We have not heard of any attempt being made lately by the advocates of the new county movement. It has been rumored, however, that in some sections of the territory of the proposed new county, they have for some time past been very industriously engaged in circulating petitions for to secure the names of a majority of the inhabitants. If such is the case, we may perhaps some morning wake up within the bounds of the county of Minnequa. We know not what a day may bring forth. Perhaps we are destined to be healed of our maladies, by drinking of and bathing in the healing streams of Minnequa springs.
