MORRIS RUN.-The temper of our pitizens was considerably ruffled, on hearing that some of those county speculators in search of a new county, were intending to take a slice of our county. Now to such proposals we say emphatically: No gentlemen. We would advise those ambitious gentlemen to go to Montana or some other Territory where their ambitious desires would be gratified to their full extent, by having a whole county to themselves. We do not wish you to try your surgical knife on our county. Our citizens are a unit on that point. The arrival on the 22d of January of a special

Fellows, announced to the citizens that the Odd Fellows were about to organize a new Lodge here. This was done by the District Deputy Grand Master, J. M. Butler, a gentleman every way qualified to fill the important position to which he has been called.

After the Lodge was duly organized, and the officers installed, the members and invited guests betook themselves to the Hamilton House, where the Cuivine department had been in operation, superintended by the proprietor, Mr. Stephen Bowen, who spared no pains to make his guests comfortable. Dishes of those delicious bivalves and other delicacies of the season were found on his tables, to which the guests did ample justice. Thanks are due to Mr. Bowen for the generous and courteous manner in which he entertained his guests: After supper and the usual courtesies among the members, the company broke uphighly pleased with the entertainment.

Business has started up here. Mining operations have commenced; and the company are putting out a large stock of coal this winter-Considerable disuppointment is felt here, at not naving the usual amount of snow to got in the umber, as the lumber is indispensable in carryng on the work in the summer season. But Dame Noture will have her freaks some

LIBERTY.—Since my last communiation, I have gathered the following items for your paper. The citizens of our community, ave raised a sufficient amount of money to send o New York, for a set of brass instruments, for he use of a brass band organization in our village. The instruments arrived at our place the them to be first class. Mr. A. Fieldhouse, an old experienced band teacher, has been employed as their instructor, the members of the band have met several times for instruction, and their teacher is well pleased with their engorness to learn. He says if they continue to manifest such a strong desire to learn, it will be but a short time until they will be masters of their instruments, and teacher is well pleased with their engerness to learn' will be able to discourse music for any occasion. Miss Ada Bush, of Wellsboro, is now in our rillage for the purpose of instructing a class to play the Cabinet Organ. I have been told she has met with good success in getting up a class,. I hope she may succeed in improving the musical talent of the young people in our village for good

On the evening of the 20th inst., according to previous notice given by the committee, there was grand festival held in the basement of the M. E. Church, for the purpose of raising funds to pay off a balance remaining unpaid, on the Church Bell that was bought early in the fall .--It was well attended; and to the gratification of the committee, the proceeds of the effort, amounted to over fifty dollars in cash, which enabled the committee to liquidate the debt of the boll
