Four Applications for Church Charters. DEFERRED. - Several communications and various Gossip are deferred for want

of space. S. of T. - Wellsborough Division meets this (Wednesday) evening, to install officers. Let all attend.

TO JURYMEN. - Sheriff Potter requests us to notify all jurors drawn for August Term that they must positively be present. All absentees will be fined by the Court.

VAN HORN'S new! Wareroom is finished with much taste. If anybody doubts the superiority of native woods, oil finish, let him go and see the ash staircase railing put up by Messis. Forsyth & Kurr. It is rich, and substantial.

NEW POTATO.-We have a handsome new potatoe of the China-Pink-eye variety, weighing 11 ounces, and measuring 11X9 inches. It was raised by Mr. Robert Crossley on the farm of Dr. J. P. Morris, near Mansfield. The seed was sprouted in a hot-bed and the sets transplanted about May 15. This potate was dug rine weeks later. The China-Pink eye is a very handsgame potato, and we should not object to planting a few next season.

FARM FENCE. - Messrs. Coolidge & Rollins are now exhibiting their new portable tence in this village. It is simple in Construc tion, cheap, and more convenient than any fence of its kind that we have seen. The farmer can best judge of its practical value, of course; and we odvise farmers to examine it. For portable stopping at D. D. Holiday's.

THE ECLIPSE.—On Saturday, 7th inst., at about 4:50 afternoon, the people of Tioga county will witness the most extensive eclipse of the sun by the moon's shadow that will occur during the present century. The line of total eclipse lies about 600 miles to the southwest of this point crossing the United States from north. west to southwest. FRIGHTFUL CASUALTY!-Mr. F. M. Spencer writes us from Mansfield concerning the horrible fate of Mr. Rudolph Pool, who was in stantly killed at Bailey's Mills in that village, July 29th ult. Mr. Pool was a German Jew, but lately arrived in this country. He was temporarily at work at Baileys' Mills by courtesy of the Tioga Iron Works Company in whose employ he war. While assisting in taking the lumber from the saw, one of the proprietors saw that Pool was about to pass a scantling over the saw and erdeavoied to stop him. Unfortunately it was too late. The saw, a large encular, caught the scantling and diew the poor fellow down upon it. and in a record of time literally tore him in shreds. Both arms and the head were not only

cut off but reduced to minute shreds. The remains were taken to Ehnira Ly Messis. Latz and Bailey, and lett with the Hebrew soci ety of that city for interment. So blame attachef to the proprietors of the mills; but inexperiexced persons ought never to work around a cir-

The gentleman alluded to is said to have been vaptain of a band of screnadors which made italf useful in disturbing the repose of the newlymatried. Having taken to himself a wife, the old band held a meeting and agreed to honor its old leader with a screnade. The latter got wind of it, and bearing in mind how much more blessed it is to give than it is to receive, fled secivily away. The band wanted until next evening, when the groom and bride again took wings and flew away. This time, however, the band was up to the game, and on horseback pursued the fagitive. Just when the happy couple thought themselves seeme from disturbance, the band temerged from a sate retreat and sounded the charge. The fugitives were surrounded and escarted onward amid the din of horns, bells, and musketry. The groom is reported to have brandnhed a gun and threatened to shoot, but happily

there was no shooting. The affair was at last compromised with a liberal treat of eider, and the band dispersed with three cheers tor the musket and three for cayendo pepper. in, we suppose, it is now proved that " what i sare for the goose is not once for the gamber. We hope there is an chil of it.

Wellsboro, Jan. 8, 1869, 1y. THE AMERICAN COOKING STOVE.— Having been so eminently successful at the New York State Fairs for the past six years, having been brought in competition with all the best stoves in the country, and having each and every year taken the first premium, and some years two, and having gained a world-wide rep-utation, a record of which any one may be justly proud, we would now announce for the con-solution of these who much have a solution of these who much have repeatedly failed in competing with it, and have been so sorely chagrined at their numerous and repeated defeats, that this stove is not entered only for exhibition, that its thousands of friends and admirers may have the opportunity of examining its various improvements.—Rochester
