dinner with the nurses, caus the man that keeps the hotel charges full price for the children if they sit at the table in the dining room Once my mother let me go down with her, and I talked a heap at the table, and a gentleman that sat next to us Little girls should be seen and not heard." The mean old thing died last week, and I was real glad, and I told Della so, and she said that if I went and said things like that, I couldn't go to Heaven, Much she knows about it; and I wouldn't want to go if dirty things like she went there. Yesterday Mary, our nurse, told Bessie, Nettie's nurse, that she heard Larry Finnegan was going to marry her. Larry is one of the waiters, and he saves candies for me from the big dining room; and Bessie Nettle's nurse, said "Oh, Lord! what a lie!" and Bessie Nettle went into her mother's room, and her little brother said she nipped him, and Bessie said: "Oh, Lord! what a lie!" and you should have heard how her mother did talk to her,; and she went and shut her up in a dark room where she kept her 'trunks, an didn't let her have nothing but bread and water; and Gus Rogers went and yelled through the key hole, and said: "Bessie, the devil is coming to ketch you," and Bessie screamed and almost had a fit, and her mother told Mrs. Rogers and got Gus licked, and Gus says he's a mind to set the house on fire some day, and burn her out. One day I went into the parlor and

creeped under thesofa, and there wasn't hobody there. They don't let dogs nor children go into the parlor, and I think it's real mean; and I had to creep under the sofa so hobody could see me; and Mr. Royce came in, and Miss Jack-son; she said that children was worse nuisances than dogs. And Mr Royce and Miss Jackson came in, and sitted down on the sofa and he said, 'O Louisa, I do love you so much," and then lie kissed her, for I heard it smack. And then she said, "O, Thomas, I do wish I could believe you; don't you never kiss anybody clse?" And he said, "No, dearest," and I yelled out, "O, what a big story!" for I saw him kiss Bessle Nettle's nurse in the hall one night when the gas was turned down. Didn't he jump up; you bet! and he pulled me out, and tored my hock, and he said, "On you wicked child where do you expect to go to for telling such stories?" And I told him, "You sout up; I ain't going anywhere with you. I wish that man would die like the other one, so I do; and I don't care whether he goes to heaven or not. Gus Roger's mother had a lunch party in her parlor, and they had champagne, and they never gave him any, and when his mother wasn't looking, he found a bottle half full on the sidely and Gus and me drinked it out of the glass Mary brushes her teeth in; and it was real nice; and we looked in Mary's wardrobe and found her frock she goes to church in; and Gus put it on, and Mary's bonnet too; and we went in the hall, and we tumbled down and tared Mary's frock, and made my nose bleed; and Gus said, "Oh, there's an earthquake," 'cause he couldn's stand up: and you should see how the house did go up and down-awful; and Gus and me laid down on the carpet, and the housekeeper picked me up and took me to my mother's room, and my mother said, "Oh, my! whatever have you been doing?" and I said, "Oh, Lord! drinked champagne out of Gus Rogers mother's bottle, in the glass that Mary brushes her teeth in." And the house-key arrays (Oh) my And the housekeepersays, 'Oh! my goodness gracious!' that child's as tight as a brick;'' and I said, "You bet; bully for you;" and I was awful sick, and I've forgot what

FOUTZ'S Horse and Cattle Powders, This preparation, long and favorably known, will thoroughly re-invigorate broken down and low-apirited horses; by strengthening and cleansing the stomach and intestines.

It is a sure preventive of all diseases incident to this animal, such as LUNG FEVER, GLANDERS, YELLOW WATER, HEAVES, COUGHS, DISTEMPER, FEVERS, FOUNDER, LOSS OF APPETITE AND VITAL ENERGY, &c. Its use improves the wind, increases the appetite-gives asmooth and glossy skip—and transforms the miserable skeleton into a fine-looking and spirited horse.

To keepers of Cows this preparation is invaluable. It is a sure pre
ventive against Rinderpest, Hollow
Horn, etc. It has been proven by
actual experiment to increase the
quantity of milk and cream twenty
per cent. and make the butter firm
and sweet. In fattening cattle, it
gives them an appetite, loosens their hide, and makes
them thrive much faster.

In all diseases of Swine, such as Coughs, Ulcers in the Lungs, Liver, &c., this article acts as a specific. By putting from one-half a paper to a paper in a barrel of swill the above diseases will be eradicated or entirely prevented. If given in time, a certain preventive and cure for the Hog Cholera.
