CONCERT.-Prof. J. G. Towner & Son. the celebrated vocalists, will give their second concert in the Court House, Tuesday evening March 8tb.

Considerable space is taken up this week with a history of Covington Lodge of I. O. of O. F. We think it is a matter of interest to many of our readers, and it will not be found uninteresting to any who desire a knowledge of the

NEW PAPER.-We have received the first number of Valley Enterprice a new paper published at Lawrenceville in this county. Mr. H. C. Mills is editor and proprietor. It is a six pearance, for a paper in leading strings. Success to the Enterprise.

W. & L. R. R.—In another column is of April, to contract for 12 miles of the Wellsboro and Lawrenceville Railroad. The remainder of the route will be let later in the season. This, looks like business, and we trust, that everybody. now, will-thook out for the cars while the bell

man, Sr., of Delmar, died very suddenly on Frifloor entirely senseless. He lived about four hours after being found. The funeral took place at the Delmar Baptist church on Sunday last and was attended by a large concourse of people. The remains were interred in the Delmar come-

Miss Susan R. Preston, of State Normal School Mansfield, before this Society on Thursday evening of last week, attracted a large audience, pensed the usual libations. When she made her appearance, there was not a s good voice, only wanting in volume, perhaps, for such an audience, in such a room. We found it somewhat difficult to hear where we sat, particularly while some illmannered boys (we think they must have been boys) were disturbing the whole audience early in the evening.

DONATION .- The gathering at the M. E. Church in this village, Wednesday evening last-a donation for Rev. O. L. Gibson-was a n agreeable party of the old and young, who made . the evening a pleasant pastime. The lecture room served for kitchen and dining room, while the young folks made merry in the rooms up stairs. The "boys and girls," we mean. The of fashion? We guess, as long as there shall be should they? These old tunes, and the same child-like way of singing them, melt away the ice of years, when we come within reach of the merry sound, and translate the soul to our own childhood, fresh, pure, sweet with the fragrance of new life. Let them have their day: They cannot be boys and girls too long. The contributions in cash amounted to some

LA FAYETTE COLLEGE.-We are indebted to Mr. John F. Pollock, of Fall Brook, for a catalogue of the officers and students of this college for 1869-70. Mr. Pollock is among the Juniors. There are 180 pupils in attendance. Besides a regular classical course, the Trustees have established a Scientific Depart ment, embracing a general scientific course and a technical course. The latter department was organized in 1866, to carry into effect the conditions of a donation of \$200,000 by A. Pardce, Esq., of Hazleton, Pa., and bears his name .-Other donations have increased this fund to a half million dollars. This we believe will add greatly to the usefulness and success of the col-

TEMPERANCE CONVENTION .- There was quite a large attendance of the Good Templars of the county, at the County Convention' held in this place, on Thursday and Friday of of last week. We listened to the lecture of Mr. Chase, at the Court House Friday evening, and are pleased to find that this great temperance organization has so good a man at the helm .-His lecture was informal, but full of facts and suggestions worthy of consideration by all. We shall give a report of the proceedings next

PERSONAL.-Mr. Morgan Sherwood, formerly a resident of this place, is visiting his friends in this village. - Leroy Tabor, Esq., has returned from his

trip South, well pleased with the country, and the sentiment of the greater part of the people. - Rev. J. P. Calkins, of this place, has gone South for the improvement of his health. He intends to travel through Georgia and Florida, we believe. His health, for some time past, has been poor, and we are glad he is allowed this repite. The best wishes of many friends follow him. Dr. J. D. Mitchell will supply his place during his absence.

-Maj. A. E. Niles, U. S. A., is home on leave. He was stationed in Mississippi until that State was re-admitted, when there was no longer need of the military. He is looking quite well; and his many old friends here, who admire his solderly qualities and patriotic sacrifices during

JACKSON.—Our correspondent writes that the lumbermen have got in larger stocks than usual. The sleighing has enlivened business, the faces of business men even a more cheerful look, and since the snow came, there seems a prospect of better times. The bank in

west Jackson is mostly out of the woods. There are many sick, principally with diseases of the lungs. Dr. Voorbes has built a house, which adds much to the improvement of the place; but of late there has been so much sickness, that he has not had time to rest, night nor

success of the lumbermen; for, if they do well, money is circulated among our citizens, and consequently the merchant and mechanic have a question is: When will the old "plays" go out fair prospect of doing a good business. Feb. 28, 1870, Mr. John Levergood, after a confinement to his bed for six months, departed this life, aged 69 years and 10 months. He was born in Williamsport, Pa., and. with his father's family, came to Liberty township in the year 1814. He has been a constant resident of the township until the time of his death. We feel sad that another one, and nearly the last one, of our first ettlers has been taken from our midst. We shall ever cherish him in memory, as having been a good citizen, an obliging neighbor, and a very

TROY.—It seems as if we were going to have no end of snow this winter,-or Spring I suppose it now is-for soon as the snow begins to melt, the weather gets a little cold and "more snow falls. There has been considerable cold weather and the pends are glaring with ice, and for several days the past week, our idemen have been busily hauling ice. The skatists have also improved the opportunity, and I should judge have enjoyed themselves very much.

A Musical Convention is to be held in Long's

Hall in this place, March 22, continuing four days. It is to be under the management of Prof. C. E. Gladding.

The Troy Union Graded School ander the flicient management of Prof. Hutton and his able assistants, is flourishing finely, with upwards of two hundred schollars. The school will hold a grand exhibition in Long's Hall on Friday even ing, March 18th. The exercises will consist o

recitations—original and selected—vocal and instrumental music, &c. The admission will be 25 cents: to be devoted to the purchase of an organ for the school. On Tuesday evening last, a very attentive au-dience were assembled in the Presbyterian Church listening to an able and effective lecture by Marriott Brosius Esq., of Lancaster, Pa., State. lecturer for I. O. of G. T. of this State. Mr. Brosius will also lecture through the county during this month.

The County Commissioners have engaged the Methodist Church for the purpose of holding the firs term of Court, which will be held on Monday, March 28th, and is to continue one week. The bill for a new Judge, passed both Houses of the Legislature on Tuesday, and was duly signed. P. D. Marrow, Esq., of Towarda, was appointed Judge. Miss M. J. Upham, of Towanda, has secured

rooms, over Mitchell Herrick & Co's store where she will take in all kinds of dressmaking. She comes highly spoken of. March 3, 1870.

citating proporties stimulate the vital action of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purgo out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural actions, and impart tone and strength to the whole system. Not only do they cure the every day complaints of overybody, but formidable and dangerous disease. While they produce powerful effects, they are at the same time, in diminished doses, the safest and heat physic that can be employed for children. Being sugar-ccated, they are pleasant to take; and, being purely vegetable, are entirely harmless. Cures have been made that would surpass belief, were they not substantiated by men of such exalted character, as to forbid the suspicion of untruth. Many eminent clercymen and physicians certify to the public the reliability of our remedies, while others have sent us the assurance of their conviction that our Preparations contribute immensely to the relief of our afflicted fellow men.
