The Singer

SEWING MACHINE

FIGURES, FACTS AND FANCIES The Singer manufacturing company in 1869 given below, are from sworn returns (to which any one can have access) made to the receiver, appointed by the owners of valuable sewing machine patents, who license most of the compa-

nies of lesser importance.

In 1869 the Singer Manufacturing Company Sold over the Leavitt S. M. Co., \$6,010 machines. Sold over the Parham "85,640" Sold over the Ætna Sold over the Empire Sold over the Empire 73,120
Sold over the Florence 73,120
Sold over the Weed 67,994
Sole over the Howe 41,781
Sold over the Wheeler & Wilson, 7,915

Sold over the Grover & Baker, 51,593 Sold over the Finkle & Lyon, 85,442 "
Sold over the Willox & Gibbs, 69,580 "
Sold over the American B. II., 78,989 "
It is a fact, and the figures show it, that the sales of 1809 far exceed those of our rivals in rade. It is also a fact, that we sold last year over FORTY THOUSAND more machines than

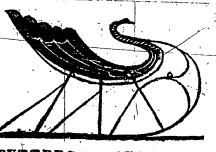

we did two years ago. It is also another fact, that these increased sales are owing to the great and growing popularity of our New Family Sewing Machine. It is still another fact, that ninety of every hundred machines made and sold by us are for FAMILY use But the strangest fact of all is, that some dealers, knowing it would be vain to attack the reputation of our manufacturing machine, and who are free to admit all that can be said in their favor, thus hoping to secure the buyer's confidence, have the boldness to say that we have no family sewing machine, whereas our new machine for that were machine, whereas our new machine for that purpose is capable of a range and variety of exquisite sewing, which amazes even those who are familiar with the best work of other family ma

chines.

Now it is mere fancy to suppose, in the face of the above figures and facts, that such sayings as the one spoken of can have any weight. In-stead of giving car to such fancies, most people, before buying, (whatever may be claimed about Paris Exhibitions—or Fairs, where we seldem exhibit machines,) examine and Jadge for themselves, and because in doing so they find our New Family Sewing Machine as superior to othfr family sewing machines as our manufacturing machines, are for their purposes. The true world's Fair, held in every city, hamlet and home, has awarded us the premium of the high-

estrales.

These machines are left on trial. We ask no one to buy, unless perfectly satisfied that the machine is all it is represented. E. W. HOGABOOM. Gen'l Agent for Tioga county.
