PROGRESS .- The M. E. Church building is progressing. The enclosure is nearly complete, the main tower is creeping upward and the inside work is progressing. . E. J. Purple's new brick house is up and enclosed. His enterprise deserves warm commen-

THE BAKERY .- Mr. Stevens, our enterprising and honest baker, is now producing fine article of pilot bread, in addition to common, French and Graham loaf, cakes, pies, &c. The pilot bread is a nice article for hunters and fishermen. Lunch, and more substantial meals, with coffee and tea, is served at the Bakery reshourant ut all seasonable hours. Also, ice-cream.

SWEAD'S PATENT. - Mr. E. A. Smead's patent Whifflorroo Hook is probably destined to supercede every other appliance of its kind. It applears to be pretty nearly perfection in its line. No more unhitching of tugs, and no more fumbany pattern. A Rochester firm is manufacturing the new hook, and Mr. Smead is unable to fill

it seldom or never failed.

IMPROVEMENTS. - Messrs. Forsyth and Karr are finishing off the front of Van Horn's new warehouse in plain and tasteful style. The brackets are very neat, and the butternut wainscotting under the windows will pleasingly contrast with the white trimmings.

Jacob Sticklin has got his new factory in working order, and the wheeze of his engine adds to the hum of business. . We hope Jacob may have a run of luck now.

AH. YES!-A Bradford county farmer writes to the Reporter to say that he milks nine cows, and from 539 pounds of milk made 201/pounds of butter. Very well; say that the butter sold for 40 cts

a pound; that would be \$8.10. Now, plenty of our farmers make from 539 pounds of milk 60 pounds of cheese, and sell it for 18 cents per pound. That amounts to \$10,80. And it dosts about half as much to make the cheese as it does to make the butter. Moral: Make cheese.

THE DAIRY .- We took a turn about the East Charleston Cheese Factory last week, Factory is operated by Mr. Elias Tipple this meted out to them. The present receipt of mills is about 6 500 lbs. of milk per day, and the cheese-make daily about 700 lbs. The factory is doing first-rate. somest lumber at his mill. There is Moore & Bacon's Wool Carding Machine, also, where good work is done and without tiresome delay. Messrs. Moore & Bacon are the new proprietors, and ought to draw a liberal patronage.

THE TEMPLARS' CELEBRATION. -The Templars colebration at Lawrenceville on the 2d, appears to have been the most considerable gathering on or about the Fourth, in this R. R. Company very kindly furnished transportation and half fare tickets along the line. The Maj. G. W. Merrick, whose remarks were listened to with marked attention. Good order prevailed throughout the day. Though each Lodge was expected to furnish its own rations, the Lawrenceville people provided a splendid repast for those who neglected to carry their rations along. The occasion is believed to have been very profitable to the cause of temperance.

NORMAL SCHOOL.—From the catalogue of the Mansfield State Normal School for 1868-1869, we gather the following statistics: Whole number of students taught, 337; or which number 225 were normal and 112 pupils in ly one half. model school. Forty-three took lessons in Instrumental Music, and 41 in Drawing and Paintng. The Graduating class numbered 19, and was pronounced by the Board of Examination equal to any class graduated in the State, and superior to most.

The resignation of Prof. Allen, tendered las february to take effect at the close of the term then current, was not accepted until June 4, following, at which time the following resolution was adopted:

Resolved, That we accept the resignation of Piol. F. A. Allen, tendered Feb. 18, and we ex-press that this formal acceptance has been delayed, with the anticipation that some arrangemen might be made to retain him as Principal of the school, and this, of itself, indicates our apprecia tion of his services.

The resignation of Prof. Allen necessitated the

reconstruction of the Board of Instruction and Government, as follows: J. T. STREIT, A. M., Principal. Charles H. Verrill, A. M., acting Principal,

Professor of mental and moral Philosophy, and theory and practice of teaching. 4. D. Watson, A. B., Professor of Latin, Greek, and English Grammar. Henry W. Jones, B. S., Prof. of Mathematics.

Please allow me to say further through your paper that I fepl very thankful to the Great Head of the Church for Divine blessings during our Camp. Meeting. And I thank the good citizens attending the meeting, and those residing in the vicinity, for their interest that we might penceau and Satins for Trimmings at what annoyed by the "whisky ring," and I fear by that means many who came to be benefited by the meeting, were discouraged. I hope next year all who come to our Camp. meeting will come.

RELIGIOUS.—The Baptist Churches in the Tioga Association are hereby notified and requested to complete the collections of the Building Fund subscriptions for 1868-'09, so that the whole sum may be paid-over at the Annual Association in August next. Pastors or Clerks of the whole such as the had given me encouragement. Most of the Christian people who attended were greatly profited. I think they will go to their homes with increased Spiritual power; and will make, the measurement of the control of t their respective collections, so that the whole amount subscribed may be paid over on or before August next, to P. C. VAN GELDER, Treas.

SHIPPEN LOCAL.—I see you are remarking of local improvements in different townships and have neglected Shippen. Supervisor Butler is making a very fine road through the center of the settlement on Middle Ridge. If the people would move their fences and give him a chance, he would get on faster. Charles Morrow, has put up a substantial stone fence along his farm, and Delos Taylor is building a fine barn.

ST. LUKE'S CHURCH, BLOSSBURG. S" sends us the following interesting report: "The presentation of the offerings of the chillren of St. Luke's Sunday School at Blossburg, on Sunday evening, Juno 27, was an occasion of interest to all lovors of children and Sunday

The ladies of the church had very tastefully decorated the chancel and its surroundings with flowers, which gave a pleasing effect. The services opened by prayers from the Sunday School service, after which came the presentation of offerings. Each class had its name with a scripture text, a question from some of the reset of text, a quotation from some of the poets and an appropriate emblem. The infant class were the "Lambs of the Flock." Emblem—Lambs resting" No more unhitching of tugs, and no more tume-ling with cold fingers to hitch up with tugs of on a bed of moss. Among the other names were "Our Bishop Stevens' Class." of Mainsburg, writes us that a good many cows are dying from fever after coming-in, in that propriate name. Each emblem represented some appropriate name. Each emblem represented some important truth. are dying from fever after coming-in, in that neighborhood. This is owing to the dampness of the weather, doubtless. The remedy is to give your cows a clean, dry place to lie in for a week after calving. Better to cut grass and feed them under shelter, than to let them run out exposed to the variable weather. That used to be the remedy when we took care of the cows, and it seldom or never failed.

pretty conceit or illustrated some important truth. One from each class was appointed to carry this emblem and offering to the Rector and Superintendent, the Rev. M. L. Kern, who placed them on the altar. After the offerings were presented, the children sang several pieces. The Creed and Commandments, with a few other like recitations were beautifully delivered by some of the little ones. The singing of the children under the supervision of Mr. T. W. The services closed with the Gloria in Excelsis and Benediction.

The exercise and Benediction.

The exercise encouraged and gratified the children, and also afforded much pleasure to the older ones. We intend to have like exercises each year at this time. This season was chosen for our anniversary because flowers are more abundant with us at Blossburg than at Easter and Whitsuntide, for we have to have Floral decorations at children's festivals. Flowers and children associate so naturally in our minds." S.

MANSFIELD LOCAL.-P. M. Clark is uilding a new walk in front of his property o Ackdemy Street. The furnace went out of blast the 29th ult. owing to danger done by the chill. Prof. II. S. Webster has gone west. 'He proved imself an able instructor while connected with the State Normal School, and bears away with him the best wishes of his many friends.

J. W. Adams, Esq., has returned to Mansfield. Lawrenceville must be a peaceful community so far as as the law "biz" is concerned. The work of putting the Normal building in a complete state of repairs is going forward rapidly, and the accommodations are to be somewhat increased. All communications should be addressed to Prof. C. H. Verril.

The Camp-meeting near Mainsburg closed on the 30th ult. The parties who run the half-way concern near the Powers School House have been put under bonds for selling liquor, and otherwise violating the laws of the State; it is to be hand that the full measure of incites will be and found its operators as busy as bees. The hoped that the full measure of justice will be Office seekers are getting thick and the ga grows interesting.

For the benefit of my friend " H," of Bloss, East Charleston is improving healthily. Its farms never presented a finer appearance than they do to day. Progress is everywhere visible. Avery is manufacturing some of the very handcontroversy. I did not see what his last commu-nication had to do with Conventions, but prehaps he has forgotten the question at issue. The County Committee seem to have overlooked his powerful arguments, for which I am truly sorry, as the principle involved was in the main right, and much to be preferred to that now in use.

ACCIDENTAL

TIOGA LOCAL.-We are called upon to mourn the loss of a worthy citizen. Maj. Vine Depui is dead. His funeral was attended county. The crowd at Lawrenceville numbered from 1000 to 1200, the several Lodges in the county, save two, being well represented. The services were held at the house, conducted by Rev. C. Otis Thatcher. Mr. Depui was wel tation and half fare tickets along the line. The known through the surrounding country, and his meeting was addressed by G. W. C. T. Chase and Mai, G. W. Merriek, whose remarks were listened and friends. He leaves a wife and seven children, all of whom were present at the funeral. Master John Hyde met with a sad accident on Saturday last. He had been riding horse to wlow corn for Hiram Calkins, and was going from the field to the barn, when the horse took fright, threw John on one side, with one leg fast in the belly-hand. Thus he was dragged un-

der the horse's heels in a horrible manner, until the strap gave way. He was picked up by Mr. Calkins, badly bruised, nearly naked and ap-parently diffeless. A Doctor was at once summoned and the lad is now improving. Johnston & Lowell, tanners, are slacking up a little with "biz" during the warm months.— They have reduced their corps of workmen near-

MAINSBURG LOCAL. - The Campmeeting is over; It was well attended, and no doubt the effort will have a healthy influence upon the cause of religion in the future, besides the direct benefits for at the present time.— There was some disturbance occasioned by bad whiskey upon unwise boys. Oh, that men should put wine into their mouths to steal away heir brains!

Several improvements are being made in the horough. Mr. Shaw has built new fences in front of his buildings, and painted his house. Mr. A. A. Rumsey laid an excellent stone walk in front of his house, and Mr. B. Parkhust has laid one in front of his store. That walk will last gentlemen to wear out more boots than Mr. Charles O. To the Owners of Unpatented Lands. SURVEYOR GENERAL'S OFFICE,)

HARRISBURG, PA., May 25, 1869. In obedience to an Act of Assembly, approved the eighth day of April, one thousand eight hundred and sixty nine, you are hereby notified that the "County Land Lien Docket," containing the list of unpatented lands for Tioga Co., prepared under the Act of Assembly of the twentieth of May, one thousand eight hundred and sixty formed the appropriate the transfer of the supplement the state of the state of the supplement the state of the and sixty-four, and the supplement thereto, has this day been forwarded to the Prothenotary of the county, at whose office it may be examined. The liens can only be liquidated by the payment of the purchase money, interest and fees, and receiving patents through this Department.— Proceedings by the Attorney General have been stayed for one year from this date, in order that parties may obtain their patents without additional cost.

JACOB M. CAMPBELL,

THAGA WHEEL RAKE

THE undersigned, a practical farmer, is offering this implement to the farming public with perfect confidence in its superiority to any other rake in use. The teeth are oil-tempered spring steel and fully warranted not to break with fair usage. By an ingenious arrangement the loaded rake is easily discharged by a foottreadle and hand lever, and the pressure of the treads and hand lever, and the pressure of the teeth upon the ground can be exactly gauged by the foot. Every tooth is independent of every other tooth, and the head being movable the rake adapts itself to every inequality of the ground. It rakes clean, is simple, strong and lasting. To try it is to buy it.

I teler the public to the following persons who nave the rake in use:
R. Toles, Chatham; Chancy Ackley, Clymer; E. H. Stebbins, Clymer; J. W. Davis, Brookfield; Isnac Thompson, Kelsey Erway, Harrison Valley, Potter County.

Par Orders for this Rake may be addressed to
