Ageuts for Fine Old Whiskies, CYRUS D. SILL, CORNING, N. Y. May 17, 1871.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY on FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical Hair Dressing ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the Best Preparation for its intended purposes." or sexual extravagance.

The celebrated author, in this admirable Treatise, clearly demonstrates, from a forty years'
successful practice, that the slarming consequence of self-abuse may be radically cured;
pointing out a mode of cure at once simple, certain, and effectual, by means of which every
sufferer, no matter what his condition may be,
can be effectually cured, cheaply, privately, and
radically.

This Book should be in the hands of evory youth, and every man in the land.
