The Democracy are greatly shocked that Gen. Grant should go to Long Branch while American citizens languish in foreign dungeons. It is a shame, though we don't see why American citizens should suffer more when Grant is at Long Branch. We notice that the editor of the Corning Democrat has lately been a "gallivanting" about for pleasure while his neighbor Smith lay sick with colic from eatmont, Broderick, and others, to keep the curse of human slavery from the ing too much cucumber. We request readers to make a note of this affirmation, because it is made in view of the fact that such is the bargain between the managers of this little affair; and as palpable evidence of that fact we submit this other and incontrovertible fact, that—

> Every Republican should at once see if he is assessed and registered. The new law requires every man who intends to vote in October to be registered by the Assessor before the second day of October. But the right way is to see to it to-day. See the Assessor of your election district at once, and if you are not down on his books, request him to put down your name, your residence, and your occupation. If an adopted citizen, and not a voter for tive years in that district, you must exhibit your papers to the Assessor. Active Republicans should see to it that all are registered, but the better way is for every voter to attend to his own case first.

We suppose that it is understood that the township and borough officers for ferent from all other prepara-1870 are to be elected on the second Tuesday of next October. Such is the fact.

We cannot break over our rules and permit a discussion of the criminal cases about to be adjudicated by our courts in these columns. We have studiously Asa Packer was nominated because he both parties touching the case in Oyer was immensely rich; and Gen. In Kansas in a stormy time, or the leader the case alluded to it will be difficult of an army against the Southern wing enough to impanel a jury at the best; to bruit the numerous allegations abroad would be to render it next to impossible to impanel any jury at all, unless it were done by taking men ignorant of everything. We do not intend to bias public opinion as regards any case to be tried at the approaching term. There is no necesity for sounding any warning to secure' life or property, and therefore to publish rumors

The Crawford County system of nominations prevails with the Lancaster County Republicans. Under that sysrectly for the candidates they wish nominated, and those receiving the highest number of votes for the respective places to be filled are declared nominated. In the last Examiner, however, we observe that Martin S. Fry, officeseeker would run against the ticket after having publicly pledged himself to abide by the decision of the primary elections?

Last year, by fraud, and by intestine divisions among Republicans, the City of Philadelphia was handed over to the Bill McMullen Democracy.
