THE AGITATOR FOR 1872.

Correnders will be interested by the announcement that certain changes in the conduct and management of The Agrigior establishment will take place on the first of January next. At that time, A. F. Barnés, Rsq., of Bath, N. custor-and joint proprietor of the jourund, in connection with the undersigned Mr Barnes is not without experience in newspaper management; and we trust his arduous labors will be fully appreciated by our numerous readers. We shall, as heretofore, have charge of the mechanical and business departments of the office, and render some service in the editorial line. It will be the constant endeavor of the new firm to make the lature of The Agitator worthy of its past, and to deserve a continusing of the generous support the jour-Lal now receives in Tioga county.

The Auttator will enter upon the linw Year with a new dress of clearcut type, and its make up will be so ! changed as to tender its columns more attractive to all. These material improvements will, it is hoped, enable us to give more reading matter, and at the hame time better accommodate our growing advertising patronage.

We ask our friends to assist us in extending our patronage. If each one will speak "a word in season" to some neighbor, our hands will be thereby strengthened to make other improvements in our paper. Whatever the eftests of our friends in this behalf, we turn to describe them all. We intend The Agitator top 1872 shall be a sound many times is cost to the reader. P. C. VAN GELDER.

If meney is omnipotent, then may this man and his militons be almost so regarded. But can Bribery buy off the trusted representatives of outraged Justice who are now pressing this Gang of Thieves to disgorge the people's money?

We shall see what we shall see. Let us await the end in hope,—hope for the punishment of the wicked and the universal ascendency of right principles.
